DEFENSE MEASURES URGED BY MR. TAFT

Portland, Or.—Ex-President Taft, who visited Portland to attend the joint meeting of the Oregon and Washington state bar associations, was entertained by the local Press club at a luncheon and in an address for the first time since he left the White House gave his views on the question of protecting the nation against possible foreign aggression. He did not mince words. He came out flat-footed and straight from the shoulder in an earnest appeal for a bigger navy, an improved system of coast defenses and a larger and more mobile standing army. "There are two possibilities," he said, "that are requiring that the nation show its strength." He referred to the European situation and it was obvious that the other possibility that he had spoken of was the situation in Mexico. "We read," he continued, "of the great European war, and the immensity of the struggle appals us. "It ought to take us away from the smug feeling of contentment. While we ought to be grateful to a kind Providence that we are removed from the present conflict, that should not blind us to the necessity on our part to take early action, so that we shall not find ourselves in a humiliating position if an aggressor shall seize on us."

HUGHES GIVES REASONS

Position Declared to Deprive Man of Right of Candidacy. New York.—The text of the letter received from Justice Hughes by ex-Governor Stokes, of New Jersey, indicating Justice Hughes' disapproval of the use of his name in relation to the presidential campaign, was published by the Evening Sun, with the writer's permission. It is as follows: "Washington, May 20, 1915.—My Dear Governor: Your letter of May 17 has been received. I think that my recent statement covers the ground. It seems to me clear that, as a member of the supreme court, I have no right to be a candidate, either openly or tacitly. I cannot do my work here and hold an equivocal position before the country. I must, therefore, ask that no steps be taken to bring my name before the convention."

Missouri Flood Victims Without Food. St. Louis.—Two thousand residents of Valley Park, Mo., made homeless when the 35-foot rise of the Meramec river flooded the town with 10 to 15 feet of water, faced a food and drinking water shortage, which threatened to result disastrously.

Frank Lynchers Are Unidentified. Marietta, Ga.—The coroner's jury inquiring into the lynching of Leo M. Frank returned a verdict that Frank "came to his death by hanging at the hands of parties unknown."

WHOLE RUSSIAN LINE IN SWIFT RETREAT

Grand Duke Withdrawing So Rapidly German Infantry Finds Pace Hard.

Berlin, via London.—The whole Russian line is again in retreat in the direction of Petrograd, after feeble attempts to check the Austro-German advance. The Brest-Litovsk armies are wheeling to the northeast, falling back so rapidly that the German infantry at certain points had been unable to keep in contact with the enemy. German cavalry is harassing the enemy's rear-guards. Press dispatches received here said the Russians have abandoned a large number of guns they moved with from Brest-Litovsk. The Russian armies retreating north and south of Brest-Litovsk are separated by the Rolikno swamps, and military men here say that the Austro-German strategists are in a position to mass forces against either Russian wing and expose it to a crushing defeat. Dispatches received here say that the Russian resistance behind Brest-Litovsk has been broken and the pursuit by the Teutons is being pressed.

In Galicia the new offensive inaugurated by the Austro-Germans under Count Bothma is forcing the enemy back upon the Brody-Tarnopol line, from which it seems probable that they will be driven across their own frontier. The Zlota-Lipa river, with its steep banks, was the last formidable barrier to the German advance.

ROCKEFELLER BLAMED FOR COLORADO WAR

Chicago.—The responsibility for the strike of coal miners in Colorado in 1913 and 1914 and for the disorder and suffering that followed is placed squarely on the shoulders of operators in a report by George P. West, publicity director of the commission on industrial relations, made public by the commission. The Colorado Fuel & Iron company, controlled by John D. Rockefeller, is declared to have been the leader in formulating and carrying out strike policies. Mr. Rockefeller and his son, John D. Rockefeller, Jr., are charged, first, with the selection of incompetent and reactionary agents to serve as executive officials in this company, and, second, with giving their heartiest endorsement and support to these officials after they had taken action that precipitated the worst of the troubles. Mr. Rockefeller, Jr., is charged with having approved measures to coerce the state government of Colorado and with having flouted the will of the president of the United States.

FIGHTING IN WEST VIOLENT

Hand-to-Hand Combat, Heavy Bombardment and Air Raids Mark Day. Paris.—"There was violent hand-to-hand fighting at Marie-Therese and to the west of the forest of Maligncourt for possession of excavations made by mines," says a French official statement. "We remained in possession of these positions. "We subjected to a heavy bombardment the trenches and groups of German pioneers over the whole line along the Lorraine frontier at Gremercy, Bezange, Gondrexon and Emberville. There was heavy fighting with bombs and hand grenades in the region of Metzeral. "Our aeroplanes bombed the railway station and the barracks of the enemy at Grande Pre (in the Ardennes), as well as the barracks at Monchemin and Ebanon, in the Argonne."

BRITAIN SENDS MORE GOLD

Nearly \$45,000,000, Part Securities, to Strengthen Credit. New York.—Nearly \$20,000,000 in gold and securities worth \$25,000,000, the second largest shipment sent from London to strengthen British credit in this country, arrived here on a special train of seven steel cars, guarded by 38 armed men.

The shipment came direct by rail from Halifax, N. S., to which port it was conveyed by a British warship conveyed by smaller craft. On the way to New York the train was preceded by a pilot engine and car.

The gold and securities were consigned to J. P. Morgan & Co. for account of the British government.

ADMIRAL VON TIRPITZ

Admiral von Tirpitz, head of the German navy, who is said to be responsible for the German submarine warfare.

