 J. E. Stewart and family returned the last of the week from an automobile trip through the northeastern part of the state. Edgar says that from all that he can tell from traveling through the country, and the various towns in that part of the state, Prineville business houses are doing as well or better than any of them.
 Jesse Tetherow and Miss Mabel Berning of Antelope were married at the residence of J. D. Lafollette in this city on July 11. Jesse is the invincible pitcher of Prineville's ball team and Miss Berning has been a teacher in the Antelope schools for the past two winters. The young couple are living in Redmond. Jesse made an effort to keep the news dark, which is partly responsible for the delay in the announcement.
 What will perhaps prove the closing chapter of the famous John McPherson case, which has cost the county many thousands of dollars and has attracted much attention throughout the central part of the state, commenced today when Sheriff Knox accompanied McPherson on his return to Salem. McPherson was convicted for the third time some months ago, and has been at liberty on a \$5000 bond. His conviction has been confirmed by the state supreme court, and he will now commence to serve his term of from one to ten years.

If You Labor 10 Hours a Day
 And you have no watch, you may quit in the evening and think you have labored 11 hours. The foreman will not tell you the time as he will think that you are sick, and could only work four or five hours. That would hurt your feelings if you robbed the foreman. Safety first
