Rupert's Braves Play Clean  
Ball and Are Honored

## ARE CHAMPIONS OF THE STATE

Prineville Men Make a Good  
Showing But Are Outclassed  
By Choice of Portland

Defeated in four straight games in the series of last week, the Prineville ball team is united in their statement that the Baby Beavers who were victorious, are a team of clean, able men, and that the Prineville team was given clean, fair play in all of the games here during the week.

Three of the four games were very close and it seemed that at least two of these would fall to the locals, but fate and an excellent team were against them, and two games, that of Friday and Sunday closed with a 5-4 score in favor of the Portland team.

On Thursday the score stood 8-5 and on Saturday 9-5. These games, like the two others mentioned, were hard fought, and in fact the entire series was an exhibition of the sport that has been seldom equaled on the Prineville diamond.

The feature of the series in so far as Prineville players is concerned, was the brilliant and unexcelled work of Lake Bechtell and Robert Lister. These men delivered faultless ball, while the remainder of Jordan's braves played excellent games, which it is safe to state, was a better brand of the sport than the Beavers would have met on any other diamond in the interior of the state.

It is hoped that the Beavers will return some day, and that Prineville will be in a little better trim, at which time the results will be different.

## Special Services at Methodist Church

Perry followed by first quarterly conference, Friday-evening, preaching by Dr. Perry at Grimes chapel. Sunday October 8th, preaching morning and evening by the pastor. There is no end of the war in sight. Any step at this time by the United States, the Vatican or any other neutral in the direction of peace would be construed by England as an unneutral, pro-German move, according to a statement by David Lloyd-George, secretary of state for war.

Crown Prince Rupprecht of Bavaria, commander of the German forces on the Somme front, and Dr. von Bethmann-Hollweg, the imperial chancellor, both declare that the efforts of the French and British to force a breach in the German lines on the Somme have been fruitless. Entente troops will have to go through a winter campaign and continue their efforts next year, Crown Prince Rupprecht is quoted as saying.

### SHORT NEWS NUGGETS

Governor Lister of Washington, Governor Alexander of Idaho and Governor Withycombe of Oregon helped to make governors' day at the Oregon state fair a success.

John W. Westcott, who nominated President Wilson at the St. Louis convention, was defeated for democratic senatorial nomination in New Jersey by Senator James E. Martiney.

## Highway Marking Is Boon To Motorists

One of the greatest conveniences to automobile travel is the color system of marking the various highways, which by the way was introduced in Oregon by the Prineville Commercial Club through its manager, R. L. Schee.

Every cross roads in the vicinity of Prineville, and for many miles in either direction is plainly marked by the color of its individual highway and the benefit to the public is difficult to estimate.

Concerning one of these highways over the Cascades the Albany Democrat has the following to say:

The automobile trail blazers are here again. Today they will go to Seio marking the road to that place with a distinct color. This afternoon they planned with secretary Eastburn, of the Commercial Club, to mark the trail from this city to Sweet Home, via Lebanon. This route will be marked yellow, while the route through Brownsville, over the mountains to Prineville will be marked green, continuing the markings from Corvallis. The green and yellow routes will give two roads to Sweet Home, one through Lebanon and one through Brownsville, the Lebanon road said to be about ten miles shorter.

The work done on the present trip will complete the contract with A. L. Miegs last winter. The work is certainly worth many times the \$100 paid for it and is the greatest convenience to travelers that could be imagined.

### BRIEF WAR NEWS

The Russians have started another big offensive in Galicia.

Further progress was made by the French between Fregicourt and Morval on the Somme front, according to a statement issued by the war office.

The British forces have captured the greater part of a German redoubt north of Thiepval, which overlooks the northern valley of the Ancre, taking nearly 600 prisoners.

Troops of the central powers have crushed the Roumanians between two forces in a battle which raged for three days in central Transylvania. The Roumanians are reported fleeing in disorder.

In Macedonia the Serbians have at last captured the Katmakalan Height on the Greek-Serbian border. The British on the Struma have taken a portion of the Bulgarian line near the Orjak bridge.

The Russian general staff announces that since General Brussiloff began his offensive 520,000 officers and men of the Teutonic allies have been made prisoner and 600 cannon and 2500 machine guns and mine throwers have been captured.

### SQUARE DEAL FOR EASTERN OREGON

If you are in favor of a square deal for the country East of the Cascades you will vote for and work for THE PROPOSED EASTERN OREGON STATE NORMAL SCHOOL AT PENDLETON, OREGON. Oregon has but one Normal School. This school is located at Monmouth and is not able to supply more than TEN PER CENT of the teachers required in the public schools of Oregon. Of the more than six thousand teachers in our public schools, BUT 13 PER CENT are graduates of Normal Schools. It is a matter of simple justice to the country East of the Cascades to establish a Normal School East of the mountains to furnish thoroughly trained teachers for the schools of Eastern Oregon.

### TRAINED INSTRUCTORS WANTED

Every resident of Eastern Oregon has a vital interest in the passage of this measure for Eastern Oregon pays HIGH SALARIES to her teachers and is entitled to the services of TRAINED INSTRUCTORS.

### ONLY COSTS 4 CENTS PER \$1,000

The annual cost of maintenance of the proposed State Normal School amounts to BUT ONE 25TH OF A MILL OR 4 CENTS ON A THOUSAND DOLLARS of taxable property. Isn't it worth this to you to have your children trained to become USEFUL AND PRODUCTIVE citizens?

### STRONG ENDORSEMENT

J. A. Churchill, the State Superintendent of Public Instruction, voices the sentiment of the educators of the state when he says:

"Oregon's greatest need for its rural schools is the teacher who has had full preparation to do her work. Such preparation can best come through Normal School training."

"I trust that the voters of the state will assist in raising the standard of our schools by establishing a State Normal School at Pendleton. The location is central, the interest of the people of Pendleton in education most excellent, and the large number of pupils in the public schools will give ample opportunity to all students to get the amount of teaching practice required in a standard normal school."

The educators of the State insist that Standard Normal Schools be located in towns of 5000 population or more and having ENOUGH GRADE PUPILS FOR TEACHER PRACTICE.

### BE LOYAL AND VOTE RIGHT

Show your loyalty to the best interests of Eastern Oregon and of the whole state by working for this measure and by voting YES FOR NO. 308. By voting YES for No. 308 you will help to GIVE TO THE SCHOOL CHILDREN OF OREGON THE SAME ADVANTAGES ENJOYED BY THE SCHOOL CHILDREN OF OUR NEIGHBORING STATES.
