

Mrs. Granville Clifton Entertains Shumias

The members of the Shumia Club were delightfully entertained at the home of Mrs. G. N. Clifton Saturday afternoon. By courtesy of the hostess, the public school teachers were guests of honor.

Henrik Ibsen, his plays and problems were discussed during the afternoon. Miss Conway gave her ideas of Ibsen, the Man, in a very entertaining manner.

Mrs. Robert E. Gray gave a most excellent review of "Brand," Ibsen's sermon on the human will.

A short sketch of Ibsen's "Doll House," a drama dealing with the woman question, was given by Mrs. M. E. Brink.

The business part of the meeting was postponed and the rest of the time was spent in social enjoyment.

At the close of the afternoon, the hostess, assisted by Mrs. Warren Crooks, Mrs. Gray and Miss Brink, served a most excellent luncheon which was thoroughly enjoyed by all.

Candidates for the Reform School.

Troubles in school district No. 63, known as the Lone Pine district, was brought to the attention of the juvenile court Monday with the result that Judge Springer committed two boys to the reform school. Charles Avery, who has no parents here, was sent and Rufus Malkson was committed and left in the custody of his father, G. H. Malkson, during good behavior.

Death of Mrs. Hoffman.

Theresa M. Bundy, the only daughter of Mr. and Mrs. E. J. Bundy, was born in Carthage, Ind., Oct. 6, 1895. She moved to Prineville with her parents in 1910, where she attended Crook County High School and was graduated with her class in 1913. Since the tender years she has been a believer in the Savior of men.

She was married June 7, 1914, to Aaron Hoffman at the home of her parents near Prineville, and died in this city January 9, 1915, aged 19 years, 3 months, 3 days.

She was an accomplished young woman with an unblemished character. She leaves a husband, father, mother, brother and a large number of relatives and friends in whose life her departure leaves a vacancy which cannot be filled. Heaven will be richer but earth less fair because she was called away.

"To die is landing on some quiet shore,
Where billows never break nor tempests roar;
Ere well we feel the friendly stroke,
'Tis o'er."
—Garth.

Died

Mrs. Bessie Harvey, wife of J. Roy Harvey, died at the family home in Portland Saturday of pneumonia after an illness of but 36 hours.

Mrs. Harvey, who was well known here, had suffered for six years from a complication of ailments, but had entirely recovered and for the past two years had been enjoying good health. She was 34 years of age. The body was shipped to Eugene Monday for burial.

J. Roy Harvey was forest supervisor at Bend for some time but was transferred to Portland because of his wife's illness about two years ago. He holds an important place with the forest service.

Besides the husband, she leaves two little girls—one 6 and the other 12 years of age.

CONSUMPTION TAKES 350 PEOPLE DAILY

Over 350 people succumb to consumption every day in the United States. Science proves that the germs only thrive when the system is weakened from colds or sickness, overwork, confining duties or when general weakness exists.

The best physicians point out that during changing seasons the blood should be made rich and pure and active by taking Scott's Emulsion after meals. The cod liver oil in Scott's Emulsion warms the body by enriching the blood; it peculiarly strengthens the lungs and throat, while it upbuilds the resistive forces of the body to avoid colds and prevent consumption.

If you work indoors, tire easily, feel languid or nervous, Scott's Emulsion is the most strengthening food-medicine known. It is totally free from alcohol or any stupefying drug. Avoid substitutes.

Parent-Teachers Hold Regular Meeting

The Parent-Teachers held their regular monthly meeting last Friday afternoon.

The beautiful "Boat Song" by Miss Williams and Mrs. Lake M. Fechtell was much appreciated.

"The Social Side of School Life" was introduced by Mrs. Shipp who gave several good suggestions pertaining to the school as a social center. This was further discussed by Miss Allen, Supt. Myers and others. Mrs. Edwards suggested that each room have a social afternoon occasionally, allowing the pupils to assume the greater part of the responsibility.

Mrs. Calbreath favored the meeting with a solo.

Supt. Myers spoke on some of the bills pertaining to schools that were to be brought before this session of the legislature.

A bill regulating entrance of pupils into first grade, a new system of apportionment of the school funds and a central board to select teachers for districts of the third class were all explained by Mr. Myers.

The subject of consolidating adjacent school districts with central schools received special attention and several tentative plans were suggested for Prineville and adjacent districts. This subject is to be taken up at the next meeting.

Pioneer Telephone Improving Its Service

The local office of the Pioneer Telephone Company was connected by a direct copper wire metallic circuit with The Dalles and Portland yesterday. The new service will be open for public use at an early date, probably on Monday. Rates will be unchanged at present but Manager Pope says there may be a reduction in the spring.

The rates are 75c for the first minute and 35c for each additional minute of conversation. The service will be as nearly perfect as can be. No. 12 copper wire was used in the new line. The new lines come up the Oregon Trunk right-of-way and will discontinue the old service through Shaniko which has been very unsatisfactory at times.
