

CROOK COUNTY JOURNAL

GUY LAFOLLETTE, Editor-Proprietor

Entered at the postoffice at Prineville, Oregon, as second class matter.

The Journal stands for the best interests of Prineville and Crook County. It is independent in politics. Published every Thursday afternoon. Price \$1.50 per year, payable in advance. In case of change of address please notify us at once, giving both old and new address.

Thursday March 11, 1915

Judge Bradshaw

With this term of circuit court, Judge W. L. Bradshaw will have completed his duties as a servant of the people of this county in the capacity of circuit judge.

Judge Bradshaw has held not less than two and recently three terms of court in Prineville each year, with but a few single exceptions for twenty-four years. He has "staged in" from The Dalles and later from Shaniko and has always been ready for the set terms of court, regardless of obstacles during these long years and the people of the county have grown to honor and respect the man and the jurist and enjoy his hearty greetings for he knows everyone, especially all the old-timers, as he likes to call the pioneer residents of the county.

Speaking of the fact that this is the last term for him in Prineville the judge said, "Of course it has become necessary to create a new district for the reason that there has been too much business for one court in this district for a number of years, yet I shall miss these trips to Prineville, for I like this country and its people."

It is agreed by the people of Crook county that to Judge Bradshaw is due what is perhaps the highest compliment that can be paid a judge in any court—he has been a good and just judge and very seldom reversed.

The Crook County Court

The county court has devised a system of auditing claims that promises to put the business of the county in better shape than it has ever been.

In the future it will be necessary before any article is sold to the county for any purpose to have a signed order or requisition from an authorized official for the article or service. The system which is to be used is one which has been worked out by Commissioner Overturf, and it was readily agreed by the entire court that the system is a good one.

A copy of the original order will be kept and turned in to the court at their regular meetings and these together with the original order which must go to the court attached to the bill for merchandise or service will provide a complete checking system which will no doubt save the county thousands of dollars.

Tomorrow (Friday) is Salmon Day. Don't forget to buy at least one can.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Chinese Accused of Homestead Fraud.

La Grande.—Toy Young, probably the best known Chinese in eastern Oregon, was arrested by a deputy United States marshal on a charge of making a false affidavit in connection with an application he recently made for a homestead near North Powder. The entry was made at the land office in this city. In making it, he swore he did not have more than 160 acres of land in his own possession at the time. It is averred that he had a large tract of land near Telocaset, which would cancel his right to the claim.

C. A. Smith Timber Sold.

Albany.—Through a deed filed in the county recorder's office here the C. A. Smith Timber company, of Minneapolis, sold its entire holdings in Linn county, embracing 45,405 acres, to the Continental Timber Land company, a Delaware corporation.

This is all timber land, and includes one of the finest bodies of timber in the state. The consideration is given in the deed as \$1, but the instrument bore \$147,500 worth of revenue stamps, which indicates a purchase price of \$147,500.

Want Produce Sold at Cost.

Eugene.—The socialists of Eugene have asked the city council to submit to the voters at the April election a charter amendment empowering the city council to levy a small tax for the erection of a building for a public market and "welfare center." At the market foodstuffs will be sold at cost by the city plus the expense of conducting the market. Provision is to be made for a free medical and dental clinic for the poor of the city with offices in the market building.

INTERSTATE BRIDGE BEGUN

Occasion is Celebrated With Speeches by Representative Men of 2 States.

Portland.—With hundreds of Portland and Vancouver citizens massed around a roped off square marking the site of the first concrete pier of the interstate bridge, with an exchange of speeches of felicitation and prophecies of the future greatness of the "twin cities," actual work on the colossal viaduct that is to unite two states was begun at 3 o'clock Saturday afternoon.

The ceremony of celebration was held on the sandy beach of Hayden island, near the Oregon landing of the Vancouver ferry.

Brief talks were made by members of the commercial clubs of Portland and Vancouver, who carried on the campaign that resulted in the issuance of bonds for the bridge, \$1,250,000 worth by Multnomah county and \$500,000 worth by Clarke county, Washington. Mayor Milton Evans, of Vancouver; Commissioner W. L. Brewster, representing the city of Portland; President W. P. Connaway of the Vancouver Commercial club; Commissioners Rufus C. Holman, W. L. Lightner and Philo Holbrook, of Multnomah county, and John Lyle Harrington, engineer in charge of the bridge, also were among the speakers.

Arrangements for the celebration were made by a committee of the Vancouver Commercial club composed of E. E. Beard, chairman; W. C. Bates, J. P. Stapleton, A. J. Dorland and P. J. Flynn.

Want Fortification of Coast Harbors.

Salem.—The need of fortifying Grays and Willapa harbors against foreign invasion is emphasized in a memorial adopted by the Washington state legislature, a copy of which was received by the secretary of state here, the matter to be submitted to the next session of the Oregon legislature. The memorial calls upon congress to take action to protect these harbors, which it states are wholly without means of repelling an attack.

Mt. Angel Celebrates Road Completion

Mount Angel.—Fifteen hundred people helped to drive the golden spike at the completion of the Willamette Valley Southern railroad electric at Mount Angel Saturday. Rev. Abbot Placidus, president of Mount Angel college, after driving the golden spike, was presented with a six-foot golden spike by the Mount Angel Commercial club.

