A GOOD SPIRIT.

Some of the very best citizens of a community are its ministers. Rev. W. L. Van Nuys, in support of his own direct work and in a spirit of assisting in community betterment in even a broader sense, circulated a number of circulars last Saturday evening which read as follows:

"The day has come when every citizen of Prineville and Crook county should be a booster. We can see that all of our industries and resources are capable of splendid development. It is a time for constructive work—work big enough and sure enough of result to arouse the interest, stir the enthusiasm, and compel the cooperation of everybody.

In this development, the work of the church is a necessary factor. Jesus said of His Disciples, "Ye are the Salt of the Earth." We cannot safely build community institutions today without the purifying and saving influence of religion. But is it fair to leave to others the keeping up of this moral insurance on the institutions you enjoy? No institution in this community is entitled to a larger cooperation and will more richly repay for work than the church.

"Begin TOMORROW by giving it your manifest and cheerful cooperation and help.

"Let's Boost for the Best things."

THOMPSON OUT AGAIN.

The latest political announcement is that of J. Alton Thompson, of Tumalo, for superintendent of schools.

Mr. Thompson was a candidate on the republican ticket in the primary race for this office, and it will be remembered that he was defeated by J. E. Myers by a small margin.

In entering the race as an independent candidate, Mr. Thompson does so saying that this action is being taken after repeated urging from representative men from all parts of the county and that he is confident of victory this time.

GEO. T. BALDWIN VISITS.

Geo. T. Baldwin, democratic candidate for state senator from this senatorial district, was in the city last week in the interests of his candidacy.

Mr. Baldwin is a man who has resided in this district for the past 41 years, and is the type of business man you would feel safe in trusting your business to.

ONLY TWO LEFT.

Because of the change in registration laws, many voters have not registered, and their failure to do so will cause much confusion. There are but two days left in which to register.

HUGHES VS. WILSON.

Residing in Prineville we have a man named Hughes who is an ardent admirer of President Wilson and a man named Wilson who is wearing a Hughes button. Queer combination, that.

Cool nights and bright days, ideal autumn weather.

Mexicans Expel American.

Washington.—Burton Wilson, an American citizen, president of the foreign citizens' committee and the American Club, Mexico City, who recently was imprisoned on charges of "pernicious activity" by Mexican government officials, has been released and ordered to leave the country.

Bank Robbed of \$8000.

Moosjow, Sask.—Six masked and heavily armed robbers gained entrance to the Caron branch of the Bank of Hamilton and after binding and gagging the night watchman and his bed-fellow, blew the two inner safes and made away in a stolen automobile with \$8000 in currency.
