M. R. Biggs is a candidate for delegate to the National Democratic Convention which will be held in St. Louis commencing June 14. This district, the Second Congressional, is entitled to two delegates and as there is only one other candidate already filed, Mr. Biggs' election seems certain. This is a very important position and one that the local man is entitled to and capable of filling. He should be elected from this district whether opposition develops or not.

A census was taken in Bend last week which disclosed the fact that the population of that city now is about 3000. It is considered by some of the optimists from that city however, that a number of others escaped the census taker. The facts are however, that Bend is becoming quite a city.

After demolishing with a heavy charge of dynamite the safe of the Redmond postoffice Thursday night, robbers succeeded in making their escape with a small sum of money. Little other damage was done and no clue found other than the discarded cash box along the railroad right of way, but it is generally thought that the breakers of the Terrebonne postoffice safe were implicated.

A very interesting, and full of life drama founded upon the plot of the widely read book, "The Spenders," will be presented at the Lyric on Saturday and Sunday of this week. It is one of the Gold Rooster series which alone insures its high standard. A Pathe travel picture, taken along the Deschutes will also be shown. This picture is being shown in practically every city in the world, and you should see it.

A sure harbinger of spring is the opening of the baseball season. So that elusive state of Nature must surely be at hand for the C. C. H. S. Cubs are scheduled to cross bats with the Paulina Lice in the Davidson Park tomorrow at 3 o'clock. No one likes a knocker. We sometimes hate to have comparisons drawn if they appear to our personal or community delinquency in any line of activity or progress. Prineville is out of the race however in one respect, it has no men's class or brotherhood organized and studying the Bible. Why not be up-to-date in this as well as railroads? Bible School at 10 a. m. every Sunday at the Christian Church, Preaching services at 11 and 8.

Surely in the stress of making wagon roads, voting a railroad and irrigation project, securing a twice daily mail service etc., Prineville has not forgotten that its own C. C. H. S. is nearly supreme in the State Debating League and if not remember to go to the Baptist Church next Friday evening April 7, and hear the contest with Enterprise. Bernard Ramsey and Orville Yancey will represent the negative side of the same question formerly discussed.

The annual meeting of the Presbyterian Church will be held on Friday evening of this week. Supper will be served a 6:30. Business will be transacted at 8. Brief reports of the work of the past year will be presented, flowers for the ensuing year, and a pastor chosen. All members of the church and all contributing to its support are urged to be present. Rev. Andrew J. Montgomery of Portland will be present to preside over a part of the meeting. He will remain over Sunday and preach at the morning service. There will be no evening service on account of the absence of Mr. VanNuy at Paulina for a special meeting on that date.

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.
