MANY NEW LAWS

On Monday next many new laws will become active. All the bills that passed at the last session of the legislature will become effective on that day, excepting those that carried emergency clauses.

A law that will be of considerable importance locally is the salary reduction law for county officials.

This is a material reduction for practically all who are on the county pay roll, but does not affect the district judge or district attorney.

Another law that will affect almost everyone is the increased license fees for automobiles. If you have not secured a new tag for this year, and a few have not, the fee is just doubled on Monday, May 21.

Hunting and fishing licenses take a fifty per cent jump on that day also.

Of more far reaching effect however are laws that provide for the support of delinquent children, laws to give impetus to the public school system, and a wide range of others too numerous to enumerate.
