A RESOLUTION.

At the beginning of this, the new year, make a resolution that you will call up, stop in at the office, or mail us a line whenever a piece of news concerning yourselves or your friends occurs, thus assisting us in making a better paper.

No better advertisement can be given a community than a paper full of good snappy local news, and this is made possible only by your cooperation. We have no way of getting much of this news without your assistance.

We have resolved to improve the Journal another 50 per cent during 1917, and we will do it with your help.

THE BOND SALE.

Prineville's railroad bonds sold for more money than any other like bonds have brought for many months in the west, and a number of such issues have been sold.

The bids were made with a full knowledge of the situation, conditions surrounding the town, and the prospects of development, and there can be no question about the fact that the bonds are of the highest class as an investment.

Their sale opens the way for the construction of the railway, which will add to the value of the bonds, and make them even better secured than before.

GOOD JUDGMENT OR BAD?

A spinster resident at Bend was taken into custody last Friday because she was attempting to jump into the icy waters of the Deschutes, afterward declaring that she wanted a man, which she evidently considered a good substitute for the river route.

It does not develop from the record made public by the officials whether her desire for self destruction was caused by the creation of Deschutes county, or just from a too long residence in Bend.

Consignments of jack rabbits packed in crates, have passed through the local express office recently for commission houses in Portland. With a five cent bounty, the meat at a fair price and prospects of a market for the pelts, it seems that we have failed to appreciate the jack rabbit.

Don't complain about the man who patronizes mail order houses if you send way for your printed matter.

OUR NEW SYSTEM FOR GRADING FURS INSURES YOU FULL VALUE. NO one man can grade furs rightly at all times. That is why we have established a commission of three fur experts who have done nothing but judge furs for years. They will grade the furs you send us and price them according to the latest market reports. This new system protects your interests and insures you full value on your furs.
