

THE CITY BEAUTIFUL CAMPAIGN STARTED

Clean Up and Paint Up is Plan to Be Followed

PART OF NATIONAL MOVEMENT

Business Men, Paint Dealers, Commercial Club and Others Will Help

Prineville is to have a clean-up campaign that will make the town shine like a 1916 dollar.

The matter was submitted in a tentative form to the members of the Commercial Club who attended the luncheon on Friday, and a committee of which W. F. King is chairman, was appointed to take the matter up and devise plans for the campaign.

A meeting of those most interested was held Monday evening, and plans for the campaign were discussed.

It is a well known and notorious fact that many of the buildings in the city have not been painted for many years, and as Prineville is the oldest town in this part of the state the fact is even more noticeable by those who are residents of, or frequent visitors in the newer towns.

But this is to be all changed. Prineville is to be painted from the Commercial Club building on down the line to the smallest residence. None are to escape the deluge.

Although the prices of painting materials are somewhat higher than the normal, indications are that they will go much higher yet, and may be far above the present prices for years.

The stocks of the local dealers were purchased before the maximum raises came, and by prompt action new supplies can be had for the coming campaign before the sharp advances which are predicted by all who know the situation, take effect.

A committee has already been appointed by the Chautauqua association and others will be appointed from the various bodies of the town to assist in the campaign, which will be one of clean-up, paint-up and repair, planned to make the city much more presentable for the Chautauqua and the fair which will be held during the summer and fall.

While the plans have not been fully developed, they will be presented to the Journal readers next week, and it is thought the campaign will be well under way early next month.

Dancing Party Last Night

The card and dancing party given by the Ladies Annex at the Club last night was well attended and was seemly as much enjoyed by the older as well as the younger guests.

Cards were played in the Annex but the lure of the music up-stairs soon had everyone there enjoying a very pleasant social evening.

SQUAW CREEK DISTRICT LOST BY 90 TO 40

The vote on the proposed Sisters Irrigation district which was taken on Saturday of last week, resulted in defeat for the district plan by a plurality of 90 to 40.

The proposition was to create a district from the lands that are now being irrigated by the Squaw Creek ditch company, and other lands, and to enlarge the system of this company, and provide for additional water for the other lands.

The campaign in this election has been a warm one, and meetings have been held at which time the matter was freely discussed.

PLAN TO VISIT POWELL BUTTE TOMORROW

Dedication of The New Hall Is Function

INVITATION EXTENDED TO ALL

Delegation Visited Prineville Last Week and Tendered a Hearty Welcome

A party of representatives from the Powell Butte Development Association was present at the luncheon on Friday, and invited the business men and all others who could do so to attend the grand opening and dedication of their new hall at Powell Butte.

The function will be held tomorrow night, and consists of a dance and various other forms of amusement. A general good time is promised, and the visitors were assured that a goodly crowd from Prineville would attend.

The new hall is 23x72 feet, and has been built by the people of the community. The proceeds from the dance will help toward paying the bills, and a large number of people will no doubt be present.

Speeches were made by J. F. Rice and Guy Sears representing the Powell Butte people. The committee attending were J. A. Riggs, N. P. Alley, Reeves Willeoxen, Earl Saunders, Wm. Wilson and Mrs. Wilson, A. H. Rhode, J. F. Rice and Guy Sears.

In Mr. Rice's speech he said that the people of his community were pleased to see the development at Prineville, and stated that the market is much better than a foreign one.

W. F. King spoke briefly on a plan to induce the people, starting with the business houses, to paint their buildings and otherwise improve the appearance of their property. This matter will be more fully discussed at the meeting tomorrow, which will be held at Mrs. Pollard's Delicatessen.

CIRCUIT JUDGE DUFFY IS HANDED BOUQUET

Judge Duffy held his second term of Circuit Court here last week and dispatched business in a way that was most satisfactory to the taxpayers of the county. The total cost of this term of court was but \$733.20 and there was paid into the court in fines, the sum of \$225, leaving the actual cost of the entire term at \$508.20.

This not only speaks well for the citizenship of the county, but also shows that the judge knows how to dispatch business at least expense to the county. Judge Duffy has made a number of trips to Culver prior to the convening of court so that all cases might be put at issue and no time lost during the term. His action in this particular was largely responsible for the low cost of the term.—Deschutes Valley Tribune.

BEND TEAM IS AGAIN DEFEATED BY LOCALS

Large Crowd Attended the Opening Game

PRINEVILLE BATTERY IS GOOD

Return Game Will Be Played at Bend Sunday—Prineville Team Confident

Prineville 8, Bend 6. This is the story, briefly told, of the opening game which was played on Davidson field Sunday.

Taken altogether the game was a better exhibition of the national sport than Bend has been able to give in the past, which fact was due to Tetherow being in the box for the visitors.

