THE FLAVOR OF "SPEAR HEAD" IS UNIQUE

A Chew That Has Been Famous for a Third of a Century

HAS THE RICH RED BURLEY TASTE

Chewing is the only way to get the rich taste of the tobacco leaf. And the only form of tobacco in which you get the leaf as Nature made it is the plug form.

A chew of Spear Head plug tobacco has a wonderful flavor such as you never did and never will taste in any other tobacco.

That Spear Head flavor is unique, mellow, fruity, everlastingly delicious and satisfying.

Spear Head has been famous for a third of a century as the richest, tastiest of chews.

It's made of sun-ripened, red Burley. And it's produced by the most modern methods, which develop the luscious flavor of the leaf to the supreme degree.

It is safeguarded at every step in its making. The factory is clean and sanitary—the processes are pure-food processes.

When the choice red Burley has been pressed into mellow, sweet Spear Head plugs you have a chew that simply can't be equalled.

Spear Head is the high quality chew of the world.

Try Spear Head—you'll never again be satisfied with any other chew. In 10c cuts, wrapped in wax paper.

NEWS FROM THE SCHOOLS

C. C. H. S. NOTES.
Robert W. Osborn, Editor.

Second in the series of Senior talks was an able address by Miss Gladys Bayne, on the subject of "Simplified Spelling." Miss Bayne very forcibly explained the value of simplified spelling, its adaption to the primary grades which in the later case would do much to eliminate the confusion of the younger minds in learning words similar in pronunciation, but spelled differently.

A five course banquet, managed by the girls of the Home Economics Club, was served to the debaters and coaches Tuesday evening, and the boys now seem to think that Domestic Science is a mighty good study for girls. The evening was given over to discussion and plans for the campaign against The Dalles, which will probably be February 4.

At this time, Yancey and Prewitt will appear in The Dalles and Ramsey and Rice will be heard in the local debate.

Mr. Baughman is much interested in having a single session high school. In explanation, a single session means convening school at 8 a. m., and running the 8 periods straight through until 1 p. m. This system has many good points and from the number of students willing to give it a trial, it may be experimented upon.

Near the close of "Fanny's Dilemma," when troubles are being adjusted, the discovery is made that Lord Vernon's aunt was a washerwoman, and after the way Fanny has been scored for being an actress, this fact brought to the minds of her persecutors the thought that after all, human beings are weighed by their worth of character and not by ancestry. There are many maxims hidden in action of the play which will delight the audience.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol.
