COUNTY OFFICIAL PAPER FOR CROOK COUNTY

CITY OFFICIAL PAPER FOR CITY OF PRINEVILLE

VOL. XXI

PRINEVILLE, CROOK COUNTY, OREGON, JUNE 7, 1917

NO. 30

\$42,000 IS ALREADY RAISED BY PRINEVILLE

LIBERTY LOAN BONDS BOUGHT ON LIBERAL PLAN

PRINEVILLE HEADS THE LIST

Smaller Communities Buy Some—
Prineville's Allotment of \$50,000 Will Be Reached Easily

Prineville citizens had purchased \$42,000.00 worth of Liberty Loan bonds up to the close of banking hours yesterday, and the subscriptions were coming in regularly.

The total asked of this community was \$50,000.00 and the limit set for the completion of this amount was June 15. The goal will be reached easily, and as usual Prineville will have done her bit. The total amount subscribed in Bend up to last Saturday was \$15,000.00.

Prineville's apportionment is much heavier per capita than many communities, but the apportionment was based on the banking resources of the various communities, which made the allotment high here.

A meeting is scheduled for this city tomorrow, at which F. A. Freeman of the Lumbermen's Trust Company, H. H. Cloutier of the Multnomah Hotel and C. C. Chapman of the Oregon Voter will speak for the bond issue.

Other points will be visited also by these gentlemen for the same purpose.

TENT HOUSE DESTROYED BY FIRE LAST NIGHT

Personal Effects of Miss Knox Are
Lost In Blaze

A tent house belonging to Miss Mae Knox and located on the lawn at the Manhattan rooming house was destroyed by fire with all its contents about 11 o'clock last night. The origin of the fire is not definitely known but it is thought that an electric iron had been left on earlier in the evening.

The response of the fire department was very prompt, which prevented any damage to nearby buildings.

Miss Knox is bookkeeper for the W. F. King Company.

MANY ATTEND FUNERAL OF LATE A. S. COLLINS

A large number of relatives and friends attended the funeral of A. S. Collins on Sunday afternoon at the Methodist church. From his recent home at Bend came W. H. Staats and family, S. L. Staats and family, R. G. Blackwell and family, L. H. Douthit and family, Ross Farnham, J. N. Hunter, C. W. Thornwaite, R. M. Perrine, G. P. Gove, A. H. Gove, A. Williamson, A. D. Norton, C. B. Allen, L. L. Fox and R. D. Ketchum.

JOURNAL IS CROOK COUNTY'S PAPER

In an effort to find out the real needs of the county and also to get an accurate account of what is being done, The Journal is going to the expense of keeping a man out in the field and report conditions as he finds them. Mr. Schreder, whose items have been appearing in the last two issues of this paper, is at present doing this work for us. Watch for him and when he comes around inform him of the up-to-date things that are being done in your community and of any ways that we may be of assistance to you. It is an effort to keep in personal touch with our people.

\$6,000,000.00 ROAD BOND ISSUE CARRIED

The sale of \$6,000,000.00 worth of bonds for road purposes in Oregon was authorized at the special election held on Monday by a safe margin.

Many of the counties voted heavy for the bonds, the greatest plurality being in Multnomah which gave a majority for the issue of 15,000 votes.

Crook County gave a small majority for the issue as indicated by incomplete returns.

The measure increasing the pay for members of the legislature was defeated, as was the authorization of a new penitentiary.

Interest was very slight in the election, only about 40 per cent of the registered vote being polled.

PRINEVILLE RED CROSS HAS 320 MEMBERSHIP

LOCAL CHAPTER HAS CROOK COUNTY FOR ITS FIELD

\$5,000 FUND IS TO BE RAISED

Work Is Shaping Up Nicely and Our
People Will Do Bit In This
Great National Work

The Prineville Red Cross has been secured and is starting active service with a membership of 320 men and women.

The local chapter has for its field all of Crook County, and will do its part in the great national movement to secure funds for the care of our wounded in the world war.

The allotment of amounts to be raised by the different branches has been made and \$5,000.00 will be expected from the Prineville Chapter, which will be raised without a doubt.

