Never Fail Baking Powder

If you want to erect a barrier against fallen cakes or heavy biscuits, turn to Crescent Baking Powder. It's a double acting. This means that instead of the usual one gas-liberating ingredient it has two. If the leavening power generated by one isn't sufficient to thoroughly and completely raise a cake or a batch of bread there is a second one. So success must attend its use always. Merely twenty-five cents stands between you and a pound of it.

Makes Clubbing Arrangement With

The Oregon Farmer

Offers Unusual Opportunity to Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruitgrower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.

Even This 30,000 Will Not Be Enough

There will be 30,000 Smith Form-a-Trucks built this year—but even this huge production will not be enough. So if you have waited for further proof of the wonderful economy—efficiency—service value of this tremendous achievement in motor transportation, don't wait another day.

Over 10,000 users—over 450 lines of work—are all the proofs you need, and there is not a single Smith Form-a-Truck owner who will not say that he has cut delivery and hauling costs from 50% to 75%.

This year you not only get this wonderful attachment at the price of a good pair of horses, but you get it adapted to any Ford, Maxwell, Buick, Dodge Bros., Chevrolet or Overland Car. So you can select the power plant you like the best—have the most confidence in.

Smith Form-a-Truck is the mule hauler of the world—the master economizer in hauling and delivery cost—the master saver in equipment investment.

Come in today for a demonstration—but don't put off your order.
