What's Doing in The Public Schools

At a class meeting last Friday
afternoon the eighth grade elected
the following officers: President,
Manda Harris; Vice President, Kate
Thevenin; Secretary, Zenda Hend-
rickson; School Reporter, Paul Mat-
thews; and Surepta Johnson as yell
manager. The class colors decided
on were blue and white.

The president of the class was
then given a couple of drawers in
the principal's desk for her own
and given control of the room during
such times as it was necessary for
him to be out. We show our respect
for our class president by maintain-
ing good order during the absence
of the principal.

At ten minutes past one last Fri-
day we were surprised to hear the
fire alarm given. Tho it was the
first fire drill of the season, we were
all out of the building in sixty-two
seconds after the gong began to ring.

A meeting of the program com-
mittee of the Parent-Teachers' As-
sociation was held at the home of
Mrs. C. W. Elkins, and the program
for the next two meetings was
agreed upon.

The girls of the normal depart-
ment are assisting Mr. Schreder in
cataloging and classifying the library
books of the Public School. Work
was begun on the books last Mon-
day evening and the girls will put

in an hour each evening until it is
done.

The three upper grades are now
at work on a cantata which will be
given jointly by them in the future.
The intermediate grades are prepar-
ing some musical work to be given
at the Parent-Teachers' meeting
soon.

A meeting was held by the com-
mittee of the teachers to decide on
what would be bought and where
the first social hour would be held.
A pleasant time is anticipated by
the teachers.

- FORD TOURING CAR - \$440.00
- FORD TOWN CAR - \$640.00

equipment, otherwise cars fully equipped

no reduction in these prices prior to August 1, 1916

Profit-Sharing with Retail Buyers

On August 1, 1914, we made the announcement that if we
could make and sell at retail 300,000 Ford cars between August
1, 1914 and August 1, 1915 we would share profits with the re-
tail purchasers, to the extent of from \$40 to \$60 on each car.
We have sold over 300,000 Ford cars in the time specified, and
profit-sharing checks of \$50 each will be distributed as rapidly
as possible after August 15, 1915. Retail purchasers who have
not yet mailed us their profit-sharing coupons, properly en-
dorsed, should do so without delay.

Our plan to profit share with retail purchasers of Ford cars
during 1914-15 has been most successful. We thoroughly be-
lieve in it, but, realizing the uncertainty of conditions gener-
ally makes it advisable to defer any announcement of future pro-
fit-sharing until a later date.

We are, however, confident of our inability to reduce costs for
several months, and therefore can offer no profit-sharing for
cars delivered during August, September and October, 1915.
