PRINEVILLE PEOPLE WILL SAVE DAYLIGHT

Banks Will Open at 8 a. m. and Close at 2 p. m.

Prineville banks will open at 8 o'clock instead of 9 commencing on May 15, and will close at 2 instead of 3 as at present.

This plan was agreed upon as an assistance in the plan to save daylight, allowing more time for outside work.

It has been suggested that the stores should close at 5 instead of 6 commencing at the same date, for the same reason.

NOTICE OF TAX SALE

Notice is hereby given pursuant to an order made and entered by the County Court of the State of Oregon for the County of Crook on the 2nd day of May, 1917, I, the undersigned, sheriff and Tax Collector for the said county and state, will on MONDAY, the 2nd day of JULY, 1917, sell to the highest bidder for cash from the north and front entrance to the county courthouse in Prineville, in said Crook County and State of Oregon, all lands to which said County of Crook has acquired title by virtue of sales for delinquent taxes. Said sale will begin at 10 o'clock in the morning of the said day and will be continued and adjourned from day to day, Sundays and holidays excepted, until completed and until all said lands have been offered for sale. The upset price at said sale for all lands acquired by the County of Crook by reason of the judgment, order of sale and proceedings in foreclosure of certificates of delinquency for taxes for the year 1912 will be the amount of the said delinquent taxes, together with accrued interest, costs and penalties. All other lands to which the county has acquired title by reason of tax sales as aforesaid will be sold at said sale to the highest bidder for cash regardless of the amount of taxes delinquent, penalties, interest and costs, and all of the right, title and interest of the County of Crook in all the said lands will pass by such sale by sheriff's deed to said highest bidder without the necessity of confirmation but subject to the lien of taxes for the current year and for the years subsequent to the time the title was acquired by Crook County and to the lien of subsequent tax certificates, if any, issued to individuals. Dated this 2nd day of May, 1917, at Prineville, Oregon. (signed) E. B. KNOX, Sheriff. Published first time, May 3, 1917. Published last time, June 14, 1917.

MOLINE Universal Tractor

As Powerful as 5 Horses
Does as Much Work as 7 Horses
Costs Less than 4 Horses
Requires Less Care than 1 Horse
Less Room than 1 Horse
Eats Only When it Works

The Ideal Tractor

No other tractor on the market will do such a great variety of work, nor is as correct in design and construction as the Moline-Universal. It makes the hard farm work easy. It pulls the hard 5-horse load—will do as much work as 7 horses, owing to its greater speed and endurance. It can be used for plowing, harrowing, planting, cultivating, haying and harvesting—in fact, all field work, and will deliver 12 horse-power on the belt.

Cut the Cost of Horse Labor

The cost of horse labor is almost one-half the gross operating expense on the average farm. A farm horse averages only 35 hours work a day through the entire year, and tires in six. It costs from 12 to 14 cents per working hour to maintain a horse, and requires 23 minutes a day to care for him, or fourteen ten-hour days a year.

A Real One-Man Outfit

The Moline-Universal is easier to handle than a team of horses, weighs about the same, turns in a lock-step circle and will back with the implement attached. It is compact, simple, close-coupled, a wonderful puller and carries no dead weight. And best of all, it is operated from the seat of the implement attached. This permits one man to operate both tractor and implement.

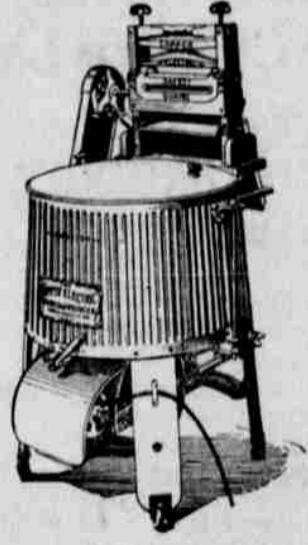

And yet there isn't enough power to plow as deep as scientific methods require; to harrow more frequently, so that organic matter will be utilized, moisture conserved, and a good state of soil tith maintained; to cultivate more frequently; and to harvest at the proper time.

Let us tell you how the Moline-Universal Tractor can reduce the cost of power on your farm. It will pay you.
