#### PERSHING TO EUROPE

One of the most important decisions that the administration has made since the declaration of war, is that of sending General John J. Pershing to Europe with the first army division in the stead of Theodore Roosevelt.

While no one doubts the spirit with which Mr. Roosevelt would have entered the combat, and also his spirit which would have inspired his men to deeds of bravery, a precedent would have been established that would take from the army the thing most sought after, namely promotion to duties of trust and responsibility as they are earned.

General Pershing is a man of ability in his chosen line, will be a credit to the stars and stripes in France, and will prove his ability to take his part in the victory which is sure to be ours there.

#### THE C. C. H. S. SPIRIT

Again it is written in the news columns that Crook County High is winner over all competitors.

The last wreath of laurels was snatched from the Deschutes and Jefferson county schools at Bend last Saturday, in the face of the most trying conditions, namely distressing weather conditions and a hostile or unfriendly audience.

The track was not what had been promised, and our men felt the heavy condition the more since many of them had driven autos from Prineville to Bend in a driving rain and a sea of mud and water.

The thing that won, and that will continue to win was the C. C. H. S. spirit. That cannot be conquered, and no one is surprised at the result. It was to be expected.

#### NEW LAWS NOW

Many new laws are in effect this week that were not on the books last.

One of these is very important to human life, and should be strictly adhered to. That is the law restricting the sale of small fire arms.

In some manner the impression was general some time ago, that a law had been passed which would remove the restrictions on the sale of revolvers.

This is not correct. The sale is restricted just as before, with the exception that such sales as are made must be recorded in a register for the inspection of such officers of the law as wish to acquire any information about purchases.

A good preparedness measure is to vote for the road bond issue on June 4. It will not increase your taxes one cent, and the roads are always a good investment. Vote 314 X Yes.

A good measure on the ballot June 4 is that requiring all city and county elections be made to conform with state elections, be held on the same day and with the same officers presiding. To support this measure and decrease expense, vote 310 X Yes.

Schools closed two weeks early to give the young men an opportunity to get to work on the farms. It's your move boys.

Plant just a few more spuds for good measure. They will be needed next winter.
