LIBERTY BONDS

Your country needs your help. Money is quite as important as men in modern warfare. Your country is asking you to lend it your savings—at once—NOW.

For these savings the Government offers you LIBERTY LOAN BONDS—paying 3½ per cent interest per year—and ABSOLUTELY SAFE. They may be subscribed for at any bank in amounts of \$50, \$100, \$500, \$1000 and upwards, and paid for on the partial payment plan if desired. Go to the nearest bank NOW and make application for as many bonds as you can pay for from your savings.

The need is urgent. You may not be able to go as a soldier but you can assist your country with your money. It is your patriotic duty as an American citizen to respond to your country's call for financial aid in prosecuting the war in which we are now engaged.

Applications for the purchase of

Liberty Bonds must be made before June 15th. Don't delay. You have no time to lose.

THE KAISER'S PRAYER

Mine Gott, vil you be mine pardner? You don't know who I am! I am the German's Kaiser. The Emperor Will-I-Yam.

You know I whipped dem Belgians, Und mit bullets filled Russians full; Und I'll whip France and Italy, Und Blow up Johnny Bull.

Now for all dem other nations—I do not give a damn, If you just be mine pardner Und whip dat Uncle Sam.

You know I got dem submarines—All Europe know dat well; But dot Edison got a patent, Vot blows dem all to Hell.

Now Gott, if you would do this, Den you I will always love; Und I will be Emperor of the Earth, Und you will be Emperor above.

But Gott, if you refuse me this, Tomorrow night at 'leven, I'll call mine Zeppelins all out Und declare war on Heaven.

I wouldn't ask dis of you— But it can be plainly seen, Dot when Edison pushes dot button I got no submarine.

—CONTRIBUTED.

Don't Have Catarrh

One efficient way to remove nasal catarrh is to treat its cause which in most cases is physical weakness. The system needs more oil and easily digested liquid-food, and you should take a spoonful of

The Tractor You Can Afford to Buy

If you are supporting from four to six horses in idleness nine months of the year, giving up 20 to 30 acres of your land to raise horse feed instead of marketable crops, you know what this means.

Moline-Universal Tractor

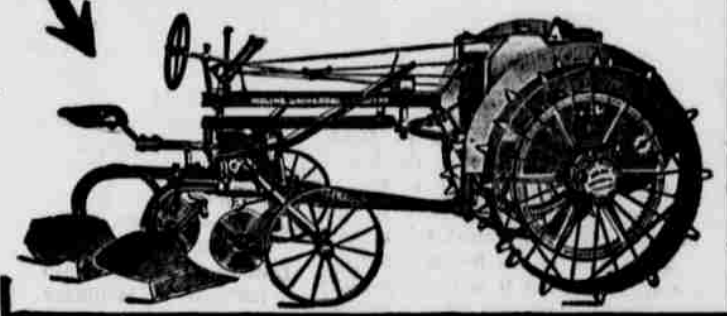

Does all the field work, including the cultivating and harvesting. Belt power up to 12 h. p. It plows deep, at the right time—in half the time.

Has the pulling power of five horses, the working capacity of seven because of greater speed and endurance, and eats only when it works.

Strictly a one-man machine—drives easier than a team from the seat of the implement pulled.

A proven success. Backed by a \$19,000,000 concern with 51 years satisfactory service to the farmers of America.
