

Program for Short Course

The following is the program of the Crook County Farmers' Short Course to be held at Redmond, Oregon, March 22-27, 1915:

AGRICULTURAL COURSE.

- Monday forenoon—Tillage Practices, Care of Orchards.
- Monday afternoon—Pruning Demonstration in Orchard, Housing of Poultry—Illustrated.
- Tuesday forenoon—Poultry Feeding and Management, Hog Feeding for Best Returns.
- Tuesday afternoon—Feeding for Milk Production, Balancing the Ration, Some Common Insect Pests and Plant Diseases—Illustrated.
- Wednesday forenoon—Sheep on Small Farms, Care and Marketing of Poultry and Poultry Products.
- Wednesday afternoon—Care and Management of Brood Sows and Pigs, Incubating and Brooding, Types of Improved Livestock—Illustrated.
- Thursday forenoon—Improvement of the Dairy Herd, Some Common Uncleanliness in Horses.
- Thursday afternoon—Lectures and demonstrations by E. B. Fitts and R. E. Reynolds with dairy cattle and hogs at H. C. McCall's farm on Crooked River; transportation furnished from Redmond, illustrated lecture.
- Friday forenoon—Purchase and Production of Farm Seeds for Crops, Farm Demonstration Work in Crook County.
- Friday afternoon—Legumes for Dry Land and Irrigated Farms, Crop Rotation and Soil Fertility, Farm Demonstrations, illustrated by J. E. Larsen and A. E. Lovett.
- Saturday forenoon—Bull, Dairy and Milk Testing Associations, Farmers' Organizations for Crook County.
- Saturday afternoon—Round Table Discussions of Farm Operations with entire college staff present.

DOMESTIC SCIENCE COURSE.
(By Miss Tarley.)

- Monday forenoon—Food as a Factor in Health.
- Monday afternoon—Cuts of Meat (Lecture), Meat Cookery (Demonstration.)
- Tuesday forenoon—Food Economics (Lecture.)
- Tuesday afternoon—Uses of Left Overs (Demonstration)
- Wednesday forenoon—Bread and Bread Making (Lecture) Bread Making (Demonstration.) Food for the School Child (Lecture)
- Wednesday afternoon—Completion bread demonstration.
- Thursday forenoon—Food for the Child (Demonstration)
- Thursday afternoon—Cake and Cake Making (Lecture and Demonstration.)
- Friday forenoon—Planning the Family Dietary (Lecture.)
- Friday afternoon—Vegetable Cookery (Demonstration.)

From the opinion rendered by the Attorney General it would appear that Commissioner Brown could yet declare his intention to remain a resident of Crook county and hold the place. Of course such action is not at all likely, but local attorneys who have read the decision hold it possible.

Well Drilling

We are equipped to drill any kind of wells under any and all conditions.

Depth Guaranteed Only Experienced Men Employed.

We have drilled six Artesian wells in and near Prineville. All are now flowing.

Wagoner & Co.
Prineville, Oregon

C. C. H. S. Notes

The first baseball game of the season was played on the high school athletic grounds last Friday. The game was between the two societies. The Ochoconians won with a score of 8 to 3.

Oren Noble is in Portland this week where he is undergoing treatment for adenoids.

Miss Parrott wrote to a member of the C. C. H. S. faculty expressing her congratulations for the splendid victory in the debating league and also congratulating the school upon the Baldwin prize of \$50 for the Oratorical contest. She expressed the wish that such a public minded citizen as Mr. Baldwin might be annexed to the Monmouth district. She also wrote that Miss Ethel Klann, a graduate of the Normal Department of C. C. H. S., was chosen from a class of ninety to represent the Normal school before the State Legislature to ask for the new training school appropriation. Because of her concise statement of the condition of affairs, the school was granted an appropriation of \$50,000.

Spring days bring thoughts of athletics to the boys. They are out on the athletic field practicing as much as possible for the track meet day at Redmond.

The girls of the Domestic Science class and Miss Sykes went down Crooked river last week and cooked a camp supper, serving camp bread and wieners.

WASHINGTON SPENDS LESS

Cut in Expenditures Should Mean Half Mill Less in Taxes.

