Because of the prevalence of rabies, the entire east end of Umatilla county has been placed under quarantine by the state livestock sanitary board. The quarantined district includes the towns of Helix, Adams, Athena, Free-water and Milton.

Nearly 500 Oregon members of the Elks' order feasted on elk meat at the Washington birthday banquet given by the Eugene lodge of the order. Delegations were present from Marshfield, Salem, Albany, Roseburg, Medford and other cities.

Under the provisions of the new inheritance tax law, which will become effective May 21, according to the terms of the act the fees to be derived from that source will increase materially, probably in an aggregate of \$60,000 for the biennial period.

The Eighth company, coast artillery, Oregon national guard, established the highest merit mark recorded for the 1916 target practice of national guard big gun companies, according to figures made public by the war department militia bureau.

The army engineers have made an adverse report on the proposed further improvement of Nehalem bay on the ground that the commerce to be benefited would not justify the expenditure that would be required to provide a 12-foot channel from Nehalem to the bar.

County Superintendent J. Alton Thompson and County Agriculturist R. A. Blanchard have been busy organizing industrial clubs in Deschutes county. Four clubs were formed with a total membership of 34 boys and girls who will raise potatoes this year for competition in the state prize.

Contracts to purchase broccoli to be grown on 300 acres of Lane county farm lands have been signed by H. A. Raser and W. T. Langels, of the Western Broccoli association, recently formed in Eugene. Fifty farmers have accepted the terms offered by the company. The crop is expected to total 60,000 crates.

In response to a letter from District Attorney Evans, of Multnomah county, and also to numerous requests from southern counties of the state, Governor Withycombe is trying to send some special agents to the California line to endeavor to curb illicit liquor shipments from being made across the border.

Under provisions of a law passed by the legislature it will be compulsory on all who desire to engage in the manufacture of butter and cheese to secure a license from the dairy and food commissioner. This license must be secured on or before July 1, 1917, and on the first of July of each year thereafter. A fee of \$1 is prescribed.

The old military highway, the pioneer road running through the Cascades, which has virtually been abandoned for many years, will be opened to motor traffic for the first time this fall, offering a scenic highway unexcelled for grandeur in the northwest, according to an announcement made by Clyde R. Seltz, supervisor of the Cascade national forest.

What is considered by the state tax commission to be a measure of prime importance coming before the people at the special election to be held in June, is the proposed constitutional amendment doing away with the present provisions that all taxation shall be "equal," leaving the "uniform" provision in and allowing taxation upon various classes of property.

The president has nominated the following Oregon postmasters, being the first presidential postmasters appointed in Oregon since last September: Volney E. Lee, North Powder; J. W. Vanderveiden, Banks; Shelby F. Deaderick, Halfway; Clark B. Foster, Dayton; Roy E. Pritchett, Gaston; Edgar L. Davidson, Oswego; Roy J. Rhodes, Power; Daisy Buckner, Seio; W. W. Wilson, Yoncalla.

Approximately 25 bills relating to school elections and the administration of school affairs were passed during the 1917 session of the legislature. Perhaps the most important measure was the bill which removed the property qualification of school electors, making it possible for any citizen who has resided in a school district for 30 days immediately prior to the election to vote for directors.

With the exception of those laws declaring an emergency, those which have been referred to the people, or those which are to become effective at some specific time provided within themselves, all laws of the legislative assembly which just closed will go into effect May 21, under the provisions of the constitution that all laws, not declaring an emergency, are to go into effect 90 days after the adjournment of the legislature.

Considerable legislation increasing the power of the public service commission was enacted by the recent legislature, and the commission is preparing to administer the new act. Probably the most important law passed was what was known as the certificate of public necessity bill. Under the terms of this measure a utility, before entering a field already served, must first secure from the commission a certificate of public necessity. It also gives the commission power to extend the service of utilities now in the field, and which may hereafter embark in business, in

Our Service

And What It Means to You

YOU CAN SEE BEFORE YOU BUY

Have you ever considered the advantage of having practically at your door a stock of first-class implements that can be inspected thoroughly before a purchase is made?

It is a human trait to want to see before we buy. When we were kids we swapped knives "sight unseen" but the novelty of this manner of transacting business loses its attractiveness when we consider that implements cost real money and are not an every day purchase.

One of our jobs in conducting our business in this community is to set up the machines we sell and see that they are properly adjusted before they go into your field. After they are set up they can be examined by you—you know just what you are

getting because you see the implements with your own eyes.

When the goods leave our store our interest does not end there—but we'll tell you something about that later. We'd like mighty well to show you what we have in stock and give you a description of what we can get for you promptly if we have'n't it here.

Drop in the next time you are in town. We are always glad to see our good friends—and to get better acquainted with those we don't know so well.

O. C. Claypool & Company

Prineville, Oregon

U-BOATS MAKE RAID ON DUTCH SHIPPING

London.—Reports of a sudden swoop on Dutch shipping by submarines, in which seven vessels, six of them of more than 3700 tons, were torpedoed, together with continued successful action by submarines against British and other neutral shipping, made the submarine question more vital than ever.

