

FULL TICKET OF COUNTY CANDIDATES

The Time For Filing Petitions Expired Yesterday

PRIMARIES ONLY MONTH AWAY

Warm Contests Are Expected to Bring Out Strong Vote For Favorites

The petitions for nomination to the various offices in the county were all filed and checked, and all of the candidates who expressed a desire to run for office will have their names printed on the official ballots for the primaries which will be held on May 19.

The democratic contest will be very tame indeed, as compared to the republican side of the issue. The only contest on the county ticket is for the office of sheriff, where E. B. Knox, present incumbent and P. B. Poindexter will test their strength.

Warren Brown will be nominated for clerk, H. A. Foster for assessor, Ernest T. Luthy for commissioner, Wade H. Huston for surveyor, and T. E. J. Duffy for circuit judge on the minority ticket, and Willard H. Wirtz for district attorney.

The republican contest looks quite different however. For sheriff, S. E. Roberts, of Bend and J. H. Stanley, of Alfalfa will be the republican candidates.

H. J. Overturf, present incumbent and Theodore Aune, both of Bend, are the candidates on this ticket for commissioner.

J. E. Myers, present incumbent, and J. Alton Thompson are contesting for the office of school superintendent.

R. D. Ketchum, John R. Luckey and Chas. Carroll are making a three cornered contest for the nomination for assessor.

H. A. Kelly for surveyor, M. E. Brink for circuit judge, J. H. Haner for clerk, H. H. DeArmond for district attorney, Elmer Niswonger for coroner and Ralph L. Jordan for treasurer, are all without opposition at the primaries, and the last two mentioned have no opponents in the general election. A list of the national, state and district candidates is given on page two.

REGISTRATION TOTALS WILL REACH 3,500

At the close of registration last week 305 names were added, making now a total of about 2700. Complete returns have not been compiled after the books closed Tuesday, but not less than 500

OLD RIVALS MEET IN OPENING GAME

Bend Is Not Yet Convinced Of Prineville's Superiority.

LOCAL TEAM IS STRENGTHENED

Game Will Be Called at 3:00 P. M. on Davidson Field--Lrge Crowd Expected.

The season for leather lungs, fly balls, bingles, errors, soda pop, umpire baiting etc., is here. Prineville will cross bats with Bend, Easter Sunday at the Davidson Park, in the first baseball game of the season for Central Oregon honors.

Many new names will be found on the local line-up and with the old stars Prineville fans may look forward to a team whose strength will equal those of the past. Bend also has a large field from which to choose and it is certain that they are after revenge for past drubbings.

The batting list will be formed from the following squad of players. Batteries, Clark, Burdon, Miller and Albee; outfield, Dobry, McCall, Bowman, Michel and Bonney; infield, Estes, Bechtell, Ellis and Morris.

Manager Jordan plans to have the Mayor pitch the first ball and expects to have difficulty in securing someone to catch it.

Everybody should turn out and make this game a real opener. Don't forget the benefit dance at the Club Saturday evening.

ROCK CRUSHER FOR CROOK COUNTY ROADS

Commissioner Blanchard informs us that the county has purchased a new up-to-date Ft. Wayne rock crusher for use on the county's roads. The crusher was shipped from Portland to Redmond, Tuesday, and will be installed at the rocky point west of the Dodson place on Crooked river, by next Monday.

The machine will cost approximately two thousand dollars, is portable and may be run by any power. At the present location electricity will be used and the county engine will be available at other times.

Roads of crushed rock become conditioned for travel sooner than those constructed of ordinary gravel and at the same time can be placed more cheaply. The investment is a good one and the resulting improved roads will more than balance the purchase price.

more names will be added.

Of the 305 registered 194 were republicans, 121 democrats, of this number 121 were women. Those from Redmond numbered 63, Bend 51, Prineville 45 and LaPine 42.

ULTIMATUM SENT TO GERMANY BY PRES. WILSON

Washington, April 19.—In an address before congress today President Wilson told of the dispatch of a note to Germany that may mean the severing of all friendly relations with that power.

In his address the president reviewed briefly the recent events covering the strained relations with the German government and said that the United States had been very patient.

The action of undersea commanders in the sinking of the Sussex is absolutely unexplained he said, and to maintain friendly relations it will be necessary for Germany to alter absolutely the rules of submarine warfare which it has observed during the past twelve months. The president further said:

"This decision I have arrived at with the keenest regret; the possibility of the action contemplated I am sure all thoughtful Americans will look forward to with unaffected reluctance.

"We owe it to a due regard for our own rights as a nation, to our sense of duty as a representative of neutrals the world over, and to a just conception of the rights of

mankind to take this stand now with the utmost solemnity and firmness.

"All sober-minded men must unite in hoping that the imperial German government, which has in other circumstances stood as the champion of all we are now contending for in the interest of humanity, may recognize the justice of our demands and meet them in the spirit in which they are made."

RAILROAD PLANS ARE FULLY DISCUSSED

The plans for building Prineville's railroad were discussed quite fully by Jay H. Upton on behalf of the committee and N. G. Wallace, a member of the council at the luncheon on Friday.

The statements made by Mr. Wallace, which seem to be agreed to by other members of the council, throw more light upon the situation than any utterances made up to that date.

Mr. Wallace explained that the city authorities were moving as rapidly as possible in the matter of selling the bonds and getting the funds in shape to make the construction of the road possible.

After the bonds are sold and the money becomes available for the work, a survey will be made, and plans and specifications decided upon. Mr. Wallace explained, for the road.