The game started with Bend plainly in the advantage, Tetherow pitching faultless ball, and the Prineville men fanning as fast as they came up. Bend got two men onto third in the first two innings, and in the third two scores were made by the visitors.

At the close of the fourth no other results had been obtained, and it seemed that Bend might easily win. In the fifth however, something happened. Many things happened in fact, and happened so quick that before the visitors realized that a general merry-go-round had been started, five men had successfully crossed the home-plate for Prineville, and two others were caught near that point. Score 2-5. In the next half the visitors rallied and made three runs. Their spirit was broken however, and it was clearly Prineville's game, they adding three to their score in the last half of the sixth.

Bend made another score in the seventh, but there were no results obtained by either team after that inning.

Batteries for Prineville were Burdon and Albee; for Bend, Tetherow and O'Donnell.

Burdon pitched faultless ball and Albee's work was excellent. The remainder of the team supported the batteries ably, although the game was far from being free from errors, due to lack of practice.

The game was umpired ably by Dr. Davis, assisted by Chas. Erskine on bases.

A return game will be played at Bend, Sunday next.

PRINEVILLE DEFEATED BEND ON ALLEYS, TOO

The inevitable happened Saturday evening. The bowlers of the local Club defeated the Bend team in every department of the series, allowing not a single game to be won by the visitors. The singles were won by Jake Johnson who also made the high score of 218 for the evening. Osborn and Rosenberg captured the doubles and after the five-man team had finished over 500 pins was the margin of victory.

FLOWER GROWERS REPORT VANDALISM

One evening last week some person or persons invaded a number of yards in the southern part of the city, and pulled practically all of the flowers that were in bloom.

Many of them were early blooming bulbs that had been carefully nursed and were parts of beds and plants that will be ruined for the season for in some instances the bulbs were pulled out of the ground.

This is a class of theft that is as deplorable as can be imagined, and those who committed the act should refrain from such vandalism in the future.

SHUMIA CLUB MEETING DEVOTED TO DRAMA

The Shumia Club met with Mrs. Rosenberg on Saturday, April 15. Mrs. Rosenberg delivered a paper on "Plays and Players" illustrated with many appropriate pictures.

Mrs. Morse read sketches from the life of Noyas and selections from his poems. Both papers were very interesting. Misses Allen and Hewes were guests of the club.

Mrs. Brink assisted in serving a delicious luncheon on a table tastefully decorated with daffodils.

R. A. M.'s Confer Degree and Banquet

A large number of Chapter Masons from Bend and Redmond attended the meeting of the Central Oregon Chapter in this city last night, at which time the Royal Arch degree was conferred upon a team. All of the regular officers were in their stations and the work was exemplified with great pleasure to the visitors and members. A banquet was served after the close of the work.

W. H. Cyrus, Ira Cyrus and son John, visited relatives at Sisters on Sunday.

TOTAL REGISTRATION LESS THAN PREDICTED

Only About 3300 Voters Register for Primaries.

G. O. P. LEADING BY TWO TO ONE

Western Half of County Strongly Republican—Ratio About 3 to 4 in East Half.

There are only about 3336 voters registered for the primaries which will be held next month. The exact figure is not available because of the heavy volume of work that is being cared for in the office of the County Clerk at this time, but unofficially the number is a few less than the figure mentioned above.

Approximately 2200 of the number are republicans, and 1050 are democrats, while more than 100 people registered as members of the smaller parties.

At least two-thirds of the voters are men, the ratio being nearer even in the towns than in the country districts. Registration of the feminine population of Bend was very light however.

More voters receive their mail at Bend than any other point. The registration gives 1073 for Bend, 752 for Prineville, 357 for Redmond and the remainder of the county but 869, which means that more voters reside in or near Bend than in all the remainder of the county combined excepting the other two towns mentioned, also that Bend will poll as many votes as both Prineville and Redmond combined, or about one third of the total vote.

At Prineville there are 432 republicans, 306 democrats and 32 miscellaneous, 496 of the number being men and 274 women voters.

Mrs. Collins Elkins Has Arm Fractured

The Club was the scene of a very painful accident last night, when Mrs. Collins Elkins fractured her arm, by a bad fall on the bowling alley. Mrs. Elkins was engaged in a bowling contest with several ladies and just after throwing a ball, slipped and fell with her weight upon the right arm which was broken a few inches above the wrist. Physicians were hurriedly called and the patient removed to her home, where anaesthetics were administered and the broken limb set. At last reports Mrs. Elkins was recovering as well as could be expected.

Celebrates Her Birthday

A birthday party was given Wednesday afternoon by little Annie Evans to her classmates in honor of her seventh birthday.

Mr. and Mrs. Frank O'Conner are visiting in Prineville.
