NEWS FROM THE SCHOOLS

C. C. H. S. NOTES.

Miss Jessie Haritt, instructor in the Domestic Science department of the Redmond High School and a classmate of Miss Sykes, was the guest of the latter during the week-end.

Last week a large party of high school boys and girls chaperoned by members of the faculty, congregated on the campus and then hiked to the old quarry a mile east. Here after everyone had contributed their several packages a most bountiful spread was held and much fun had in the eating thereof. Some of the party returned home at this time and the rest became involved in a race to the top of Barne Butte which was won by a member of the faculty. The view from the summit was greatly enjoyed and a safe return was made, though tales were told of ditches, wire fences and strange noises.

The D. S. girls have finished their course for the year and are now studying home nursing.

Noah Vibbert's talk on "Efficiency" in the assembly, was an especially strong one and essential points for success were brought out.

The boys in the shop have made some useful articles of furniture for use in the school. R. W. O.

Sisters News

The dwelling of B. L. Tone north of Sisters was burned to the ground last Friday morning. It was partly insured.

H. K. Allen is the Ford dealer for Sisters and vicinity.

Road work is going on in a number of places between Sisters and Redmond.

D. A. Bowman, justice of the peace, died early Friday morning very suddenly. Funeral services were held Saturday forenoon. He was buried in the Sisters cemetery.

Friday, Mr. Dennis and family were in Bend and Saturday they visited Prineville.

H. H. DeArmond, candidate for district attorney, visited Sisters recently in behalf of his nomination.

Rev. Fred Davis of Portland, is holding revival meetings at Sisters.

H. W. Hayden visited Prineville last Saturday.

PLUG CHEWING A WHOLESOME HABIT

In No Other Way Can You Get All the Richness and Flavor of the Leaf

"SPEAR HEAD" BEST CHEW

Many prominent physicians declare chewing to be the most wholesome way of enjoying tobacco.

"I began chewing some years ago," said one, "and I soon found that it is the only way to get the benefit of all the rich juices stored up by nature in the tobacco leaf. I refer, of course, to the plug form of tobacco, which is the most natural and the cleanest form."

"Chewing good tobacco like Spear Head makes the salivary glands more active, which in turn has a beneficial effect on the whole system. Add to this the sweet, mellow, delicious flavor of a chew of Spear Head, and you have the highest possible degree of tobacco satisfaction."

"I mention Spear Head because I have found that this brand is exceptionally pure, being made in a factory that's run strictly according to pure-food rules."

Spear Head is made of sun-ripened Burley, which is acknowledged to be the richest, mildest, finest flavored tobacco leaf in the world. And it is produced by the latest processes, which develop the quality and luscious flavor of the choice Burley to the supreme degree.

A chew of Spear Head has a wholesome relish that is not found in any other chewing tobacco. In 12c cuts, wrapped in wax paper.