Olympia, Wash.—Comparative appropriation figures show that the legislature just adjourned reduced the cost of government in Washington for the ensuing biennium by a little in excess of \$1,750,000.

While this is partially due to reduction in "paper" appropriations, a reduction of approximately \$1,000,000 is made in the general fund appropriation, meaning a tax reduction of approximately one-half a mill annually.

The total appropriation for all purposes, including \$4,000,000 accident fund produced by assessments against industry under workmen's compensation law, and \$3,500,000 capitol land grant bonds, is \$22,265,322 for the biennium, as against \$24,047,000 two years ago. The general fund appropriation is \$7,013,729.

Swedish Vessel Sunk by Germans.

London.—Dispatches from Hull say that 14 survivors of the crew of the Swedish steamer Hanna landed there, the Hanna having been torpedoed by a submarine off Scarborough. A passing steamer had picked them up. Six of the crew were killed.

Demand on Zapata Repeated to Villa.

Washington.—Demands by the United States government upon General Salazar, the Zapata commander in Mexico City, for the punishment of soldiers who murdered John B. McManus, an American citizen, and the payment of adequate compensation to McManus' family were repeated to General Villa.

CRUISER DRESDEN SUNK BY BRITISH

London.—The German cruiser Dresden, the only one of Vice Admiral von Spee's squadron which escaped after the battle with the British fleet off the Falkland islands in December, has been sunk, according to announcement by the British admiralty.

The Dresden was sunk Sunday off Juan Fernandez island.

The admiralty announced that the Dresden was trapped by the British cruisers Kent, Glasgow and Orama. The British ships immediately opened fire and after resisting for five minutes, during which she was badly damaged, the German warship hauled down her colors and ran up the white flag. When she surrendered the Dresden was in flames. Her magazine had exploded and her upper works were burning fiercely.

The crew was taken off in boats.

Italy Stops Mails to Austria.

Rome.—The Italian minister of posts and telegraphs issued orders suspending the exchange of telegraphic money orders with Austria-Hungary. Orders also were issued suppressing the traveling postoffice on trains bound for the Austrian frontier.

British Gain Said to be Four Miles.

Paris.—The advance of the British troops in the vicinity of Neuve Chapelle is estimated at about four miles, in a dispatch reaching here.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Final Obstacle to Coos Road Removed

Eugene.—All obstacles in the way of completing the Willamette-Pacific railway to Coos Bay were removed when the last stretch of right-of-way along the entire line was obtained this week. Announcement has been made by the engineers in charge of construction that successful negotiations between the railway company and the owners of the Johnson-Anderson rock quarry had been completed, whereby the railway company acquires the land through this property for the road.

Failure to obtain this piece of right-of-way has delayed the beginning of work on the big bridge below Mapleton for the reason that it was impossible to get the steel for the structures to their respective sites, because they are in the Eugene yards at this end of the line, and the quarry is between this city and the first of the big bridges.

Farmers and Merchants to Co-Operate

Salem.—With the view of promoting co-operation between the merchants and the farmers, Luther J. Chapin, county agriculturist, is organizing what are known as agricultural and commercial associations in the towns of the county. Preliminary steps for the organization of such an association at Woodburn have been taken, and as soon as it is formed one is to be organized at Mount Angel. Merchants in the towns are taking a keen interest in the movement, says Agriculturist Chapin, as they realize that the welfare of the towns depends upon the development of the surrounding country.

EXAMINE POWER PROJECTS

Streams of Oregon Attractive to Capitalists Since Removal of Tax.

Salem.—Announcement was made by State Engineer Lewis that three foreign capitalists engaged in water power development will visit the state during the summer to make an examination of the water power possibilities offered by Oregon streams, and he and his corps of assistants are rushing work on surveys and maps of a number of projects in order that he may be able to present full data to the visitors. He has already assembled considerable data as to a number of feasible power projects on the Columbia, Rogue and Snake rivers, and he is urging the federal geological survey to complete its survey of the latter stream. State Engineer Lewis desires to have it completed to Lewiston, and he believes it will disclose projects sufficiently tempting to bring capital into the state to develop them. Mr. Lewis said:

"The repeal by the recent legislature of a law providing that a tax of from 25 cents to \$2 should be paid on each horsepower of waterpower developed removed a great barrier to waterpower development in the state and I am confident that the next few years will see much progress in waterpower development."

