Crook County Man Wants Damages

Klamath Falls, Or., March 2.—Because a horse was taken from one of his sheep camps near Crescent, J. C. Houston, a sheep man, has filed a suit for \$720 damages against six Crescent residents, including Constable Thomas, Justice of the Peace Cleaves and two women. According to the complaint, the horse was taken and kept for 120 days, and \$1 a day rental is asked. Because there was no horse in the camp, Houston alleges 150 sheep strayed away, and for these he demands \$600.

Plant Trees.

Trees are not only an adornment to the farm premises, but they have also practical value not only for their wood, but for their shelter from the winds and shade from the burning sun. Now is the time to plant them. If they be fruit trees each locality has its favorite varieties, and you should know them and plant only such as are adaptable. If it is windbreaks and shade you should know that the government experiments have proved that white pine, Norway spruce, Australian and Scotch pines and American arbutus have no superiors. These kinds grow rapidly and are not lacking in vigor or adaptability to thin soils, exposed situations and other adverse conditions. But do not plant evergreens exclusively about the home. Deciduous trees occupy a place in any scheme for farm improvement which the evergreens alone do not and cannot fill. Hard or soft maples, elder and elm, where they are suitable, should not be overlooked.

Transplanted Plants.

Give transplanted plants plenty of time to recover. Do not water them too much or the soil will become sour and further retard the growth of the plant. Do not place in too warm a window, for until the growth starts they want to be in a shady place.

TAFT WARNS AMERICANS

Says Belligerents Threaten U. S. Rights as a Neutral Nation.

Morristown, N. J.—The United States is threatened with a serious invasion of its rights as a neutral by the warring nations of Europe and in preserving its commerce with those nations, is face to face with a crisis, in the opinion of former President William H. Taft. In the solution of the crisis, should it arise, no jingo spirit must be allowed to prevail, Mr. Taft advised; neither pride nor monetary passion should influence our judgment.

"And when the president shall act," Mr. Taft declared, "we must stand by him to the end. In this determination we may be sure that all will join, no matter what their previous views, no matter what their European origin. All will forget their differences in self-sacrificing loyalty to our common flag and our common country."

Mr. Taft's reference to the situation confronting the United States was made at the conclusion of an address delivered here before the Washington Association of New Jersey.

Suffrage Passed by Indiana Senate.

Indianapolis, Ind.—By a vote of 37 to 3, the senate passed a bill giving limited suffrage to women. There was no doubt that the house would pass the bill and the governor sign the measure.

BRIEF WAR NEWS

The commencement of Germany's blockade of the British Isles by means of submarine warfare on non-combatants gives to the past week's war moves a distinction marking it apart from any other occurrence in modern civilized conflicts. Germany is now expected to put into operation her declared intention of employing her submarines and mines in the waters around the British Isles which she has proclaimed a war zone, with the object of shutting off the food supply of the British people.

Germany has earnestly warned the neutral states that this zone will hereafter be a danger zone for all shipping and has expressed her determination of taking the most stringent action against the British merchantmen.

The reply of the German government to the protest of the United States against the blockade of British waters argues that Great Britain has made the blockade necessary by its own declaration of intention to invoke starvation as its ally and takes up the gauntlet thus thrown down.

Great Britain, in her answer to the American protest against the detention of American ships by British war vessels, denies that Great Britain unduly detains ships or that the naval operations of Great Britain have been the cause of any diminution in the volume of American exports.

In announcing that the cargo of the steamer *Wilhelmina* has been held to a prize court, the British government cites as one of the moving reasons actuating it in this respect Germany's order confiscating all grain and flour in the empire.

Austria has won her notable victory of the war during the week by clearing Bukovina of the Slavs. The assistance of a German army operating in southern Galicia has been of much service, but the major part of the success must be credited to the Austrians.

French and Germans both report minor successes in the western war areas during the week, but none possesses any military significance. The local offensives developed by the Germans against the British positions near Ypres were probably only reconnaissances in force, intended to disclose whether the British lines are being strengthened by the new men now arriving at the front.

British Steamer Sunk in Irish Sea.

Liverpool.—Without warning a German submarine torpedoed the British steamer *Cambank* a few miles east of Linnis Point, in the Irish sea. The explosion killed the third engineer and two firemen. Another member of the crew was drowned in an attempt to jump into a boat. The rest of the crew and the pilot, 20 in all, were saved.

Sarah Bernhardt's Leg is Amputated.

Bordeaux, France.—Madame Sarah Bernhardt, famous the world over as an interpreter of tragedy on the stage, became the victim of a life tragedy when at a hospital here her right leg was amputated. The operation was made necessary by an affection of the knee, which has caused the noted actress much suffering for several years.

Irish Coaster is Prey of Submarine.

London.—The small Irish coasting steamer *Downshire* was sunk by a German submarine off Calf of Man, an island in the Irish sea. The Germans gave the crew five minutes in which to leave their ship. The crew landed at Sandrum, County Down, Ireland.
