A RECORD

A dozen years ago, the Crook County High School was an institution with a mere handful of pupils, one which had just been established. By many it was predicted that the institution would fail, as had other efforts to establish schools above the grades. The isolated location of Prineville at that time was to the disadvantage of the school, some said, and many reasons were cited why a successful school could not be located here.

The answer is found in the debate of last Friday evening in which the Crook County high proved itself superior to all like schools in the entire vast territory east of the Cascades and which puts them within one contest, that with a Jefferson team, of the state championship.

This school, like most such institutions that have become really important, has been the outgrowth of a need, the result of cooperative effort, able instructors at all times, and a good and loyal board. We predict a future that will make the C. C. H. S. famous throughout the West.

IT'S HERE!

Progress comes fast when it starts; very fast indeed. This has been demonstrated by the record made by Bend during the past year. Saw mills and various other developments have followed thick and fast, all of which Prineville is pleased to see.

But Prineville is to have a burst of speed, an era of progress also, and it is now at hand. The irrigation district is progressing rapidly, the railroad matter is developing very satisfactorily and on the heels of this development will follow the Rogers mill.

Other developments are sure, but we hesitate to boast. The only safe method is to watch Prineville. The Journal advised you to do this several months ago. It is good advice yet.

Prineville was visited this week by J. W. McCulloch, who is one of the six candidates for the office of public service commissioner from Eastern Oregon.

Mr. McCulloch is a clean man of mature years, a man who has received the endorsement of many prominent men where he is well known, who no doubt, has ample ability to conduct the office to which he aspires without question. He is a resident of Ontario, and has a record for the practice of law in that part of the state that is not excelled anywhere. He is a very likable sort of an individual, one who will get votes wherever he goes. He has a wife and five children.

Don't forget Chautauqua week, July 3 to 8 this year. Comes just at the regular time to celebrate, and will be a great event. The program offered here this year is the best ever given outside of the large cities. Come, sure!

Then, there is the county fair this fall. Remember this when you plant your garden. One man took home \$43 in premiums last year, and all the prize winning products came off of less than an acre. And look at the advertising too.

The city well is next. This should be a gusher.

The mere matter of an artesian well doesn't attract attention in Prineville any more. There are lots of them, and new ones are being added to the list every few days.

NEWS FROM THE SCHOOLS

C. C. H. S. NOTES.

Supt. Baughman is in receipt of a letter from the high school of Milton, Oregon, challenging our debating team to a debate on the present question. Milton is not in the league but offers expenses and choice of side to see what they can do with the C. C. H. S. Mr. Baughman plans to accept and debate them on the way to Eugene which will afford good practice as the affirmative side is more difficult to present.

The decision over Enterprise was a pleasant revenge, for last year the result was reversed leaving the local high school in third place.

The senior address given in assembly Wednesday was made by Clinton Huston. He explained the development of the moving picture film along interesting and educational lines which showed some study on the work. Clinton is operator at the Lyric.

Boys who are interested in track are urged to report for practice. If you are not proficient now training will fit you for a place next

I hereby announce myself as a candidate for the Republican nomination for District Attorney for Crook County at the primaries to be held May 19, 1916. H. H. De Armond.

I hereby announce my candidacy for the Republican nomination for Treasurer of Crook County at the primaries to be held May 19, 1916. R. L. Jordan.

The office of Circuit Judge, for Crook and Jefferson Counties, was created in 1915, and T. E. J. Duffy, was appointed by Governor Withycombe to fill the position. Although Judge Duffy registers as a democrat it may be noted, that his appointment was made by a republican governor, who among a great number of people regards such office as nonpartizan. Judge Duffy, entered upon the discharge of the duties of such office, giving up his private practice of law, to devote all of his time to it, and it can be safely said that he has administered such office fairly, impartially and in a business like manner. It would therefore seem no more than right, in view of his record, that he be nominated and elected to succeed himself for a further term. Paid Advertisement.

INTERNATIONAL HARVESTER MACHINES McCormick Elevators Turn the Trick DID you ever go into a field of grain where one side was tall, heavy, and perhaps lodged? Then on the other side find the stand thin, short, and over-ripe? It's a pretty hard matter to set your binder so it will take care of such conditions without loss from shelling or without clogging, isn't it? Here is where a McCormick binder proves its true worth. The McCormick has an Elevator that Floats at Four Points This means that if the grain is thick, tangled, and matted, the upper elevator will expand to allow the increased volume to pass through, and then drop back to its original position for short, thin grain. There are no changes or adjustments to make—the movement is entirely automatic. Come in and see how simple this valuable feature is. W. F. KING CO., Prineville, Oregon
