MAY 19.

One week from tomorrow the primary election will be held. The registration of voters showed that less than seventy per cent of those who are eligible actually registered.

Under the new law however, voters can be registered on election day and in this way everyone has the right to vote. The state and county matters are of such importance that everyone should vote, and use care in selecting men who will be qualified, and who will execute the will of the people in matters with which their respective offices are concerned.

WESLEY O. SMITH.

It is a fact to be regretted that there is a contest on for the office of representative from this district that makes the elimination of Wesley O. Smith of Klamath possible.

The ability of Mr. Smith, his record and his connections make many important things possible for his district should he be elected, which election he deserves without question.

Friends of the two candidates from this county may construe this utterance as adverse to their favorite candidate, which it is not. It is merely to say that Mr. Smith is an able man, and should not be overlooked next week.

As the race is going it seems quite possible that both Crook county men may be elected, and Klamath eliminated which of course would be unfair to that part of the district.

Replying to a letter asking for expression of stand in the matter which was mailed to all legislative candidates by the Anti-Saloon league, Denton G. Burdick said, "I favor the present dry law and if necessary would strengthen it." Vernon A. Forbes said, "I oppose relaxation in this matter, and favor strengthening the law."

Tomorrow night the C. C. H. S. debating team contests for the championship of the state at Eugene. They have the weaker side of the question, and if they win, which we believe they will, it will be a victory against odds. Here's hoping.

The office of Circuit Judge, for Crook and Jefferson Counties, was created in 1915, and T. E. J. Duffy, was appointed by Governor Withycombe to fill the position. Although Judge Duffy registers as a democrat it may be noted, that his appointment was made by a republican governor, who among a great number of people regards such office as nonpartizan.

A Book of Jade. The most solid book in the world, says the Fine Arts Journal of Chicago, is in the Field museum. It has only ten pages, but they consist of exquisitely engraved slabs of the finest jade. The book was made by order of the Chinese Emperor Kank Hsi (1092-1122) and is a family document of great historic value. The text is in Chinese and Manchu, with elaborate ornamentation on the first and last pages. It is believed that this precious relic was turned into cash through the necessities of the deposed imperial family, which has been in retirement with a limited income since the establishment of the Chinese republic.

Quite Natural. "Did your wife die a natural death?" "Oh, yes. She was talking when the end came."—Cleveland Leader.

THE FLAVOR OF "SPEAR HEAD" IS UNIQUE A Chew That Has Been Famous for a Third of a Century

HAS THE RICH RED BURLEY TASTE Chewing is the only way to get the rich taste of the tobacco leaf. And the only form of tobacco in which you get the leaf as Nature made it is the plug form. A chew of Spear Head plug tobacco has a wonderful flavor such as you never did and never will taste in any other tobacco. That Spear Head flavor is unique, mellow, fruity, everlastingly delicious and satisfying. Spear Head has been famous for a third of a century as the richest, tastiest of chews. It's made of sun-ripened, red Burley. And it's produced by the most modern methods, which develop the luscious flavor of the leaf to the supreme degree. It is safeguarded at every step in its making. The factory is clean and sanitary—the processes are pure-food processes. When the choice red Burley has been pressed into mellow, sweet Spear Head plugs you have a chew that simply can't be equalled. Spear Head is the high quality chew of the world. Try Spear Head—you'll never again be satisfied with any other chew. In 10c cuts, wrapped in wax paper.

Oxoactylene is the Machine That welds steel, cast iron or in fact any kind of metal. On the evening of April 27 two prisoners broke jail at the county court house here by filing bars of the cell. In less than one hour the bars were like new, having been welded by the machine mentioned above. Prineville Machine Shop E. G. Hodson, Prop.

Another week and many of the men who meet you with the smile and happy handclasp will be back at their regular work, and out of their misery. OLDER BUT STRONGER To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years. To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's. Scott & Bowsie, Bloomfield, N. J.

Before and After. She was a frivolous, fashionable young woman with beaux galore, but one man with only a small income seemed to be the favorite. "You'll have to work hard before you win that girl," said his mother. "And a good deal harder after you win her," answered his father, who knew what he was talking about. Seemed So. Patience—It is said the human family is subject to about 1,200 different kinds of disease and ailment. Patricia—The family! Say, I knew one woman who had more than that herself.—Yonkers Statesman. The Journal is only \$1.50 per year.