BRIEF WAR NEWS

The Holy Synod has prescribed a period of fasting of three days, beginning September 8. The Russian fortress of Ohta, on the Niemen river, 30 miles south of Kovno, has been evacuated. Little change in the situation in the Dardanelles is indicated by recent advices, both official and unofficial. The Italians assert further minor successes on all their fronts, but these are consistently denied by Austria. On the front in France, the artillery and the airmen have been active, but infantry sallies from the trenches have been lacking. It is announced that Russia is raising another army of 2,000,000 men, and that the fate of the campaign won't be decided until sometime next year.

A joint telegram expressing entire confidence in the future has been sent to Grand Duke Nicholas, commander in chief of the Russian armies, by President Poincare, Minister of War Millerand and General Joffre, the French commander.

Aircraft again have broken the monotony of the western warfare. Sixty-two French aeroplanes flew over the Dellingenen iron works near Saarlouis, Rhenish Prussia, dropping 150 bombs, while a British aviator is reported to have dropped a bomb successfully on and destroyed a German submarine off Ostend.

SHORT NEWS NUGGETS

By a vote of 77 to 67, the New York constitutional convention rejected the literacy test for voters. Hundreds of men are fighting forest fires in Western and Southern Oregon, covering thousands of acres. Colonel Archibald Blakely, aged 88, and the last of the group of men who organized the Republican party in 1856, is dead at Pittsburg.

Miss Marcia, daughter of Representative and Mrs. Victor Murdock, was married at Wichita, Kan., to Lieutenant Harvey Delano, U. S. N. Art Smith, aviator, fell at the state fair grounds, at Des Moines, Ia., and wrecked his machine, but was uninjured. He struck an electric wire 30 feet from earth.

Frank L. Polk, corporation counsel of New York city, has accepted the post of counsellor to the state department. Formal announcement of the appointment was made by Secretary Lansing.

A majority of governors and ex-state executives, delegates to the governors' conference at Boston, at the final session of the conference agreed that the United States is inadequately prepared to resist invasion by a hostile European force.

Currier Confesses Burning Buildings.

Portland, Or.—Sanford W. Currier, a contractor and builder, who was arrested last week, confessed that he has, for the past 10 years, made a fairly profitable business of building houses, partly furnishing them, setting fire to them, and collecting the insurance. The operations of himself and seven or eight accomplices whose names are being withheld by District Attorney Evans' deputies, extended from Texas to Washington.

Spanish War Veterans Meet.

Scranton, Pa.—The national convention of the Spanish-American veterans opened here Monday, with a large attendance of delegates. Commander-in-Chief Charles Cramer presided. Reports of officers showed a membership of 37,544.

WILSON HOPEFUL OF FINDING SOLUTION

President to Stay in Washington Until German Controversy is Settled.

Washington.—President Wilson decided definitely to remain in Washington until the situation between the United States and Germany is cleared up. The president, it was said authoritatively, has been led by the statements of Count von Bernstorff, the German ambassador, to Secretary Lansing, and reports received from American Ambassador Gerard at Berlin, to hope that a solution for the submarine controversy with Germany will be found.

Press dispatches from Berlin saying Germany had decided upon a policy, in connection with the sinking of the Arabic, in accord with the recent statement of the imperial chancellor, were noted with satisfaction in official circles here.

The chancellor said, if it developed that a German submarine commander had gone beyond his instructions, Germany would not hesitate to give complete satisfaction to the United States. Formal assurance to this effect was given to the state department last week by Count von Bernstorff, the German ambassador, on instructions from Berlin. The ambassador already had informed Secretary Lansing that German submarines had been ordered to torpedo no more peaceful merchantmen without warning.

So far as officials here know, the submarine commander who attacked the Arabic has not yet reported to Berlin. Until this report has been awaited a reasonable time, the Washington government does not expect the promised formal communication from the imperial government.

FLOODS MAKE 5000 HOMELESS

Little Rock, Ark.—More than 5000 persons are homeless within a radius of 200 miles of Newport, Ark., and many others marooned in their homes by flood have been living in upper stories or on roofs for four, five and even six days, it was said here by D. C. Welty, agricultural commissioner of the St. Louis, Iron Mountain & Southern railway.

After a motorboat trip of a week through the flooded section, Mr. Welty reported that he found conditions serious, thousands of acres of rich farm lands under water, heavy loss in livestock and personal property, but that apparently there had been no loss of life, and refugees were being well cared for in various camps.

Four hundred more inhabitants of the Cache river valley were added to the long list of refugees when a levee of the Cache river gave way, forming a lake 20 miles square between the Cache and the White.

F-4 IS PLACED IN DRYDOCK

Bodies of Crew May Have Been Destroyed by Marine Creatures. Honolulu, T. H.—The hull of the submarine F-4, lost in Honolulu harbor March 25, with her crew of 22 men and raised and placed in drydock, lies exposed to view. The craft has not yet yielded up its secret. No bodies have been discovered, nor has the brief examination thrown any light on the cause of the accident that caused the diver to sink and fail to come up again.

If any bodies remain in the F-4, they are underneath the debris. Doubt is expressed, however, if any will be found, for the great holes torn in the submarine, only part of which were protected by mats during the months of raising operations, allowed the marine creatures to enter and it is feared the bodies have been entirely destroyed.

"Bossism" Scored by Elihu Root.

Albany, N. Y.—From the floor of the constitutional convention President Elihu Root condemned the system of "bossism" and "invisible government" which, he said, to his knowledge has dominated New York for 40 years, and pleaded that the people be armed with the short ballot that they may establish their own rule.

Mexican Plot Is Frustrated.

San Antonio, Tex.—With the arrest here of 26 Mexicans, 23 of whom were detained, Chief of Police Lancaster and federal authorities announced that a plan to incite the Mexican population of San Antonio to deeds of violence had been frustrated. The establishment of a Mexican republic in Texas had been plotted.
