

**"SPEAR HEAD"  
AN OLD TIME  
FAVORITE**

The Most Popular Chew for a Third of a Century

**PURE, RICH, FRUITY-SWEET**

The man who chews gets by far the most wholesome enjoyment and satisfaction out of tobacco, especially if he chews *plug* tobacco. The rich juices of the leaf are retained in good plugs better than in any other form. For more than a generation Spear Head has held first place as the favorite high-grade plug chewing tobacco. This unique distinction is due solely to the wonderful quality and flavor of Spear Head—the richest, mellowest, tastiest chew in the whole world. Spear Head is the choicest of all red Burley, hand-stemmed and made into mellow-sweet plugs in a perfectly clean, most sanitary factory. You can't chew the flavor out of Spear Head, because it's a part of the tobacco. That rich, ripe, red Burley taste keeps on pleasing you as long as you keep on chewing. Chew Spear Head and you'll be chewing the purest and most satisfying tobacco that it's possible to make. In 10c cuts, wrapped in wax paper.
