Under the Direction of the

Famous McClellan Aviation Company
Full Four Days at the
CROOK COUNTY FAIR

Thomas W. Lawson's Fine Hogs will be a show in themselves. This is the largest collection of fine, high-priced hogs of the various breeds owned by one man in the world. It is an exhibit that is worth coming across the continent to see. Mr. Lawson has spent a great many thousand dollars in getting these hogs together. He knows that the proper development of any country depends upon its stock, and is doing a wonderful service for Crook County.

Did You Ever See a Buckaroo's Nightshirt Race or a Potato Race on Horseback

Or an automobile slow race, or an automobile race where the driver has to stop and eat a piece of pumpkin pie and thread a needle and then light a cigar and do other such stunts each time he goes around the track? See these things and many others at the fair. This fair will be a fair that will put all former efforts in the shade.

If you want to have some fun, or want to see good stock, or like to hear good speeches, or like good racing, or wish to hear the Governor speak, or like to be with the big crowds, and see the school children march, and hear all kinds of good music, see good shows, ride in the merry-go-round, or in other words, if you possess that streak of human interest that inspires a real fair, meet us on the fair grounds on October 6, 7, 8 and 9.
