

Penmanship Diplomas Are Granted

The students of the high school work with might and main every year to reach that stage of perfection in the Palmer writing system that would warrant the bestowal of a writing diploma upon them.

The diplomas have just been received and have been sent to the students.

Of all the schools receiving diplomas in the United States, the local high ranks twenty-third in the number of diplomas granted.

When we take into consideration the number of large schools that are in competition surely this is a very flattering showing for our little school.

The following have been awarded diplomas:

Harry Farnsworth, Caroline Tronson, Cora Becker, Edna Laughlin, Ruth Brennan, Gladys Gates, Dorothy McCauley, Ruth Yancey, Dora Gould, Roxie Morris and Bernice Grant.

A Big Fish Story

A party consisting of O. C. Claypool, H. D. Peoples, J. B. Bell and Junior Bell returned Monday night from a two days outing at East Paulina lake. The party succeeded in catching a half dozen rainbow trout, the smallest of which was 21 inches and weighed over five pounds dressed.

This lake which is ice cold and has no inlet or outlet is on Paulina Mountain, 77 miles from Prineville as the road now runs, and is at an altitude of 6400 feet. There were no fish in the lake until three years ago when it was stocked by the state who put in 28,000 small rainbow trout. It is said that by next spring these fish will average 36 inches in length, and eight pounds in weight.

The place is in a game reserve, and under the supervision of the Forest Service, who are building a road that will make the distance from Prineville but 64 miles over a good road, by the way of Millican.

District Court is Over

District court closed Friday night for the present, subject to the call of Judge Duffy.

Gus Weightelt was found guilty Saturday evening, on a charge of assault with a dangerous weapon. The jury recommended extreme leniency, and as a result he was sentenced to a term of from six months to ten years and then given full freedom during good behavior.

Garrett Stark was sentenced to a term of from one to 10 years and because of his age which is but 19 years, was paroled. Both of these men were given to understand that they are to report each month to Judge Duffy, and the first false step will mean the pen for them.

Big Storm Hits Kansas Crops.
Kansas City.—Storms which swept central Kansas and northern and eastern Oklahoma caused widespread damage to crops. Some points reported winds of violence almost equaling a tornado, accompanied by rain which sent many streams out of their banks.

State Officials at Bend

A party of ten officials of Oregon visited the Tumalo project and Bend, Friday, and were guests at various receptions at Bend, Tumalo and other points.

In the party were Governor Withycombe, Secretary of State Ben W. Oleott, Attorney General, George M. Brown, the members of the state fish and game commission, Insurance Commissioner Harvey Wells, Accident Commissioner Carl Abrams, and G. P. Putnam.

The party were guests at a fish fry at noon at Tumalo, and a banquet at the Emblem Club in Bend in the evening.

The State Land Board and Fish Game Commission left for Klamath Falls Saturday morning, the other members returning to Salem on the night train Friday night.

Death of Clara

Jane Combs

Clara Jane Combs, little daughter of John Combs of this city died Saturday morning at the family home from tubercular meningitis after an illness of three weeks.

The funeral services were held Sunday. The body was buried beside that of the mother in the Masonic cemetery, just 24 days after the burial of the mother.

She was a beautiful, bright and affectionate child, the only child, and her death leaves Mr. Combs without a family, which entitles him to the sympathy of the community where he has been a resident for the past 40 years.

Clara Jane was twenty months old at the time of her death.

it by auto. It is one of the most beautiful spots in the Blue Mountains and within but little more than an hour's travel from here. Supervisor Ross states that since there has been only a few hundred dollars available for expenditure on this road, it has been impossible to make a first class road of it, but that it will be improved from time to time as funds become available.
You should take this trip in your car some Sunday and get up among the big trees and paddle your feet in the cold waters of Upper Mill Creek.

Salt Creek Resort Being Developed
The first lease under the Act of February 28, 1899, for the use of the land adjacent to mineral springs, has just been signed by the Secretary of Agriculture in agreement with James O. Hardin of Portland, Orgon, for the development of a recreation resort at Salt Creek Mineral Springs on the Cascade national forest in Lane County, Oregon, about ten miles from Oakridge.
The location of these springs is easily accessible from the Upper Willamette Valley, and is on a proposed line of the Southern Pacific Railroad. The terms of the lease call for the building of a hotel, bath houses, swimming pool, and some small cottages for those who wish to live by themselves. With the exception of thirty square feet around the several mineral springs, and a right of way belonging to the Oregon &

Eastern Railway, the resort will cover approximately forty-one acres. According to the lease, which is for a period of twenty-five years, a public camping ground is reserved near the springs, roads and trails open to the public will be developed, and to avoid excessive or monopolistic charges, the schedule of rates at the hotel will be approved by the government. The Salt Creek Mineral Springs are located in one of the most beautiful sections of the Cascade Mountains and the completion of arrangements for the use and development of the locality surrounding them is but a part of the intent and desire of the Forest Service to put the national forest to their highest use for the benefit of the people. Indications are that, when completed, the Salt Creek resort may be one of the most magnificent health resorts of the State of Oregon.