It was believed here that the torpedoing of seven Dutch steamers on February 22 would arouse resentment of the Dutch government and immediate demand for complete indemnity. The fact that the Dutch liners sailed a course advised by the Dutch government itself and only entered the "submarine zone" because of a supposed agreement by Germany that Dutch ships would be safe up to February 22, was expected here to make Holland's protest all the more pointed.

DUTCH DEEPLY INDIGNANT

Newspaper Says Honor Can Not Further Be Upheld by Protests.

The Hague, via London.—While officials remain gravely calm there has been an inevitable outburst of deep indignation on the part of the Dutch newspapers at what the Amsterdam Telegraaf calls "a blow in our face and the greatest humiliation to which a neutral has been subjected." The paper adds: "We confess inability to see how the honor of our nation can further be maintained by protests."

Other less bellicose newspapers reflect hardly less embitterment on the part of the whole nation at the latest example of German ruthlessness, while even German circles, it is learned, profess deep regret over what they admit to be a ghastly blunder.

The German legation at The Hague has issued a statement declaring that

the disaster to the Dutch steamers was due "to an extremely regrettable coincidence of circumstances, which is unfortunate, but beyond our control."

Americans Are Hit Hard by Embargo.

London.—Importers of American goods feel themselves particularly hard hit by the latest restrictions on imports.

The goods most drastically affected and which have been imported in amounts running into millions annually from America include agricultural machinery, typewriters and other office equipment, boots and shoes, apples, wood and cut timber.

NOTICE TO CREDITORS

Notice is hereby given that the undersigned has, by the County Court of the State of Oregon for the County of Crook, been duly appointed administrator of the Estate of Andrew K. Laugen, deceased, and all persons having claims against the said estate are hereby required to present same, duly verified, to said administrator at the office of Willard H. Wirtz, in the Crook County Bank building, at Prineville, Oregon, within six months from the date of the first publication of this notice.

Dated and published first time this 1st day of March, A. D. 1917.
Date of last publication, March 28, 1917. (signed) J. E. CAMPBELL, Administrator of the Estate of Andrew K. Laugen, Deceased. WILLARD H. WIRTZ, Attorney for Estate. 1615c

H. FRANK WOODCOCK, Register. 1615c

Millinery Opening Thursday, March 1

I will hold a millinery opening in my new store one door east of the postoffice in the Cornett building. To know just what is the latest in millinery this year

You Must be in My Store on March 1 Before the Varieties are Picked Over

Styles are quite pretty this year and prices are very reasonable. The new Chinese shapes are quite the latest, and you will agree that they are real smart hats when you see them. A good line of

Reliable Sailors and Some of the Very Latest Trimmings will be Shown

If you miss this opening some one else will get the hat you wanted

Mrs. Lewis -- Prineville, Ore.

SCHOOLS CLOSED FOR WEEK

151 Out of an Enrollment of 215 Absent on Monday

The Prineville Public Schools and the High School were both closed on Monday when after an attempt to open it was discovered that a large percentage of the enrollment was yet unable to attend because of the measles epidemic.

Only 64 were present of a total enrollment of 215 in the public schools, and the showing at the assembly room of the high school was but little better.

The time will be made up at the end of the term so that full credits can be given to the students.

MILLINERY OPENING TODAY

Mrs. Lewis Has Stock of New Goods in New Store

Mrs. Lewis is having her millinery opening today, and the new spring bonnets are on display in large variety.

The new store is situated one door east of the postoffice in the Cornett building, and is a neat, attractive place.

Miss Ethel Phelps, an expert hat trimmer, is employed by Mrs. Lewis.

\$2,000 FOR RABBIT EARS

40,000 Pairs Presented For Bounty Up to Saturday Night

More than \$2000 has been paid as bounties for rabbits by County Clerk Brown up to Saturday night of last week.

To be exact, 40,164 pairs of rabbit ears have been presented during the three months that the law has been in effect.

BEND MAN KNOCKED OUT

By A. Michel
Gilbert Shoel, of Cheyenne, knocked out Spec Woods, Bend's pride, in the fifth round of the ten round bout at the Commercial Club Monday night.

Woods was outclassed from the tap of the bell until the fatal wallop in the fifth.

A two round exhibition between Bill George, middleweight champion of the Northwest and Gilbert, of Bend, was the curtain raiser.

Hillyard, of Prineville, and Ted Holke, of Bend, fought a four round draw as one of the preliminaries.

A good crowd attended the fight.

Gilbert, of Bend, challenged Shoel, winner of the Shoel-Woods go from the ringside to a battle in Bend. On the same bill Billy George will fight Farmer Burns, of Echo, Oregon. This fight will be held in Bend March 12.

MENEFEE IN FEDERAL PRISON

Frank Menefee, at one time district attorney in this district and well known by all the older residents of this part of the state, was committed to the federal prison at McNeill's Island yesterday morning, following his conviction some time ago on a fraud charge, as head of the United States Cashier Company.

Stock in the concern was sold to a number of Prineville people, and all lost the money invested in it. Menefee will do something over twelve months' time.

ANNOUNCEMENT The Art Shop

Has moved back to its old stand between First and Second Streets where it will continue as before with the addition of a

Needlecraft Department
