

WHAT CATARRH IS

It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good. To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it. Scott & Bowne, Bloomfield, N. J.

THE REBEKAHS HOLD CONVENTION IN BEND

The Rebekah District Convention for Crook county met in the I. O. O. F. hall at Bend, on the afternoon of September 22nd. Convention was called to order by the chairman, Mrs. French, and the convention immediately proceeded to transact the business which came before it.

Delegates were in attendance from the Redmond and Prineville lodges, and all entered into the work with a will.

The officers for the ensuing year were elected as follows:

President, E. True Shattuck of Prineville; vice president, Emile Cline, of Redmond; secretary, Ethel Flemming, Bend; marshal, Amanda Chores, Prineville; Conductor, Sarah Abel, Redmond; chaplain, Maud Shuey, Bend; inside guardian, Lucy French, Bend; outside guardian, Effie Gless, Bend.

The Grand President of Oregon, Mrs. Nellie Wattenburg, and the Grand Master of Oregon, Henry S. Westbrook, and the Grand Marshal, E. True Shattuck of the Rebekah assembly, and Brother Engebretson, of the I. O. O. F. Grand lodge were present.

The committees appointed are as follows:

Legislation: H. S. Westbrook, E. True Shattuck, Ethel Flemming. Thanks: Sarah Abel, Robert Wattenburg, Vivian Hinkle. Press: C. L. Shattuck, Emile Cline, Martha Engebretson.

The next convention is to be held at Prineville. In the evening a joint meeting of the Odd Fellows and Rebekahs was held and the brothers and sisters listened to splendid talks from Sister Wattenburg and Brother Westbrook. The evening entertainment was concluded by a splendid banquet.

This committee wishes to convey the thanks of the convention to the Bend Rebekahs and Odd Fellows for the royal good time that everyone enjoyed.—C. L. Shattuck, Emile Cline, Martha Engebretson.

MOVIES ARE MADE IN CENTRAL OREGON

The Deschutes country is to be featured in a film story which has just been completed by Robert C. Bruce, of the Educational Films Corporation of New York. The scenes were directed by D. C. Freeman, publicity agent of the Oregon Trunk Ry., and special equipment was operated to enable the movie men to get the best results. All the striking panoramas from the Celilo rapids to Crooked river were worked into the scenes. The story revolves about a drifting specimen of humanity—a victim of the wanderlust—who, though imprudent and shiftless, still possesses a fine appreciation of the beauties of nature.

Twenty-six reels of Northwest scenery were made this summer by this concern and it was through the efforts of Mr. Freeman that the movie man was interested in picturing the Deschutes. The moving picture is doing more than any other agency to familiarize the Easterners with Western scenery.

One of the first pictures made by this particular company had for its central feature the incidents of a trip along the Columbia to Mt. Adams. This film has been viewed by two or three million people in the past 24 months.

During last week the moving picture man of the Northern Pacific Ry. has been on the Columbia River taking scenic and industrial films for general exhibition purposes.

A "movie man" was present at the fair last week, taking scenes to be used in a "news" feature.

NEW AGRICULTURIST NOW BUSY AT WORK

To the farmers of Crook County: After nearly two months the office of County Agriculturist, formerly held by Mr. Lovett is reopened again by your new agent. While the county and people are new to me, the work of county agent is familiar, having been county agriculturist of Cascade County, Montana for nearly three years, from where I have just come. I have done ranch work in two counties adjoining Crook, and being a graduate of the state Agricultural College do not feel an entire stranger.

The first work of an agent in a new field is spent in a reconnaissance of the county, both agriculturally, socially and economically becoming acquainted with general conditions and getting acquainted with the people. I believe the people of Crook County are acquainted with the work of their agent. He is paid by public funds. He is your man, your servant and yours to make use of. I am not a wizard, a know-it-all nor an expert on everything agricultural, but I am your agent and I want your cooperation.

Yours very truly,
R. A. Blanchard,
Agent U. S. Dept. of Agriculture

Her Pair of Shoes

The girl worked in a five and ten cent store. Her mother took in washing to help support the family, two smaller children, and a lazy, good for nothing father who spent his evenings and mornings lying in bed, reading novels, smoking his pipe and "rushing the can"—his wife and daughter providing the money.

Each week she took her unopened pay-envelope home to her mother. Each week she was promised \$3 with which to buy new shoes. But there was always need for the money she earned to supply the family larder; to provide beer and tobacco for her lazy father.

Just how the half-slave girl finally succumbed to relentless fate and "sold out for a pair of shoes" is to be pictorially related in Bluebird Photoplays at the Lyric Theatre on next Saturday and Sunday in a great moral and sociological revelation entitled "Shoes."

There is a lesson in this feature for every father and mother who have made themselves responsible for the welfare of a daughter—it expounds the greatest problem ever essayed in moving pictures and does it deftly, cleanly and with gripping interest.

The Stars and Stripes in Mexico, actual pictures taken with the expeditionary army sent after the arch fiend Villa, is a timely and interesting subject which will also be shown with a comedy, "The Newly Weds Mixup."

Brent's Candy Kitchen Is New Venture Here

Brent's Candy Kitchen is a new business enterprise which was launched in this city last week. It is located in the Kamstra building in the same room with Harvey Cyrus' jewelry store and is a neat little outfit with a larger capacity than it appears to have. Electric stoves and toasters are used in the luncheon department and electricity is also used wherever power is required. An electric piano makes the place more attractive. Mr. Brent informs us that this instrument is the latest model which the Cable people manufacture and there is only one other of its kind on the coast.
