**M**AYBE your house would look better with a coat of paint; or possibly the fence, outbuildings or screens seem a little dingy in the bright spring sunshine. How about your floors? Are they showing heel-marks? And has some of the furniture been scratched up?

Painting or varnishing will not only beautify it; it will make the wood last so much longer that it's actually cheaper to paint than not. Paint fills the cracks and holes where germs lurk, and makes it sanitary. Spring calls for PAINT. Heed the call of Spring!
