OLDER BUT STRONGER
To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.
To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-purifying properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in it.

GROCERIES

We have the pleasure of announcing that we have a large stock of fresh groceries, a portion of which was bought considerably under the market and which we are selling under the market today. To our satisfaction we have stopped thousands of dollars from going to the Portland mail order houses during the past two years and the only business we have not stopped is the business that was not presented to us for quotations.

We invite the public to price their own orders from any Portland catalog of most recent issue and mail or deliver to us and we will fill the orders with freight charges added.
