

A Distinctive Reason

What is the chief reason for the superiority of Royal Baking Powder?

There are several good reasons, but there is one which distinguishes Royal from other baking powders.

This reason, which every woman should know, is that Royal Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.

There is no alum nor phosphate in Royal Baking Powder.

Born, to Mr. and Mrs. Frank Bennett at Woodland Wash., on September 28, a boy. Mrs. Bennett was Miss Edyth Rideout who is well known here.

Moving pictures were made of the fair and ball games last week. The reel will be shown throughout the east as an advertising feature. Manager Schee of the fair deserves the credit for this fine piece of publicity.

Seven loads of wheat were received by the Prineville Flour Mills from Mitchell one day this week. The teams took return loads of flour and groceries. They say that the Prineville flour is much better than the flour they get at Fossil and other points to the north.

A number of cars left yesterday and others will follow tomorrow to attend the fair at Mitchell. This is the first fair for our neighboring city and will be a good one. They deserve a good attendance from this side of the mountain and will get it, as the roads are very good and the distance an easy three hours run from Prineville.

Sermon Themes at the Presbyterian church, Sunday, October 10th: Morning, "The largest resource of wealth in Crook County: How shall we develop it?" Evening, "The vision that makes Life worth living." Bible school at 10 a. m. Young people's meeting at 6:30 p. m. W. L. Van Nuys, pastor.

RUSSIANS IN GALICIA RESUME OFFENSIVE

Czar's Armies Begin Another Advance on Lemberg and Make Some Gains.

London.—Successful resumption by the Russians of their offensive in Galicia draws attention anew to the eastern war theater, in which the operations have been apparently of comparatively small importance since General Brussiloff's drive for Lemberg was held up some time ago.

Berlin and Vienna concede that advantages have been gained by the Russians, who are attacking from both northeast and southeast of the Gallician capital and have gained ground south of Brzezany in the latter district and along the Brody-Zlochhoff road in the former.

On the southeastern front in Macedonia, the British have maintained the advances scored in their attack Saturday near the Struma, beating off Bulgarian counter attacks and retaining the two villages captured along the road to Seres.

The forward movement along the Struma synchronizes with a Serbian success on the westerly Macedonian front. The long continued struggle in the Kiamakalan district has resulted in the Serbians not only securing possession of the principal heights on the region southeast of Monastir, but in an advance of more than a mile north of the main peak where the village of Kotchovje has been taken.

Recent operations by the French along the Somme front appear to have been mostly in the nature of minor attacks, probably preparatory to some larger movement in the Peronne region, while the British main effort has been directed to the thrust toward Bapaume along the road from Pozieres, where an advance on the front of more than a mile and a half was announced by London.

Inland Auto Co.
Prineville, Oregon

Revenues of the Southern Pacific company for the fiscal year ended June 30 were the largest in the history of the company, according to the annual report to the stockholders. The gross earnings during the year were \$152,694,228.19, surpassing the previous high record of 1913 by nearly \$10,000,000, and an increase of \$22,828,553.10 over last year.

The state board of control has appointed Bishop W. T. Sumner, ex-United States Senator Fred W. Mulkey and L. J. Wentworth, representative in the legislature from Multnomah county, all of Portland, as members of the commission to investigate conditions at the state prison and make recommendations as to segregation, new buildings and other matters.

Experiments in the culture of broom corn, conducted at Albany and Oregon City for the last two years, have satisfied L. B. Agsten that this crop can be made a profitable addition to the state's agricultural resources. Mr. Agsten now has between 15 and 20 acres of broom corn ripening at Oregon City, which he believes will yield him between three and four tons.

The state board of control has instructed Secretary Goodin to notify the California Cotton mills, of Oakland, that it would dispose of the state's crop of flax tow for 7 cents a pound, F. O. B. Salem. It is estimated there will be 50,000 pounds of tow available for sale. The California Cotton mills recently offered to buy the state's crop of scutched flax for \$440 a ton.

Announcement of the purchase of about 330,000,000 feet of timber in the Oregon national forest from the government for \$350,000 has been made by John W. Palmer, a Hood River orchard owner and former president of the Western Lumber company. The timber is chiefly Douglas fir and lies on the upper west fork of Hood river. A mill, with a capacity of 200,000 feet daily, will be built to handle the output.

It appears to be extremely probable that Oregon will not be able to draw this year the \$70,000 which has been apportioned as her share of the federal appropriation under the federal aid road act which became a law last July. This is because of the inability of the state highway commission to meet the requirement of the department of agriculture that a concrete plan of highway improvement be submitted covering the five-year period during which federal aid is to be extended.

Nominate your candidate today.

DODGE BROTHERS MOTOR CAR

Satisfying the demand which the goodness of the car creates is still our one great problem

Dodge Brothers' works are attaining the proportions of a city in themselves but the demand grows in excess of the expansion.

The gasoline consumption is unusually low
the tire mileage is unusually high
The price of the Touring Car or Roadster complete is \$785 f. o. b. Detroit
