

C. C. H. S. Notes.

Elma Noble, editor, Audrey Noble, assistant.

Monday morning the beginning of the new semester was a pleasant morning in Crook County High. The Girls Glee Club gave three well chosen selections during the assembly period. The first period was spent in short talks from the debaters, Basket Ball players and members of the faculty. We were very glad to see a few of our patrons out to enjoy the occasion with us.

Orville Yancey, Stacy Smith, Beatrice Johnson, Fredric Rice, Hobart Belknap and Letha Everett are much respected personages around high school. Those five points they won for us in debating at Wasco and Prineville have helped to spread the fame of our school.

A week from Friday night the Boys and Girls Glee Clubs are going to give an entertainment at the Lyric. This will be a most enjoyable evening. There will be songs from the two clubs the High School orchestra, duets and solos.

After the debate Friday night, The Dalles debaters, the C. C. H. S. debaters, faculty and judges enjoyed a banquet at the Prineville Hotel.

Hobert Belknap is spending this week in Portland visiting his brother Horace.

Gus, the janitor, has been very industrious putting more desks in the assembly hall for the new students. Of the ten new students those taking the Normal course are Bessie Pancake, Gladys Pauls, Tressie Houston, Elizabeth Evans, Fay Busset and Ruth Dishman. Those taking the Commercial are Dessel Johnson, Oren Noble, George Stearns and Adrian Yancey.

Martha Horgan left Saturday morning for The Dalles where she will spend the remainder of the school year.

Mr. Lafer has been a frequent visitor at high school lately. He is taking pictures for an annual which will be on sale in the spring to students and patrons.

At a Senior meeting held Monday evening Harry Stearns was elected class president, Rei Powell vice-president and Mabel Slayton secretary.

The boys held a meeting last week to decide on officers for management of the track meet this spring. Norris Bixby was elected manager and Harry Farnsworth captain.

The Basket Ball had very little opposition in the game with Madras last Friday evening. The eighteen points which Madras made were made by Galloway one of the town players, and not a high school student. The final score was 68 to 18 in favor of C. C. H. S.

The game Saturday evening was one that caused considerable amusement. The C. C. H. S. were able to make baskets almost at will from the Redmond town team. The last few minutes James King was put in at forward and Earnest Russell at center. These two boys being, in size, the Mutt and Jeff of the team caused considerable laughter.

Next Saturday evening the C. C. H. S. vs. the Lamonta team. This no doubt will be a very close game as the Lamonta team is made up of some of the old H. S. stars. The Lamonta line up is as follows: Pearl Wiegand, center; Roy McCallister, forward; Elmer Mitchell, forward; Norman Wiegand, guard; Lewis Mitchell, guard; Bruce McMeen and Jesse Melton subs.

TOO MANY CHILDREN

are under-size, under-weight with pinched faces and poor blood; they do not complain but appetite lags, they have no ambition and do not progress.

Such children need the rich medicinal nourishment in **Scott's Emulsion** above everything else; its pure cod liver oil contains nature's own blood-forming, flesh-building fats which quickly show in rosy cheeks, better appetite, firm flesh and sturdy frames.

If your children are languid, tired when rising, catch cold easily or find their studies difficult, give them **Scott's Emulsion**; it supplies the very food elements that their systems lack.

Scott's Emulsion contains no alcohol and is so good for growing children it's a pity to keep it from them.

14-47 Scott & Bowne, Bloomfield, N. J.

Tuesday morning. He is an old student and is now a Junior. We are very glad to have "Stub" back again.

In the Normal department work is progressing steadily. A new class was organized in History of Education and one in psychology. Model classes are formed each day for practice teaching in the advanced subjects. The Senior girls have completed their observation work and have begun the required review of the grammar school subjects. They are doing more work than the school law requires in the way of elementary training but the price of their extra efforts will be efficiency.

Superintendent Shouse of Bend, was a high school visitor Friday. Mr. Shouse is a thorough educator and the Normal girls are planning to have him give them some suggestions on teaching during the spring session as they feel he is qualified by experience to give them valuable help.

Abbie Wilson a former student has started to school. She is taking Normal course.

Mr. Pratt (in chemistry class)—"Ernest Russell, tell me how to make hydrochloric acid?"

Ernest—"Two grams of—dog-gone if I know."
