**PENITENTIARY HEAD
KILLED BY CONVICT**

Warden Minto Shot Dead, City
Marshal Fatally Wounded
By Desperado.

Salem, Or.—Warden Harry P. Minto was killed by Otto Hooker, a runaway convict at 11:30 o'clock Tuesday night a few miles north of Albany, on the railroad track, when the officer and Guard Walter Johnson of the state penitentiary, were on their way north to head off the man, who had previously fatally wounded City Marshal Benson at Jefferson. Sheriff Bodine and Police Officer Rodgers accompanied the prison warden north in search for the man and the two Albany officers had but left Minto a few minutes before, taking a different tack, when Minto and Johnson, who were in a brushy pasture near the railroad saw Hooker walking down the track. Minto stepped out of the brush with a leveled shotgun and said: "You halt." Hooker raised his revolver and the two fired simultaneously, Minto falling with a bullet in his head and Hooker escaping in the dark amid a hail of bullets from Johnson's revolver.

Hooker escaped from a field near the penitentiary Monday afternoon, after working quietly for some days with a force of other convicts. Early Monday night he entered Jefferson, where Marshal Benson covered him with a revolver and ordered him to surrender. Hooker apparently complied but when the officer was off his guard the convict grasped Benson, wrenched the revolver away from him and shot him in the neck, the bullet ranging downward.

**18 MEN INDICTED
FOR LAND FRAUDS**

San Francisco.—Three attorneys, one automobile dealer and one real estate agent, all of San Francisco, were arrested under indictments returned recently by the federal grand jury charging 18 California and Oregon men with conspiring to use the United States mails to defraud.

The alleged fraud consisted in inducing people to pay them \$150 fees for filing on Oregon timber land which was held by the Oregon & California Railroad company and was not open to settlers.

The five men arrested are Attorney W. A. S. N. Nicholson, Attorney Franklin Bull, Attorney Norman D. Cook, D. J. Connors, an automobile dealer, and Byron J. Sanford, a real estate operator.

The return of the indictments began a new chapter in the story of the land fraud cases brought in Portland, Or., a year ago.

FIFTY DEAD AT ARDMORE

Property Damage of \$1,000,000 Result of Gasoline Explosion.

Ardmore, Okla.—A spark from a workman's hammer ignited a tank of gasoline here, and fifty persons were believed to have been crushed to death under falling walls or burned to death while pinned in the debris. The property damage was estimated at \$500,000. A score of fires caused by the flaming gasoline, which was thrown for blocks when the car exploded with a terrific detonation, were got under control.

There are at least 200 injured, some of these probably fatally. Of the 45 known to be dead, 21 were negroes and one was an Indian. Two negroes are missing. The others are all white.

It is supposed that a spark from a hammer of one of the workmen repairing the car ignited the gasoline.

Eyewitnesses said flames shot into the air for a distance of 200 feet immediately preceding the explosion, which scattered the flaming liquid for blocks, thus starting scores of fires in the buildings wrecked by the concussion.

Washington Welcomes War Veterans.

Washington.—Washington welcomed thousands of members of the Grand Army of the Republic during the forty-ninth annual reunion, which began Monday and reached its climax Wednesday, when survivors of the conquering union army marched from the capitol to the White House in commemoration of the grand review held after the close of the civil war. About 30,000 veterans, it is estimated, participated.

Dumba Wants Safe Conduct.

Washington.—Dr. Constantin Theodor Dumba, the ambassador from Austria, telegraphed the state department from the summer embassy at Lenox, Mass., that he had been ordered home by his government, and asked that a safe conduct be arranged for him.

M. Radoslavoff, premier of Bulgaria, whose negotiations with the Belgians has caused much speculation as to which side Bulgaria would favor.

BRIEF WAR NEWS

Greece answered the Bulgarian call to arms by ordering general mobilization of her land forces.

Germany's third war loan was oversubscribed \$507,000,000, according to official announcement. Ten billion marks (about \$2,500,000,000) was asked. Subscriptions totaled \$3,097,500,000.

The Italian official communication records the repulse of Austrian attacks at various points and declares that in the region of the Danos and Giudicaria valleys the Italians by a surprise attack succeeded in demolishing part of the Austrian trenches.

All the way from the Baltic port of Riga to the Pripet marshes the Russians are holding their line stubbornly in an attempt to bring their long retirement to an end. The fighting is particularly severe southeast of Vilna and east of Dvinsk. Envelopment of the Vilna army having failed, it is assumed the Germans will develop their offensive movement at Dvinsk, with the view of an ultimate blow at Riga.

American vessels carrying conditional contraband of war hereafter under no circumstances will be sunk by Germans, nor will American merchantmen carrying absolute contraband of war be sent to the bottom except in cases of extreme necessity. These promises are made to the United States in a new note from Germany concerning the sinking of the ship William P. Frye.

That the long-expected "drive" by the Anglo-French allies on the western front has begun is indicated by dispatches from London, Paris and Berlin. The Paris report says that gains have been made. Berlin declares the allies have suffered heavily. The offensive was preceded by an intense artillery bombardment lasting 50 hours. Fierce hand-to-hand fighting ensued at many points.

Can be used on new, old or canvas covered floors. Does not soil delicate fabrics. Sprinkle it on the floor and the dancers do the rest.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

Scott & Bowne, Bloomfield, N. J.
