A MILLION MEN WILL BE DRAWN VERY SOON

DRAFT TO BE BY NUMBER IN WASHINGTON, D. C.

PRESIDENT SAYS WHO EXEMPT

Will Be Difficult To Evade Draft Unless Case Is Plain—Give Doubts To The Nation

A million men are to be drawn from the list of ten million that were registered on June 5, for service in France, during the next two weeks according to the proclamation of President Wilson made on Monday of this week.

The draft will be made by number and names will not be announced by the war department. The real drawing will be made in Washington, D. C., and the results telegraphed to the newspapers and governors of the different states and the announcements will be printed by numbers.

For that reason we are printing again the list of names of the men in Crook County who are registered, also their numbers, as assigned to them by the draft board.

This board is composed of Sheriff Knox, County Clerk Brown and County Physician Rosenberg.

The decision of this board is subject to appeal and every precaution is taken to prevent any discrimination.

In case of doubt, the instructions to the board are to give the doubt of the decisions should there be any, to the government.

Upon proof of their status, the following classes are exempt:

Men indispensable to industries that are necessary to the maintenance of the military establishment or the national interest.

Men with wives, children, parents, brothers or sisters dependent solely upon them for support.

Members of well recognized religious sects whose creeds forbid bearing arms, students of divinity and ordained ministers.

Legislative, judicial and executive officers of the United States or the states of the Union.

Men in the army or navy of the United States.

Aliens who have not taken first citizenship papers and subjects of Germany.

Workmen in the armories, arsenals and navy yards of the United States and men engaged in the transmission of United States mails.

Pilots and mariners in the merchant marine of the United States. Criminals convicted of felonies and the morally deficient.

The most vital power—that of deciding which men are indispensable and the necessary industries, is placed in the hands of the district boards.

One or more boards is created for each federal district in the country.

The entire burden of the proof for exemption is put upon the claimant.

Appeal from the rulings of the tribunals is provided for in the regulations.

POWELL BUTTE MEN MAKE BIG LAND SALES

Sales of Powell Butte irrigated lands, that will aggregate \$100,000 have been made and are pending we are reliably informed.

The purchasers are Lake and Klamath county sheepmen who realize the value of this locality for the production of hay.

A. H. Rhode, A. O. Butterfield and J. E. Warner are the men who have already sold their lands there.

No business men's luncheon tomorrow, because of Chautauqua.

Miss Jane Allen is in the city from Portland visiting her many friends here.

MANY PEOPLE ATTEND CELEBRATION HERE

Yesterday's celebration was attended in this city by many people from the surrounding country, a number being present from Jefferson and Deschutes county points as well as Crook County.

A well arranged parade took place in the forenoon, in which boy scouts and Red Cross nurses in miniature were leading features, and a large and well organized band furnished first class patriotic music.

A patriotic meeting was held at the Chautauqua tent at 11 o'clock and the regular program took place in the afternoon. The tent was crowded to capacity for both meetings.

The lecture in the afternoon was delivered by W. A. Bone who is the ablest man who has addressed the audiences here this year to date.

Gov. Carlson, of Colorado, delivered a masterful address last evening to a large audience. He has much of the spirit of fight in him for the things that are right, and drew well deserved applause frequently.

Mr. and Mrs. Homer Norton, of Post, were in the city yesterday.

W. H. Wiltz, of Roberts, is attending the Chautauqua this week.

Miss Adelda Gibson, of The Dalles, is visiting friends here.

HALF MILLION DOLLAR BOND SALE AUTHORIZED

OCHOCO DIST. BOARD TAKES IMPORTANT STEP TODAY

WILL MEAN EARLY ACTIVITY

Sufficient Moisture This Year Would Pay At Least 25 Per Cent Of Entire Cost Of Project

The sale of \$500,000.00 worth of bonds for the Ochoco Irrigation district will be made on August 6, at the offices of the board of directors in this city.

This action was decided upon by the board at their meeting just before noon today.

A successful sale of these bonds will mean almost immediate work on the construction of the project that will provide water for the 35,000 acres of land embraced in the project, which are now suffering for the want of irrigation.

It is estimated by different men on the land that water for irrigating these lands this year would be worth more than 25 per cent of the entire cost of the project.

