# PLUG CHEWING A WHOLESOME HABIT

In No Other Way Can You Get All the Richness and Flavor of the Leaf

## "SPEAR HEAD" BEST CHEW

Many prominent physicians declare chewing to be the most wholesome way of enjoying tobacco.

"I began chewing some years ago," said one, "and I soon found that it is the only way to get the benefit of all the rich juices stored up by nature in the tobacco leaf. I refer, of course, to the plug form of tobacco, which is the most natural and the cleanest form."

"Chewing good tobacco like Spear Head makes the salivary glands more active, which in turn has a beneficial effect on the whole system. Add to this the sweet, mellow, delicious flavor of a chew of Spear Head, and you have the highest possible degree of tobacco satisfaction."

"I mention Spear Head because I have found that this brand is exceptionally pure, being made in a factory that is run strictly according to pure-food rules."

Spear Head is made of sun-ripened Burley, which is acknowledged to be the richest, mildest, finest flavored tobacco leaf in the world. And it is produced by the latest processes, which develop the quality and luscious flavor of the choice Burley to the supreme degree.

A chew of Spear Head has a wholesome relief that is not found in any other chewing tobacco. In 10c cans, wrapped in wax paper.

## NEWS FROM THE SCHOOLS

C. C. H. S. NOTES.

Robert W. Osborn, Editor.

Next Monday, February 21, is the date which will be your opportunity to see "Fanny's Dilemma," staged by the Athletic Association and coached by Miss Sykes. Come and see Estelle Conway in the role of the chic and vivacious Fanny for whom, by the way, the girls of the sewing class are designing a gown, and as she is an actress-direct from New York, this gown may be surprising; see Ernest Estes as Newton, her business manager, a blase man of the world who instigated Fanny's marriage with Lord Vernon. The latter part is taken by Fair McCallister, who interprets the manner of a lord ruled by his servants. Clinton Houston, as Bennett, the stiff old English butler comes the nearest to being the arch-villain of the many relations, about twenty, who constantly keep Fanny in hot water. There is Jimmy King, as an indolent errand boy, fussy aunts, more proud nieces and Dr. Freemantle, dear old Dr. Freemantle, you will laugh before Stacy Smith opens his lips to speak. Pretty girls dominate the cast too, a dozen of Fanny's chorus friends visit her at his Lordship's palace. Try to imagine the result.

The Wednesday morning assemblies are becoming more and more instructive and entertaining, largely due to the Senior student talks. Miss Victoria Houston disclosed many interesting points in her discourse on "Progress," showing the advance made in the past centuries of the material, mental and moral phase of the subject, and their relation to individuals. In the latter case the thought was divulged, whether or not, and your ideas are in accordance with this spirit of progress. The Girl's Glee Club rendered two pleasing selections and withal the period was well spent.

In the afternoon, as part of the musical numbers of the Societies, the Ochoconians are responsible for securing the participation of Messrs Glaze and Wilson in an oclerina and mandolin duet. The oclerina, commonly known as the "sweet potato," played by Mr. Glaze, was new to the most of us, but found the tones very expressive and harmonious.

A marked improvement is to be noted about the buildings now, due to the fact that "Gus" is back on the job as janitor.

## RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.