More Horses for War

Klamath Falls.—A second invasion of Klamath county to procure horses for light artillery was made this week by representatives of the French government. Horses weighing in the neighborhood of 1300 pounds are desired, and the average price paid is \$100 a head. The last purchase made here for France netted the local horse-men \$30,000.

BRIEF NEWS OF OREGON

Mayor Johnson has designated the 15th of March as clean-up day for Ashland.

Fire, which started in the basement, almost completely gutted the hospital at Wasco.

The annual convention of the Clay Workers' association will be held in Salem, March 23-24.

The county court of Malheur county has voted to give \$350 for the support of the county school children's fair.

A concrete natatorium that will cost about \$10,000, will be built immediately in the Round-Up park in Pendleton.

With the approval of 30 influential business men of Eugene, a project was launched to raise \$150,000 for the erection of a lace factory in Eugene.

Nearly 30 of the road supervisors of Yamhill county met at McMinnville to discuss, at the request of the county court, road matters throughout the county.

Gold to a value of more than \$2,000,000 will be produced from Oregon mines during 1915, according to A. H. Gunnell, a well known Grants Pass mine owner.

Andrew Hubbard, 48 years of age, committed suicide at the home of his son-in-law at Pendleton. Despondency caused by illness, is thought to have caused the act.

Medford is to have a city band. With the endorsement of the Merchants' association and the commercial club \$700 have been raised, a director engaged and uniforms ordered.

Charles Carrigan, a stone cutter, for many years a resident of Spokane, is held at the Portland city jail as a suspect as the murderer of little Barbara Holzman, 5 years old, March 14, 1911.

In the last hours of the session congress passed and the president signed the bill authorizing the appropriation of \$12,000 for establishing a lifesaving station at the mouth of the Siuslaw river.

The city council of Dallas has called a special election for May 10 to vote upon the question of purchasing the city water system, and the issuing of \$52,000 in bonds for the payment of the same.

As a result of the light snowfall in the mountains of Oregon this year, the outlook is that the fire menace will be fully as great this season as last in the timber districts, according to Forester Elliott.

That Charles V. Galloway will be re-appointed tax commissioner at the next meeting of the commission is assured by the agreement on his retention by all members of the board having the appointment power.

J. W. Sherwood, of Portland, who has served continuously for 18 years as state commander of the Macabees of Oregon, was re-elected to that position at the seventh quadrennial convention of the organization at Albany.

At its annual meeting at Portland the Oregon Forest Fire association elected John W. Alexander, of Portland, president; W. C. Calder, of Baker, vice president; Wells Gilbert, of Portland, treasurer, and C. S. Chapman secretary and manager.

Active work on the big springs project at Ashland will soon commence. The project calls first for the construction of pipe lines to bring three mineral springs to a common spot. Afterward it is planned to erect a big tourist hotel and a sanitarium which will call for a heavy investment.

Because boys of Baker were taking advantage of an opportunity to stay on the streets when their parents thought them at the Y. M. C. A. building, notice was issued that all boys under 14 years of age must hereafter be out of the building for the night by 6 o'clock in the evening.

The La Pine Commercial club has petitioned the United States geological survey to make the Newberry crater lake section a national park. The region is said to contain one of the most interesting volcanic fields in the world, including nearly 100 craters, among them being the twin craters on the summit of Mount Newberry.

As a result of the three recent fires that cost thousands of dollars to the city and in which seven men lost their lives, the Marshfield city council is taking drastic measures to secure the best fire protection possible within the city limits. Fire ordinances are being entirely revised, and will be made to conform to the state laws.

That the average earning of jitney bus drivers is \$2.75 a day was the substance of a report made to the Portland city council as the result of a tab kept by traffic experts for several days. The figures were compiled from 247 machines which crossed the bridges. Note was taken of each car and the number of passengers carried for a period of eight hours each day.

Money from the \$100,000 bond issue on the port of Siuslaw will be available about April 1 and as soon as possible after that, contracts for the extension of the jetty work at Florence will be awarded and the work commenced. The government will add \$132,000 to the sum. There are 369 feet to be added to the north jetty and 900 feet to the south jetty to complete the project.

If You Are in Need Do Not Fail to Read this Ad

Time We Need and Time We Want!

The European nations in their great conflict depend on the time; the farmer depends on the time to go to his work; the man who works wants to know when it is meal time, and if you are in need of a good timepiece, we want you to know that we keep an up-to-date stock on hand of both

Watches and Clocks

It will pay you to look over my stock. I keep all grades of Standard makes in stock, such as Elgin, Waltham, Hampden, Hamilton and other makes of different grades of watches

Remember I sell New Elgin Watches for \$5.50

And other R. R. grade watches, 21-jewel Hamilton and others. These are sold the same everywhere. Everyone is invited to call in and inspect my stock when convenient.

Watch This Space for my Regular Announcements!

BURSON FASHIONED HOSE

The Leader

If you have not traded with us a trial is all we ask. We give you

Price Service Quality

Mrs. I. Michel

We have just received another lot of those "America" Alarms. They're clocks we can fully recommend, reliable, exact time-keepers that won't let you oversleep. We would like to sell you one, because you'll surely tell your neighbor about it.

You'll have to get up early to beat the "America" Alarms.

They're punctual, durable, and neat. They don't require much attention and don't cost much either.

I have a fresh shipment on the way and will have them on sale Monday.

BURSON FASHIONED HOSE

Above we show the BURSON and the "others" turned inside out—note the difference.
