WARREN BROWN.

We are running this week for the first time, the formal announcement of Warren Brown for the office of county clerk to succeed himself.

Mr. Brown has been clerk of Crook county for a number of years, and his record is an enviable one. He is known personally to a great many of the voters, and is in a position to poll a heavy vote.

It is not probable that he will have any contest for the nomination but of course will be opposed at the general election by a republican candidate.

J. H. HANER A CANDIDATE.

We announce in this issue of the Journal the candidacy of J. H. Haner, for County Clerk on the Republican ticket. Mr. Haner is well known here, having been in the abstract business in this city for years. He is the only Republican yet in the race, and his is the first announcement to be given the people thus far. He is now a resident of Bend, being connected with the timber interests there.

TO POISON RABBITS.

Mix a tablespoonful of glass starch in a half teacup of cold water, and stir into one half pint of boiling water to make a thin, clear, mucilage. Mix one ounce of powdered strychnine with one ounce of powdered bicarbonate of soda, and stir with the starch to a smooth creamy mass, free of lumps. Stir one fourth of a pint of heavy corn syrup and a tablespoonful of glycerine, and finally a scant teaspoonful of saccharine. Apply to 20 quarts of oats, and mix thoroughly to coat each kernel.

Each quart of poisoned grain is enough for 40 to 60 baits. This amount scattered along squirrels' trails, or on clean, hard places on the surface in proximity of squirrel holes, will not endanger stock.

The office of Circuit Judge, for Crook and Jefferson Counties, was created in 1915, and T. E. J. Duffy, was appointed by Governor Withycombe to fill the position. Although Judge Duffy registers as a democrat it may be noted, that his appointment was made by a republican governor, who among a great number of people regards such office as nonpartisan. Judge Duffy, entered upon the discharge of the duties of such office, giving up his private practice of law, to devote all of his time to it, and it can be safely said that he has administered such office fairly, impartially and in a business like manner. It would therefore seem no more than right, in view of his record, that he be nominated and elected to succeed himself for a further term. Paid Advertisement.

Simplicity the Keynote of Player Piano Perfection

No longer is personal skill the dominant factor in the production of GOOD music with the player piano. No longer is it necessary to follow intricate and complex lines on music sheets. No longer need one confine his whole attention to the manipulation of levers and buttons in order to produce even moderately satisfactory musical results.

The Angelus Player Pianos

by their wonderful simplicity of construction and control remove the one great obstacle, complication, and open wide the doors to perfect music in every home.

THE TOUCH OF ONE FINGER CONTROLS THE ANGELUS—just the index finger of the right hand, resting on the phrasing lever (an exclusive Angelus patent), gives a control so perfect, so simple, that you will marvel at the result and the ease with which it is attained.

The "MEL-O-DANT", patented, separates melody and harmony just as in hand playing, making manipulation of levers and buttons unnecessary and producing results possible only to the Angelus.

The DIAPHRAM PNEUMATICS, the self opening and closing pedals, are other exclusive Angelus features. There are many more.

Measured by their quality, Angelus products are very moderately priced. Your old piano in exchange. Balance on easy payments.