\$600,000.00 is the amount that the state is called upon to raise at this time, \$400,000.00 of which will come from Portland alone.

The Red Cross is a very necessary part of the great war machine, and must be liberally supported.

DR. GERVIN GOES TO EASTERN CHAUTAUQUA

Dr. J. H. Gervin, who came to this city about four months ago to take the pastorate of the First Christian church, will leave for Chicago next Monday where he will begin a series of lectures on an Eastern Chautauqua circuit which will take him through Illinois, Indiana, Ohio and Michigan and will keep him engaged until the latter part of August when he will return to Prineville to take up his pastoral work.

Dr. Gervin is a lecturer of considerable repute in the East and Middle West. Press and other comments on the work done by Dr. Gervin, printed on heralds recently received here, go as strong as to say: "Dr. Gervin's lecture was one hundred per cent plus and the best on the program." He is considered among the first as an inspirational lecturer and orator on the Chautauqua platform and Prineville is fortunate in having such a man as pastor of one of her churches.

FOUR HUNDRED NINE REGISTER FOR SERVICE

ENUMERATION COMPLETED IN CROOK COUNTY PROMPTLY

BUT FEW CLAIM EXEMPTIONS

Almost Half of Number Have Some
Probable Cause—Sixteen Aliens
—Two Not Naturalized

Four hundred and nine men registered in Crook County Tuesday. Less than one-half of that number have "probable cause for exemption", and less than five per cent of the total number claimed exemption, although many of the men had families and other dependents, and most of them are engaged in farming and kindred pursuits.

But sixteen of the total number were aliens, and only two of these were not naturalized. They are both German.

Two men are listed as executive officers, six are totally disabled, 32 indicated "occupational exemption", 199 had dependent relatives and 210 signed cards that showed no exemption.

The total registrations by precincts are: East Prineville 40, West Prineville 28, Johnson Creek 42, Fife 21, Camp Creek 30, Summit 10, Hat Rock 6, Maury 14, Beaver 32, McKay 28, Mill Creek 5, Newsom 24, Powell Butte 24, Breese 6, Roberts 30, Bear Creek 17, White Butte 19, Howard 8, and Montgomery 25.

WAREHOUSE LEASE GRANTED

Union Oil Station At Prineville Is
Now Assured

A lease was granted to the Redmond Lumber and Produce Company last night by the council, for the grounds for the erection of a warehouse 40x200 feet near the depot in this city, and grounds for the construction of large storage tanks for the Union Oil Company to handle the gasoline and oil business of that concern here.

The warehouse will be under construction in a few days, and will be completed in time to handle the crop for this year. It will have storage capacity in a basement for potatoes and other perishable goods. The buildings will cost not less than \$10,000.00, completed.

Mabel and Mildred Slayton and Audrey Noble returned the last of the week from O. A. C. where they were in school the past term.

PRINEVILLE 6—JEFFERSON 1

Game at Metolius featured by Fire
Works in Fourth

The game at Metolius last Sunday was a well earned victory for Prineville. Even without the disastrous fourth inning which netted us four runs, Prineville would have won 2 to 1. In this now famous fourth, Merchant started the fire works with a pretty two-bagger over third, but after some hesitation the umpire called it a foul. Stapleton and McCall protested loudly without avail and that game little player had to come back. This time with two and two on him he clouted safely over second and landed smiling at first. Then followed quickly walks for C. Blair and Paul filling the bases. Steel's hit sent Merchant over the plate and Tetherow's poke to Boring caught Blair at home for the first out. McCall landed on first on an error by Marion and with the bases still full, Clark drove in two runs with a hit over second, and the inning ended by Stapleton's fly to Kalamia and Erickson's strike out, leaving two to die on bases.

After this Boring tightened up and pitched good ball. Prineville made its other two runs in the first on a walk, a steal and a hit, and in the seventh on a hit, a steal, and a error.

Jefferson's only score came in the third on an error, a sacrifice and a hit.

Tetherow deserved a shut out, but the condition of the field and the wind were more to blame than Erickson for the error that allowed the only score.

