ELECTRIC COOKING DEMONSTRATION!

Every afternoon, by Mrs. Marshall, at the office of the Des Chutes Power Co., in Prineville Hotel building, starting Thursday, April 15th, and lasting about ten days!

MRS. MARSHALL

is a well known demonstrator and we give below two of her many famous recipes for use on electric ranges.

SHORTCAKE DOUGH

2 cups flour, 1 tablespoon sugar, 1 egg, 2 tablespoons butter, ¼ teaspoon salt, 3 round-teaspoons baking powder.

Measure two cups of flour which has been sifted once into sifter, add to it the sugar, salt and baking powder. Sift all together into mixing bowl and work in butter thoroughly with tips of fingers. Beat eggs without separating. Add ¼ cup sweet milk and pour into the dry mixture in mixing bowl. Use enough more sweet milk to make a soft dough. Divide in half; pat and roll ½ to fit a jellycake tin, brush over with melted butter. Pat and roll the other ½, place on top of the sheet in tin, brush over with melted butter and bake in a quick oven 10 or 15 minutes. Use any fruit you like for filling. By leaving out the sugar, a cream filling of clam, oysters, asparagus and meat may be used and makes a delicious luncheon dish.

Luncheon breads may also be made by this recipe. Preheat 25 minutes. Bake 15 minutes on low heat.

ORANGE TEA BUNS

Break off small pieces of bread dough and roll between the palms until you have a smooth ball. Place 2 inches apart on baking sheet. Brush over with melted butter, cover closely and let rise until very light. When ready for the oven, open the tops with the handle of a silver knife which has been dipped in melted butter. Place in this opening one cube of sugar which has been dipped in orange juice, 3 drops of melted butter on top of sugar, then sprinkle over all the grated orange rind. Bake 20 minutes in quick oven. Preheat 25 minutes. Bake 20 minutes.

We are conducting this course of instruction for the benefit of our patrons, free of charge, and at the same time will show the advantages of the electric range.
