ROOT TELLS SLAVS OF ISSUES OF WAR

Petrograd.—Declaring that the United States was going to fight until the world was made safe for democracy, Ellihu Root, head of the American mission, made his first public appearance here. Mr. Root spoke to a large and enthusiastic Russian audience gathered under the auspices of the Russian-American Committee for Industrial and Economic Rapprochement, recently organized.

Mr. Root outlined the causes which induced America to enter the war. "Cheered, encouraged and made enthusiastic by the freedom won by Russia, who was to become our ally and friend, we entered the war," said Mr. Root, "and we are going to fight until the world has been made safe for democracy—yours as well as ours—so no overbearing military caste shall push you or us off the sidewalk."

Porto Rican Regiment Filled.

San Juan, Porto Rico.—Porto Rico has brought its regiment of infantry of the United States army to full war strength—1950 men—by the voluntary enlistment of 600 men within less than one month. A total increase of approximately 1400 men in less than a year was made.

Irrigation Dam Breaks in Utah.

Fairview, Utah.—The dam of the Price River Irrigation company, 12 miles from here, broke. There was no loss of life in the towns of Schofield, Helper, Castle Gate and Colton, which were in the path of the 11,000 acre feet of water that was released in the break.

BUSINESS HOUSES WILL CLOSE

Chautauqua Hours Will Find All Business Houses Not Running

By mutual agreement, the business houses of Prineville will close next week during Chautauqua afternoon sessions so that all may attend the programs.

From about 2:30 or 3 o'clock until 5 o'clock or a few minutes after will be all the time that the programs will occupy, and the stores will be open evenings long enough to care for the business.

ENLIST the services of The Journal job department if you are in need of anything in the printing line.