Prineville is now tied for first place in the Central Oregon League with Shevlin-Hixon. The team is improving and has pep and is dangerous in all stages of the game. It is the attraction of the league and it is understood that inquiries have been made that two of the players are being watched. A sale is not improbable. However better attendance at games is requested by the management. The boys deserve it and it is your team.

Score by innings:

	1	2	3	4	5	6	7	8	9	R
Prineville	1	0	4	0	0	1	0	0	6	
Jefferson	0	0	1	0	0	0	0	0	1	

Hits: Prineville 7; Jefferson 7.
Errors: Prineville 2; Jefferson 4.

MORE PRINEVILLE MEN GO TO JOIN THE COLORS

Will Report For Service In Port-
land July 15

Roy Sumner, Ermil Cantrill, Ivan Jones, Horner Allison and Reuben Mattson enlisted in the army the first of the week, and after passing the examinations were told to report for duty in Portland, July 15.

F. W. Jacobs, civil engineer, enlisted in the engineering corps yesterday evening and will leave soon for the training camp.

EXCAVATOR IS BUSY GRADING RAILROAD

HEAVY GRADES COMPLETED TO CHAS. MONTGOMERY RANCH

FENCE CREWS ARE AT WORK

J. M. Montgomery Residence Being
Moved—Much Grade Will
Soon Be Completed.

The ambitions of the Prineville country for fifty years are being realized, and the roadbed for the Prineville railroad is reaching toward this city each day, across the alfalfa meadows, over the low places in fills, through the higher places in cuts, on graceful curves toward the best town in all Oregon.

Various delays have been caused by vexing conditions, labor shortage, war prices and material scarcities, but a few short weeks will see the entire eighteen miles from the main line of the Oregon Trunk to Prineville ready for the ties and rails, and the ties delivered on the ground.

Near the Chas. Montgomery place an excavator is being used. This machine looks like a mammoth header that has run wild and is now elevating earth in great chunks instead of grain.

Six horses are pushing the machine, just as they do a grain header, and eight are pulling, fourteen in all. The earth is thrown onto a moving belt which deposits it into a dump wagon, from whence it is readily dropped onto the fills as desired.

This machine has a capacity of 800 or 900 yards of earth each work day. After the loads are dropped onto the fills they are pushed into shape by a crowder, operated by two horses.

Most of the heavy fills have been made up to the point where this work is being done, and as soon as the fences are built along the right-of-way, the finishing will be done rapidly with Fresno scrapers and road graders.

The heavy cuts are being made west of O'Neil and the fence crews are busy.

The residence of J. M. Montgomery is being moved by the city, according to the contract made with him for the right-of-way across his place.

STRIKER IS KILLED BY JAMES JOHNSON

A special dispatch to the Oregon Journal from Riverside dated May 31 says:

"D. W. Shoemaker was shot to death this morning by James Johnson, a partner in the shearing business of Johnson & Cole, operating three shearing plants in this vicinity.

"A strike was on at the three plants, and when Johnson attempted to start the shearing machines here, Shoemaker, one of the strikers, it is alleged, knocked him down three times. The third time Johnson rose to his knees and shot Shoemaker to death. Johnson was arrested and is held in the Riverside jail.

"A coroner's inquest was held and the jury rendered a verdict to the effect that Shoemaker came to his death by wounds inflicted by Johnson.

"About 20 men are employed in the Riverside plant, and they demanded an increase from 9 to 10 cents for each fleece."

Prentiss Seeds drove a 1917 Maxwell car from Columbus, Ohio, to Prineville in 20 days, arriving here a few days ago. The trip was made through all kinds of roads and conditions in just 12 days running time.

Chautauqua Brings Strong Staff of Lecturers

LORENE W. WILSON.

WOOD BRIGGS.

W. A. BONE.

W. L. MELLINGER.

AMONG the notables coming to Chautauqua this year are: Mrs. Lorene Wiswell Wilson, noted civic leader of the Federated Women's Clubs of America, in her great lecture,

"The Adventure of Being Human." W. L. Mellinger in an eloquent informative lecture on Mexico, where he was "persona grata" with both Government and Revolutionary leaders;

Wood Briggs, Kentucky's wittiest son since the glorious days of Bob Taylor and W. A. Bone, the famous philosopher and humorist of Illinois.
