SHIP THREATENED BY FIRE ARRIVES SAFELY

Paris.—Fire which threatened the French steamship La Touraine was brought under control and all her passengers are safe. The ship proceeded under her own steam to Havre, her destination. Only the Rotterdam, of the fleet which responded to Captain Caussin's wireless call for aid, stood by as a measure of precaution to give assistance should any be required. Commanders of other vessels which speeded to the rescue were informed that their services would not be required. Grave fears for the safety of La Touraine were felt in this city until the positive announcement was made that she was in no danger. On board La Touraine were 4594 cases of cartridges intended for use in the European war. There were 84 passengers on board, of whom 38 were in the first cabin. Her crew numbered about 200. Will Hold Dairy Show at Seattle. Seattle.—The organization of the Western National Dairy Show, at Seattle, November 8-15, 1915, will be of more than passing interest to breeders and dairymen of the northwest. While the breeders of dairy cattle do not intend to lessen their interest in the fairs, they feel that the industry has reached the stage where they can have one event during the year devoted entirely to dairy cattle, products, appliances and processes. Jno. W. Pace, well known in connection with northwestern fairs, will be secretary and manager. She whispered "Yes" without demur. Oh, dismal word that was to me! I'd asked her if she would prefer The orchestra to baloney. —New York Sun. "You should love your neighbor as yourself," advised the sage. "I know that," replied the fool, "but the fathead is an amateur cornet player." —Cincinnati Enquirer. "I may not be slender," said Trixie Friganza, "but I set up the claim that I have a name Which rings with Carranza." —Chicago Record-Herald. Wife (who has been talking ten minutes)—Well, why are you looking at me like that? Husband—I was just thinking how pretty your mouth looks when it is shut. —Philadelphia Ledger.

BRIEF WAR NEWS

Interest in the world war during the past week was divided between the operations in the eastern theater, where fighting of a more or less violent nature is proceeding throughout the territory from northern Russian Poland to the Carpathians, and the bombardment of the strongholds of the Dardanelles by the allied fleet. Reports from various sources indicate that the Russians have assumed the offensive in most of the operations in the general eastern territory. In the extreme north they are still hammering away with the idea of driving the Germans back to east Prussia, and the latest Petrograd official statement asserts that the Russians have forced the Germans back somewhat. A German official statement says that northeast of Przemysl a Russian attack broke down with severe losses to the latter, and that northwest of Ploesk a Russian attack was also repulsed. Petrograd dispatches say that the Austrians under Archduke Joseph have suffered defeat in eastern Galicia and are now in full flight toward the Carpathians. Vigorous fighting continues in the Carpathians. The allied French and English fleets are making progress in their attack on the forts of the Dardanelles, according to the British admiralty and unofficial reports. Cruisers from the allied fleet are continuing their attacks along the coast of Asia Minor from Beika to Smyrna, and Vice Admiral Sir Richard Peirse has brought up his East Indian fleet and undertaken the bombardment of the fortifications at Smyrna. In the west the French assert they have inflicted a serious check on the Germans to the north of Arras, in the region of Notre Dame de Lorette. In Champagne, northwest of Beausejour, a German counter attack has been repulsed. The French war office says that the progress made by the allies in the Vosges, at Hartmann-Weilerkopf, extends over 325 yards of German trenches. The Journal Explains

Taxpaying Laws

That Crook county taxpayers may be properly informed as to the stand taken by the local tax department in the interpretation of the former and the new tax laws in this county, County Tax Collector Ralph L. Jordan has issued the following self explanatory statement: Taxes may be paid in fall or in two equal installments, subject to the following conditions: First. If any tax is paid in two installments, the first half must be paid on or before March 31, 1915. If the first half is paid in time, the second half may be paid without penalty after May 22, 1915, and before October 1, 1915. If the second half is not paid during this period, it will become delinquent on October 1, 1915, and subject to a penalty of 10 per cent and interest at the rate of 12 per cent per annum until paid. Second. If the first half of any tax is not paid on or before March 31, 1915, then the whole of the tax will be due and subject to a penalty of 1 per cent a month from April 1, 1915, until August 31, 1915. On September 1 all taxes of which one-half has not been paid prior to April 1, 1915, will be delinquent and subject to a penalty of 10 per cent and interest at the rate of 12 per cent per annum until paid. Third. If the first half of any tax is paid in time (before April 1, 1915,) it will be necessary for the taxpayer to defer the payment of the second one-half until after May 22, 1915, to avoid a penalty on that half, as the present law, which will be in effect until May 22, 1915, requires the tax collector to collect a penalty of 1 per cent per month on all taxes paid after March 31, 1915. West Virginia to Vote on Suffrage Wheeling, W. Va.—The West Virginia legislature has submitted to the voters of the state an amendment to the constitution giving women the right to vote, and it will come up at the regular election in 1916.
