WILSON ASKED TO INTERVENE IN CHINA

Trouble in Future for United States is Predicted by Missionaries.

Pekin.—Intervention by the United States in the negotiations now proceeding between China and Japan is recommended to President Wilson in the appeal recently sent to him by American missionaries in this country. The message of 5000 words was cabled to Washington. It characterizes the Japanese demands on China as acts of aggression such as eventually will present a menace to the United States. Recalling the fact that Japan has at present in this country doubled her usual quota of troops (amounting to 60,000 men), the missionaries urge that Japan be notified that the excess of troops should be removed. The understanding here is that a Chinese official or several officials paid the cable charges, amounting to nearly \$6000, on the message to President Wilson. This communication was signed by Revs. E. W. Thwing, John Wherry, C. H. Fenn, and W. A. P. Martin, all connected with the American Presbyterian Mission at Pekin; Rev. Chauncey Goodrich, of the American Board of Commissioners for Foreign Missions, who is stationed at Tien Tsin; Rev. H. H. Lowry, of the Methodist Episcopal Mission at Pekin, and Rev. C. F. Hubbard. The petition asks President Wilson to demand of China and not of Japan American participation in the conferences now under way. It is suggested that Great Britain and other nations be invited to participate.

FIRE LOSS IS \$300,000

Thirty Firemen Overcome by Smoke While Fighting Portland Blaze.
Portland.—Property worth \$300,000 was destroyed and 30 firemen were overcome by a fire which started in the Blake-McFall six-story building, Fourth and Ankeny streets, in the heart of the wholesale district, at 7 o'clock Sunday night. In a few minutes the building was turned into a raging furnace which no fireman could enter. The loss was covered practically by insurance. The heaviest loser is the Hughes estate, which owns the building, and the Blake-McFall company, which occupies three-fourths of the building. More than 40 other firms have offices in the building. C. D. Bruun, president of the Blake-McFall company, estimated the company's probable stock loss at \$150,000.

Borah Not Presidential Candidate.

Washington.—Senator Borah, of Idaho, issued a statement here saying he "was not and would not be a candidate" for the republican nomination for president. "If by any chance the party should nominate me," he said, "I, of course, should accept. To pretend or to intimate otherwise would be absurd; but I shall not seek the nomination nor strive in any way, directly or indirectly, to obtain it. Nor have I the slightest expectation of it coming my way."

ROOSEVELT MOTION TO DISMISS DENIED

Syracuse, N. Y.—The trial of the suit of William Barnes, Jr., against Theodore Roosevelt for \$50,000 damages for alleged libel began in the supreme court here Monday. The jury which will try it is composed of seven republicans, three progressives and two democrats. Twenty-two talesmen were examined before both sides announced that they were satisfied with the 12 men in the box. Immediately after the jury had been completed counsel for Colonel Roosevelt made a motion to dismiss the complaint against their client on the ground that such allegations as he made in the statement upon which the suit is based were privileged, and that in naming Mr. Barnes and Charles F. Murphy, of Tammany Hall, as the controllers of "rotten government" in the state of New York he did not mean anything personal, or to imply that either of the two men named had in any way profited by the alleged "rottenness." The motion was denied by Justice William S. Andrews, presiding.

President Urges Calm in America.

Washington.—The need of self-possession, calmness and a judicial temperament on the part of the United States in the present world crisis was urged by President Wilson, in a speech before the opening session of the 24th continental congress of the Daughters of the American Revolution. Von Goltz to Lead Turks. Constantinople.—Field Marshal Baron Kolmar von der Goltz has been appointed commander-in-chief of the first Turkish army.

RUSSIANS DEFEAT 400,000 TEUTONS

Petrograd Says Desperate Resistance is Broken and Position Secured

Petrograd, via London.—An official communication concerning the progress of the campaign as issued from general headquarters states: "The enemy made a most desperate resistance to our offensive. They had brought up every available man on the front from the direction of Bartfeld as far as Ussok Pass, including even German troops and numbers of cavalymen fighting on foot. The enemy's effectiveness on this front exceeded 400 battalions. (An Austrian or German battalion numbers 1000 men.) Moreover, our troops had to overcome great natural difficulties at every step. Nevertheless, 18 days after the opening of our offensive, the bravery of our troops enabled us to complete the task assigned and we had seized the principal chain of the Carpathians on a front between Reghetov and Volosate, of 110 versts (about 75 miles). To sum up: On the whole Carpathian front, the enemy has suffered enormous losses and has left in our hands in prisoners alone at least 70,000 men, including about 900 officers. Further, we have captured 30 guns and 200 machine guns. On April 16 the actions in the Carpathians were concentrated in the direction of Rostoki. The enemy, despite the enormous losses suffered, delivered in the course of that day no less than 16 attacks in great strength. These attacks, all of which were absolutely barren of result, were made against the heights we have occupied farther to the east of Telepotch. British Apology Offered Chile. London.—The British government has offered a "full and ample apology" to the Chilean government for the sinking on March 14 in Chilean territorial waters of the German cruiser Dresden. RUSSIAN LOSSES ARE HUGE German Correspondent Thinks Campaign Cost Invaders Half Million. Berlin, via London.—The war correspondents at the Austrian headquarters have taken advantage of the pause in the battle in the Carpathians to summarize the results of the Russian efforts to break through the mountain barrier, which have progressed as a continuous gigantic battle since the fall of Przemysl. The Russians, who hurled massed troops first against one and then another part of the line, succeeded in advancing their own line slightly in the depression south of Dukia Pass, where they hold a considerable area of the southern slope of the mountains. They also impelled the Austrians to straighten out the big northern bulge in their line east of this point between Lupkow and Ussok Passes, where it had pushed forward well into Galicia toward Przemysl. Eugene Lennhoff, correspondent in the Carpathians for the Zeitung am Mittag, estimates that the Russian losses in killed, wounded, sick and prisoners in the attempt to force a way through the passes is at least 500,000. Germany Will Make Amends to Dutch The Hague.—Germany, according to reports reaching here, will disavow the torpedoing of the Dutch steamer Katwyk, and will make full reparation to her owners.

BRITISH SHIP SUNK BY TURKISH TORPEDO

London.—In the first naval battle of the war between Turkish and British war craft, 100 of the crew of the British transport Manitou were reported to have been drowned and a Turkish torpedo boat destroyed, in official dispatches to the admiralty. The battle was fought off the island of Chios, near the Gulf of Smyrna and about 100 miles south of the entrance to the Dardanelles. It is believed here that the transport was torpedoed and sunk after she had landed British troops on the coast of Asia Minor. Three torpedoes were shot at the British transport, according to dispatches to the admiralty. All missed fire. The light cruiser Minerva, which had participated in the bombardment of Smyrna, gave chase and forced the torpedo boat ashore in Kalannut Bay, Chios Island. The Turkish war craft was destroyed and her crew made prisoners.