Dollarhide Toll Road is Purchased.

Medford.—The county court has purchased the Dollarhide toll road over the Siskiyou for \$1000. For the first time in half a century road travelers between California and Oregon will not be compelled to pay toll of \$1, to pass over the crest of the mountains. The road was built in 1852 by the Dollarhide family and held as a territorial grant for many years.

The new Pacific highway over the Siskiyou with a 6 instead of a 20 per cent grade takes the place of the toll road and will be open for travel in a few weeks.

Governor Asks For Battleship Oregon

Salem.—Governor Withycombe has made official application to the navy department to have the old battleship Oregon replace the cruiser Boston in Portland harbor as a training ship for the Oregon militia. In his letter to the navy department, Governor Withycombe pointed out that the assignment of the Oregon would aid materially in increasing the scope and efficiency of the naval militia and would have a great deal to do in popularizing and perpetuating the organization. The fitness of the assignment, from a sentimental standpoint was also urged.

Roseburg Festival to Be in May.

Roseburg.—Roseburg will hold its annual strawberry carnival sometime in May, according to a decision reached by the Strawberry Festival management here. The committee plans to hold the best carnival in the history of this city. Present indications are that Douglas county will have plenty of strawberries by May 10, which is about two weeks earlier than the prospective dates for the festival.

CLIFTON & CORNETT
We Sell for Cash. That's Why We Sell Cheaper

Whatever your Spring wants may be you'll treat yourself well by coming here where service is as much a Standard of Value as the Good Old Dollar Itself!

ARGONAUT SHIRTS
For Men and Boys!

Shirts that will make you anxious for the vestless and coatless days of midsummer so that you can parade their attractive style and fit.

STOP!	LOOK!	LISTEN!
Stop buying shirts until you see our line. You will find a number of new things that will make you mighty glad that you have not bought	Look over our line carefully; examine the materials closely; notice the variety of new up-to-date patterns. They are trade winners and will interest the progressive man.	Listen to the story that we tell you. It will be a story of quality and price; a story of gaining more friends and holding the old one with the best shirt line on earth.

Sunkissed Oranges Green Leaf Lemons

Powell Putte. Try a Classified ad in The Journal

Bob Smith is sowing wheat on the old Luckey Baldwin place. Geo. Hobbs is helping him with the work.

In a spelling match at the Wilson school house, Friday afternoon the pupils defeated those of the Shepard school in three matches. Ada Sears of the Wilson school took highest honors.

Sue Hall who has been helping on the Pioneer switch board in Prineville, returned to Powell Butte Friday.

Tom Houston shipped 76 head of beef cattle to Portland Saturday.

U. O. Humphrey was in Prineville on business Saturday.

Joe Shearer has quite a crew of men and teams at work cleaning the canal.

Mrs. L. Z. Alley, mother of N. P. Alley, returned to Opal City the latter part of the week after spending the winter with her son.

The cutoff from the old Prineville-Powell Butte road to the Silver Lake road is open for travel, and Supervisor Wilcoxen is anxious for the travel to go that way. This cut off eliminates a grade each way and will be a great benefit.

Mrs. Hall returned Monday from Prineville where she has been visiting for the past week.

Sunday was a banner day for the Powell Butte Union Sunday School. Starting about 16 months ago with a membership of about 20, it has steadily grown until Sunday the attendance reached 82.

—THE—
UNITED STATES
CREAM SEPARATOR

THE WORLD'S RECORD SEPARATOR FOR CLOSE SKIMMING in 50 consecutive runs during a period of 30 days and on milk from 10 breeds.

THE NEW SANITARY LINER

Is easily removed, non-rusting and easy to wash.

Other separators, on account of defective bowl constructions become insanitary because milk, in greater or lesser quantity, comes in contact with, and quickly rusts, cast iron and steel. The Liner, exclusively a U. S. feature, absolutely prevents milk contact with the iron bowl chamber and possible leakage into the gears.

This great improvement, following that of the famous non-rusting nickel silver skimming device, with surface as non-adhesive as polished ivory or glass, completes the most sanitary separator equipment in existence.

The Mechanical Washer makes cleaning still easier and most complete.

COLLINS W. ELKINS, Prineville, Ore.
