## OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout  
the State During the Past  
Week.

**Will Appeal Married Teacher Case.**  
Portland.—By a unanimous vote, the school board determined to appeal to the supreme court the case involving the dismissal of Maud L. Richards as teacher in the girls' school of trades from the recent decision of Judge Morrow that Mrs. Richards is entitled to her position and also her salary during the time she was under suspension.

**University to Add to Requirements.**  
Eugene.—Further tightening of the screws at the university in an effort to raise the standard even higher is the edict circulated about the campus.

Ten per cent will be added to all requirements during the coming year. Required hours of study will be increased, lessons will be longer, general standards higher, the field of study larger and the depth of subject greater.

The tightening is not in the university alone, says President P. L. Campbell, from whose office the order comes, but characterizes high school work throughout the state.

**School Fund Interest Less.**  
Salem.—State Treasurer Kay announced the apportionment of the interest on the school fund, and it is \$13,424.95 less than last year, while the school population is 3855 greater, the total interest for this year being \$360,066 and the total school population 205,752. Last year the interest totaled \$373,490.95 and the school population 201,887. This makes the per capita apportionment this year \$1.75, as compared with \$1.85 for last year. A considerable sum in delinquent interest could not be collected this year prior to the apportionment, and this accounts for the total being less.

### BOND ISSUE DECLARED VALID

**Supreme Court Decision in Favor of Proposed Kendall Road Pleases.**

Roseburg.—One of the most enthusiastic celebrations ever held in Roseburg was the jollification celebration on the streets here after receipt of news that the Oregon supreme court had rendered a decision upholding the city in the \$300,000 bond issue recently voted by the people of Roseburg to aid Kendall Brothers in the construction of a standard gauge railroad extending from the city 30 miles east to the timber belt, and the construction of a large sawmill near this city.

The celebration assumed the proportions of a strawberry carnival and Fourth of July celebration in one.

Attorneys and others interested in the case are of the opinion that this decision will end all litigation in the matter, and that Kendall Brothers may now safely proceed with actual construction of their projects.

**Gets Job at O. A. C.**  
Dallas.—E. M. Smith, former county clerk of Polk county, has accepted the position of auditor of the state agricultural college at Corvallis and will move to that city about September 1.

**Heavy Damage is Caused by Storm.**  
Baker.—Bridges were torn out, roads gullied and part of the O.-W. R. & N. track near Durkee was swept away by a cloudburst in this vicinity. Standing grain in the Burnt River country worth thousands of dollars was destroyed.

**Housekeeper Awarded Estate.**  
Eugene.—Elizabeth Murray, who kept house and cared for James Sanford for 13 years on condition that he leave her his property when he died, was not left anything by Sanford's will. Court upholds her and she will receive \$25,000 estate.

**Church Union is Proposed.**  
Eugene.—Demand for the elimination of church competition in small towns unable to support several denominations, the radical but chief theme of the third annual State Inter-Denominational Ministerial Conference in session here, took expression in the creation of a state-wide inter-denominational church commission, delegated to work out some method of unification.

**Eastern Oregon Lumbermen to Testify.**  
La Grande.—Eastern Oregon lumbermen decided to send representatives before the federal trade commission when it sits in Spokane August 6, to present problems of manufacturers and dealers, and the Western White Pine association's plan to enter into the National association's advertising campaign, which contemplates an expenditure of \$50,000 annually in the interest of lumber, was heartily endorsed at a meeting of the Eastern Oregon Lumber Producers' association which convened here.

## RUSSIA LOSES BIG PORT ON BALTIC

Germans Have Captured Mitau  
And Are Within Striking  
Distance of Riga.

London.—The Germans have captured Mitau, the capital of Courland, and are now within striking distance of Riga, the seat of the governor-general of the Baltic provinces and Russia's greatest port on the Baltic.

Warsaw is ready for the evacuation which was intimated by the Russian war minister in his address in the Duma. For days there has been an exodus of the population. Factories, government institutions and hospitals have been moved and the city has been stripped of everything that might be of military value to the Teutons.

With the taking of Mitau and the favorable progress of the fighting east of Ponevesch, according to the Berlin statement, it would seem that communication by rail from Courland and Kovno eastward has been severed by the Germans.

With the ports of Memel, Libau and Windau already in their hands, should the Germans be successful in their quest of Riga, they would shut Russia off entirely from the sea by way of her southwesternmost governments.

The German and Austrian campaign for the possession of Warsaw was met by the Russians with strong counter-offensive movements against the attacks from the Vistula, near Ivangorod, between the upper Vistula and the Bug, and in the Narow sector near Rozan.

## KAISER DECLARES CONSCIENCE CLEAR

London.—Emperor William has issued a manifesto to the German people on the occasion of the anniversary of the outbreak of the war, according to a dispatch received in Amsterdam from Berlin. In the manifesto, which was issued from the main headquarters of the German army, the emperor says:

"Before God and history my conscience is clear. I did not will the war. After preparations for a whole decade the coalition powers, to whom Germany had become too great, believed that the moment had come to humiliate the empire, which loyally stood by her Austro-Hungarian ally in a just cause, or to crush it in an overwhelming circle. No lust for conquest, as I already announced a year ago, has driven us into the war.

"Full of gratitude, we can say that God was with us. The enemy armies who boasted that they would enter Berlin in a few months are with heavy blows driven back far east and west. Numberless battlefields in various parts of Europe and naval battles off near and distant coasts testify what German anger in self-defense and German strategy can do. No violation of international law by our enemies will be able to shake the economic foundation of our conduct of the war."

### BRITAIN HOLDS FIRM

**Maintains Orders-in-Council Are in Accord With International Law.**

Washington.—Three notes from Great Britain and one from Germany, all dealing with the commercial rights of neutral nations in wartime, are before Secretary Lansing.

The first British note defends the orders in council, the second justifies the allies' efforts to cut off Germany's export trade and the third defends prize court proceedings. The German note continues the discussion over the sinking of the American ship William P. Frye, and is said to justify Germany's course in sinking merchant ships provided she pays for them.

The United States shortly will reply to the British notes, but it is not known what course will be pursued regarding the German note.

### Grand Aerie of Eagles in Session.

Spokane, Wash.—Spokane and the state of Washington officially welcomed delegates to the grand aerie, Fraternal Order of Eagles, which opened its session here Monday.

On a stage representing an Indian camp Governor Lister and city officials delivered addresses of greeting to the visitors, and grand officers of the Eagles responded.

### Trade With Germany Falls Off.

Washington.—The effect of the war on the trade of this country with Germany is clearly shown in a statement of the declared value of exports to the United States through the ports of Hamburg, Kiel and Luebeck, made public by the department of commerce. During the first six months of 1914, these ports sent to the United States goods valued at \$14,994,585. This year, in the same period, the shipments amounted to \$1,153,257.
