## NEWS FROM THE SCHOOLS

### C. C. H. S. NOTES.

"The U. S. As a World Power," was the topic on which Stacy Smith addressed the assembly Wednesday morning, per arrangement of Superintendent Baughman, wherein every Senior is required to appear before the student-body with talks or musical numbers. This address was especially good,—well expressed in terms of good English which showed a wide ranged reading vocabulary on the subject discussed.

A glimpse into the shop of the Manual Training building on any afternoon gives to the eye an interesting scene. Everyone seems busy with a definite object in view and all are conscious of a work well rendered. Book-keeping tables are now being made as well as many other useful and practical articles of furniture.

In considering the many points of value in the irrigation project now holding the interest of this community, do not overlook the fact of the stimulus it would be to the schools. The C. C. H. S. is now at a high state of development and should the occasion ever arise that its support shall be by this section alone, then would the strength of this new endeavor, if finished, be felt in conserving the C. C. H. S. at its present status.

### PUBLIC SCHOOL NOTES.

Zenda Hendrickson, Reporter. Last Friday completed the fifth month of our school year. The report of the teachers showed two hundred and twenty-one pupils attending school regularly. Eight new pupils entered the first grade at the beginning of the second semester, and six pupils were graduated from the eighth grade. They all entered the high school.

The Public School is now completely equipped with new fire hoses and hangers. The hose was intalled by Mr. King last Monday.

Friday afternoon the eighth grade had its election of officers. Zenda Hendrickson was elected to the place of school reporter to succeed Paul Mathews. Harold Davis was elected president of the class, Bernice Shipp vice-president and Arleath Charlton secretary. The class has decided to go in with the seventh grade and give a play which will be presented before the Parent-Teacher's Association at their regular meeting in March.

The program committee of the Parent-Teacher's Association met at the home of Mrs. Walker last Monday evening and arranged the programs for the balance of the year. The next regular meeting of the Association will be on the fifteenth of February.

Even the weather man seems to be having it in for our janitor. Besides keeping him up the best part of the night every night to keep the pipes from bursting and the plants from freezing a skiff of snow has to come along every day so as to be sure that he earns his money sweeping snow off the side walks. If you see him looking at the sky with a heavy frown on his face whenever a cloud passes by these days it is easy to guess the reason.

Seven of our teachers have already declared their intentions of going to summer school and continue their studies during the coming summer. It is seldom indeed, that a town is fortunate enough to get such a large percentage of teachers that take this professional standing.

On the 4th day of March the upper grades are going to present to the public an operetta entitled, "The Merry Milkmaids," a play for which we make no apology.

The work is being carried on by Miss Bilyeu in her music class and that fact alone should guarantee to those who know her work the excellence and quality of the production that will be given.
