Jefferson County Case Set for Feb. 16

Illinois Sheriff Comes to Oregon for Prisoner

L. H. Weaver, sheriff of Wayne county, Illinois, was in Prineville over Sunday. Mr. Weaver came after O. A. Myers who was arrested in Bend by Sheriff Knox on a charge of forgery forwarded here from his former Illinois home.

Following the arrest of Myers, every effort was made to obtain his freedom by his attorneys, Wallace and Forbes. The wires were kept hot between our sheriff's office and Mr. Weaver en route, with the result that Mr. Weaver arrived in the governor's office in Salem in the nick of time to prevent an order being issued freeing Myers. Instead of such an order, Governor Withycombe signed extradition papers for Mr. Weaver for Myers.

Mr. Weaver, Sheriff Knox and District Attorney Wirtz, whose combined efforts made the arrest of Myers and his successful start to Illinois possible, feel that they have done a good piece of work and all who are acquainted with the facts in the case think so too.

Mr. Weaver will have traveled nearly 6000 miles before he returns to his home town.

Myers forged papers for some \$1500 and had eluded the officers for many months. He was located by Sheriff Knox working in a Bend saloon. He has a wife and child in Bend.

Farmer Loses Eighty- Four Hogs from Rabies

The following from the Lakeview Examiner will give our readers something of an idea as to the troubles our neighbors to the south of us are having with rabies.

Numerous cases are reported in the country press throughout the state every week but this is one of the most unusual:

Noland Currey, who resides near Andrews in the Stein's Mountain country, writes to his parents in Lakeview regarding his experience with the rabies, which is now prevailing throughout the whole of Eastern Oregon. Mr. Currey had a hog bitten by a coyote, which he presumed was afflicted with the dread disease. His curiosity overcame his good judgment, and as a consequence he placed the hog in a pen to await the outcome of the wound inflicted by the coyote. When the proper time arrived the hog became "mad" all right enough, and it took it but a short time to wreck the pen and escape. On escaping he made a rush through a large bunch of hogs, biting a number of them, with the result that 84 died soon after. The loss is keenly felt by Mr. Currey, and he has no further desire to further investigate results on hogs bitten by a coyote.

FIRST BAPTIST CHURCH

PRINEVILLE, OREGON

H. PATTON HALL, Minister

The Ideal Church Member

He understands that church membership means supreme loyalty to the Lord Jesus Christ. He reads his Bible to keep in touch with God and his denominational paper to keep in touch with the world's best thoughts and greatest need.

He is loyal to his pastor, prays daily for his success, has the utmost regard for his feelings and makes it his business to see that his salary is paid promptly and liberally.

He walketh not in the council of the growlers nor standeth in the way with the kickers, nor sitteth in the council of the plotters against the pastor's peace and usefulness. He finds more joy and happiness in the mid-week Prayer Meetings of his church than club or lodge.

In his church he is always ready to carry his share of the burden cheerfully, humbly and patiently. There are such, a very few; may their shadows never grow less. Are you an ideal church member?

If every member of this church were just like me, what kind of a church would this church be?

"HI, THERE, YOU DERNED LITTLE RASCAL!"

MANY GOOD EVENTS SLATED

Prominent Speakers will Lecture
on Rabies—Reception and
Banquet, Too

Beginning Monday evening next and continuing for three days, Prineville will be host to the most important meeting yet to be held here.

The Cattle and Horsemen's Association, whose membership is statewide, represents the most important industry in the state. It is especially fitting that Prineville, surrounded as it is with the stock interests and indebted to these interests for its very growth and existence, should seize this opportunity to entertain the delegates to this meeting in a royal manner. This they have planned to do. In just what order the various events will be pulled off the committee on entertainment will decide later.

Tuesday morning there will be a meeting of the delegates and the organization will be perfected. Besides the regular business which will be taken up during the day meetings, a lecture will be given by the state health officer, Calvin S. White, who will discuss the symptoms of rabies and the manner in which our citizens should prepare to stamp out this disease. This lecture alone will be worth much to the people of this part of the state.

Dr. Sims of O. A. C. will deliver a lecture also, dealing more with the disease in relation to the livestock industry. Professor Potter will give an illustrated lecture covering many of the matters concerning growing and fattening beef for the market. This lecture will be illustrated and will be given at 4:30 Wednesday at the Lyric.

Tuesday noon there will be a dinner served for the stockmen by the ladies of the Methodist church. This will be repeated in the evening at 5 and following this event, the ladies of the Annex will give a reception at the Annex parlors in honor of the stockmen.

Wednesday evening the wives of the local stockmen will give a banquet for the delegates J. N. Williamson will act as toastmaster at this function.

All stockmen in this part of the state are urged to attend the convention, and plans are being made for a record attendance.
