THE POLITICAL OUTLOOK.

You must register before April 18, if you wish to vote at the primaries. Don't put it off, register today.

On or before April 19, the candidates' petitions will all have to be filed at the Clerk's office in this city in order to get a place on the primary ballot.

Those who have filed their declarations to become candidates with the clerk to date are: Ernest T. Luthy for commissioner, H. H. DeArmond for district attorney, Charles A. Carroll for assessor, S. E. Roberts for sheriff, R. D. Ketchum for assessor, T. E. J. Duffy for circuit judge, and P. B. Poindexter for sheriff.

The registration has been very slow to date.

WHY NOT?

The bond issue will carry by an overwhelming vote next Tuesday and that Prineville has taken an important step in the march of progress will be proclaimed throughout the land immediately. How much more it would be worth to the community were the vote unanimous.

DIVISION IN GRANT.

The matter of dividing Grant county will be submitted to the voters there this year according to the Blue Mountain Eagle. It is proposed to cut off a part of the north end of the county, which would place the county seat at either Long Creek or Monument.

AS USUAL.

The date of the Bend Chautauqua is just one day later than Prineville. They will start on July 4 and close July 9, while our dates are July 3 to 8. Naturally, Bend is just a little behind Prineville.

The office of Circuit Judge, for Crook and Jefferson Counties, was created in 1915, and T. E. J. Duffy, was appointed by Governor Withycombe to fill the position. Although Judge Duffy registers as a democrat it may be noted, that his appointment was made by a republican governor, who among a great number of people regards such office as nonpartizan. Judge Duffy, entered upon the discharge of the duties of such office, giving up his private practice of law, to devote all of his time to it, and it can be safely said that he has administered such office fairly, impartially and in a business like manner. It would therefore seem no more than right, in view of his record, that he be nominated and elected to succeed himself for a further term. Paid Advertisement.

Eggs of Crabs and Lobsters.

Crabs and lobsters are hatched from eggs, resembling upon birth nothing so much as the animalcules shown by the microscope in a drop of ditch water. They are as unlike the shellfish they are to become in mature life as a grub is unlike a butterfly. In the case of the crab the egg clusters are attached beneath the animal after extrusion, while with the lobster they become fastened to the tail, which by its fanning motion increases the stream of oxygenated air through and among the ova.

His Portion.

"Will you share my portion?" asked the poor young man. "I fear yours is only a half portion," said the girl gently. "You will need it all for yourself."—Louisville Courier-Journal.
