

## PRINEVILLE MARSHALS WILL BE APPOINTED

### Tax Amendment Vote Lost by a Tie.

### ONLY THIRTY PER CENT VOTE

### New Measure Will Take Effect at Once—Sixty-Five Women Vote.

In Prineville city politics, the fight for the office of marshal will not longer be the dominant feature, for by their vote on Friday of last week, the people decided to have that official appointed by the council instead of elected by the people as at present. The new law will be in effect this year, and at the city election next month the marshal will not be voted upon.

The decision was a close one, 94 votes being cast in favor of the change and 93 against it. The votes in the matter of raising the millage limit from 10 to 15 mills was defeated by a vote of 92 to 92. There were but 187 votes polled out of a registered total of some 600. Of the votes cast, 122 were cast by men and 65 by women voters.

## A Prineville Woman Entertained in Ohio

The home of Mr. and Mrs. D. A. Glover, of Third street, on Wednesday afternoon, was the scene of a charming Thimble party, when Mrs. Glover entertained a company of ladies in honor of her mother Mrs. McDaniel of Prineville, Oregon, who has been her guest and who leaves soon for Kentucky to spend the winter.

The afternoon hours were followed by a beautifully appointed luncheon at five o'clock. The decorations for the tables were fall flowers, while the home was most artistically trimmed with foliage and flowers —Elyria Ohio News.

## SNOW AND RAIN BRING OPTIMISM

### General Storm Followed by Mild Weather

The present storm, which is of great benefit to all parts of central Oregon, is general and seems to be the heaviest that has occurred for some time.

The first of the week snow was reported in varying depths of from four inches to fourteen in the mountains to the northeast and south of this city and Monday night an additional snowfall was reported in some places to the amount of a foot or more.

Rain on the low lands is making the roads muddy, and changing the dust holes that have been so troublesome during the summer to small lakes and mudholes.

The stockmen say that it will benefit the ranches some, even at this late date; the farmers are jubilant over the prospects for some fall sown grain, and the public in general is highly pleased.

## DEVELOPMENT LEAGUE REORGANIZED AT BEND

### Meetings and Banquet Held Last Night

### ROBERT STRAHORN PRESENT

### Prineville Had Largest Delegation Present—Gets Positions.

"Your irrigation projects, lumber industries and other resources must be developed and the building of railroads will be easily accomplished," said Robert E. Strahorn at the meeting of the Central Oregon Development league at Bend last night. "Small beginnings in these enterprises can spell success. In fact some if not the most of the great western railroads had their beginning perhaps in a much more humble way than the lines which I have decided today to build with your assistance."

"I am building these roads for the people of Central Oregon, and

### Boegli Grade to Be Built.

The Boegli grade in Jefferson county is to be built at last according to reports from Culver, the present county seat. This road is becoming a very important one because of the development of the Grandview country, and while a part of Crook County some \$25,000 was expended on bridges and grades in crossing the Crooked River and Deschutes which at that point are more than 1000 feet below the level of the surrounding country.

## Brothers Meet at Sisters for First Time

The unusual case of two brothers never having met before became known a few weeks ago, when Jos. Rivertof Kellogg, Ida., arrived at the farm home of his brother, Gilbert Rivet, five miles east of Sisters. The brothers were born at Juliet, Canada. Joseph on September 9, 1836, and Gilbert on April 23, 1855. Joseph left home at the age of 19, six months before Gilbert was born, and, although they lived as near as 300 miles of each other, the opportunity had never presented itself for them to meet until the arrival of the older brother on his recent visit. Although Joseph Rivet is now 79 years of age, he is hale and hearty and has the appearance of being much younger.
