Some excitement was created the first of the week when a man by the name of Yonkers, who worked on a woodsaw about town was reported unbalanced in mind and could not be found. The man in the meantime walked nearly to Howard before the sheriff apprehended and captured him. After an examination he was turned loose as his condition was not considered dangerous.

At a meeting of the Prineville baseball players Tuesday R. L. Jordan was elected manager and Ed Morse captain of the team for the coming year. With the talent available Prineville should be able to put out a strong team and defeat all comers as in times past. The opening game will be on Easter Sunday, April 23, and under the able management of Ralph Jordan, should compare favorably with that of Portland's opener. Report to Captain Morse for practice.

The opening of the baseball season was a hummer, Paulina defeating the high school 18-7 on the last count. The task of fanning the locals, caused the Paulina pitcher to become ill and after his retirement six runs were made by the Cubs on two hits. Estes played a flawless game at short and as a relief pitcher showed wonderful control, actually hitting five men in one inning with pitched balls. In an impromptu game Saturday, Paulina was defeated 12-7 by the town team.

A family reunion was held last Sunday at the T. J. Stuart place on Crooked river, near Post, when many relatives and a few friends of Mr. Stuart gathered there and spent the day. **NOT ENOUGH CHILDREN**

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.