Then he said, the proposition will perhaps be let to the lowest and best bidder, and if suitable bids are not received, the city will proceed to the construction of the road.

"I assure you," Mr. Wallace continued, "that the only question in the world about this matter, is the sale of the bonds. As soon as this money is available, a suitable engineer will be put to work to build the road, and the city will see to it that the road is built, if not by contractors, then by the city."

"And further," Mr. Wallace said, "after the matter is all completed and the road is built, there will be no transaction that will smack of graft or questionable methods of any kind."

W. C. T. U. CONVENTION WAS WELL ATTENDED

The annual convention of the county Women's Christian Temperance Union which was held in this city during Friday and Saturday of last week, was a decided success, both from the number in attendance and the interest manifested by those who attended.

The day exercises on both Friday and Saturday were given to the regular routine of the union work, which however was both profitable and interesting.

The reception, which was held on Friday evening in the Baptist church, was attended by a large congregation, who greatly enjoyed the speeches, the most notable of which was that of Mrs. Jennie Kemp, state president of the organization.

Mrs. Kemp gave a brief history of the working of the organization, in other states with which she had been associated, especially Kansas. She knew Carrie Nation personally, and gave several amusing incidents in connection with the work of the famous character.

Following the formal program, a banquet was served to about 100 persons in the basement of the church. A good meal was served, and toasts were responded to by a half dozen speakers.

Mrs. C. M. Elkins has the highest score for ladies that has yet been made on the Club bowling alleys. Tuesday afternoon in a game featured by six straight strikes, she totaled 190 pins. The ladies had great enjoyment in this pastime and many good average are made.

MAMMOTH MILLS NOW IN OPERATION

Bend Plants are Modern and Efficient.

EMPLOY SMALL ARMY OF MEN

Will Be Complete in all Details by June 1--Ready Market for all Output.

The sawmills of which Bend has dreamed and which have been under discussion for years, and under construction for the past several months, are no longer a dream.

The work of construction of these immense plants has never stopped from the day the announcements came that they would build, until the steam in the immense battery of boilers started the wheels to going 'round.

They are the last word in mill construction. The most modern plants in the world today, for they embody all of the very latest and best devices for handling lumber at the minimum expense for a maximum output.

The capacity of the Shevlin-Hixon plant is 80,000,000 feet per year. This plant, the larger of the two concerns, is in operation, and the auxiliary plants, the box factory, sash factory and planing mill, will be operating in full blast before June. The Brooks-Scanlon plant will be cutting logs, it is believed, at the present rate of progress, in less than two weeks.

The Shevlin-Hixon plant occupies a peculiar position in the lumbering

Continued on page 5.

TEACHERS' INSTITUTE HELD AT BEND

The educational meeting at Bend was attended by a large number of teachers from over the county and a profitable and enjoyable occasion was made of it.

Miss James of Tumalo, gave an interesting talk on the construction of doll houses and along the same line was plans given by Miss Wilson of Terrebonne, for the feeding of birds and building of bird houses.

Both of these talks were founded on actual work in the schools and shows the many ways in which interest and instruction can be combined for the pupils.

The relation of good reading and character building was discussed by Mr. Nash of Redmond, and was continued by Mr. Penn of the Bend high school. Mr. Hockenberry's address on playgrounds was one of the best ever heard in the county. He showed wherein the element of play should enter into the lives of every boy and girl. The program closed with a talk on boys and girls clubs, by Mr. Seymour of the O. A. C.

Four bowlers averaged 199 for one game at the Club last night.

EASTER SERVICES AT THE CHURCHES

Appropriate Sermons and Special Music Will Prevail

LARGE ATTENDANCE EXPECTED

Seasonable Topics in Keeping With the Spirit of the Day For All

Easter is the season of all the year when the real Christian spirit does and should prevail. It exemplifies in the life of Christ more than that of the Christmas time, and should receive even more attention than that season. Prineville churches have made elaborate preparations for the event, have prepared special music and other services to commemorate the occasion, and anticipate large crowds on this day.

Everyone should find time to go to church on this Sunday of all days. The services last but a little more than one hour, and you will be heartily welcome at any of them.

The following are the Easter Sunday programs at the churches.

Presbyterian.
Sunday School - 10 A. M.
Morning Worship - 11 A. M.
Sermon: "The Gift of Life."
Special music by childrens choir, solos and chorus of twelve voices.
Evening Services - 7 P. M.
Special services to consist of Easter music by choir and orchestra.

Baptist.
Sunday School - 10 A. M.
Sermon, Rev. Petti of Portland.
Young peoples meeting 7 P. M.
Sermon - 8 P. M.
Special Easter music.

Christian Church:
Bible School - 10 A. M.
Communion and special decision service.
Subject, "Why Jesus," 11 A. M.
Evening Program, 8 P. M.

Song - Congregation
Prayer -
Chorus - Choir
Solo - Mrs. W. H. Wirtz
Male Quartette - Messrs Wagoner, Ramsey, Matthews and Burdon.
Solo - Miss Maud Bilyeu
Duet - Powell Sisters
Short sermon - Pastor
Chorus: Invitation, - Choir

There will be a special Good Friday service at the Methodist church tomorrow evening at 7:30. Sermon by Rev. E. C. Newham. All are welcome. Easter services will be conducted on Sunday at 11 A. M., and 8 P. M. Special music, Sunday school, 10 A. M. and Epworth League at 7 P. M.

Geo. E. Dickson returned from Portland today.