The bonds will be issued in denominations of \$1000.00 each, will commence to mature in eleven years from date of issuance and will all mature at the end of 22 years.

This bond sale is a result of the contract entered into between the board of directors and Clark, Kendall & Company, as was reported in a recent issue of The Journal.

Should there be no difficulties encountered in the sale of these bonds, we are told that it will be possible to have at least flood waters for the district lands next year, and the following season will find the reservoir completed and filled with water.

MEN WHO DID NOT REGISTER SENTENCED

Monday morning, three men who had been arrested for failure to register and were sent to Portland by Sheriff Knox were sentenced in the federal court to 60 days' imprisonment each.

Harry Hyde, one of the number, enlisted in the army and was released from the prison sentence while the other two, Perry Morgan, and Guy Jenkins will serve their sentences.

CHAUTAUQUA OPENED JUST AS ADVERTISED

LIMIT OF TICKET SALE REACHED SATURDAY AFTERNOON

CAMPAIGN HALTED AT \$1168

Attendance at Opening Program Was Very Good—Quality of Numbers Is High

The Prineville Chautauqua opened just as advertised, promptly at 2:30 on Tuesday afternoon, regardless of the fact that the tent did not arrive until Tuesday morning.

The ticket sale, as was predicted in The Journal last week, passed the contract amount of \$1125 on Saturday, and the alert ticket committee at once called in all the unsold tickets and stopped the campaign.

Since that day the price of season tickets has been fixed at \$3.00 and a number have been sold at the higher figure.

The sales were divided as follows: Adult tickets at \$2.50, 378; student tickets at \$1.50, 66; children's tickets at \$1.00, 124.

The attendance at the opening program was excellent and although the tent is larger than last year, the seats were almost all taken.

The quality of the numbers for this program was high, as has been all those following to this date.

It may be of interest to our readers to know that the committee which signed the contract at Bend was short of their required amount of sales at the opening day which was Monday, and each of the thirty one guarantors was held for a share of the deficit amounting to \$13.00 according to the Bulletin of that date.

The program for the remainder of the Chautauqua is as follows:

ALL PRINEVILLE MEN ARE GOOD SOLDIERS

SEVERAL AT FT. COLUMBIA, SOME AT OTHER POSTS

HAVE SEEN NO PAY DAY YET

Are Drilling Hard and All Want To Go To France—Have Been Promoted

All the men from Prineville who have joined the coast and field artillery divisions are making good, and are in the best of health and experience, according to the statements of C. C. Hyde and Carey Stearns who are in Prineville on furloughs.

A number of the men who were at Ft. Stevens have been transferred to Ft. Columbia, and are greatly pleased with their new posts, where they have first class sleeping quarters, and an amusement hall where they may bowl, play pool, read and take shower baths at their pleasure.

The drills are quite severe and the boys are all hard as nails, in the best of physical and mental condition as a result of the exercise and care they receive. They receive up to 8 hours a day in drilling and various army tactics, and keep regular hours.

The Prineville men have had but \$2.50 each since they enlisted during the last week in April, and there is no assurance as to when the pay will come, for there are 35 of the men including the Prineville bunch, who have been delayed in this regard because of a mistake on the records. It will be fixed soon however, and they hope to get on the regular pay roll at an early date.

C. C. Hyde is company mechanic at Ft. Columbia, Charlton is headquarters clerk, Brosius is waiting for an opening in the electrical work that is coming soon, Battler is sergeant and also in charge of the company store, Morris is corporal, as is Stearns, Bixby is doing clerical work in the quartermaster's department and Duncan is post barber. Ewing has been transferred to the field artillery and is now in Texas, while the remaining Prineville men are at other posts.

There is no dissatisfaction among the men from Prineville, and every man of them tried on a recent occasion to get transfers that would take them to France at an early date.

On a recent occasion, a call to arms came at 3 a.m. and in just three minutes the guns were manned and all was ready for action, but all were disappointed when told that there was nothing more to be done in the way of a battle at that time.

Hyde and Stearns will return to Ft. Columbia Friday.

FAST BALL GAME IS INSURED FOR SUNDAY

What promises to be the best ball game yet played on the local diamond this year will be called Sunday afternoon at 12:30 when the local slab artists will meet the next best team in the league, the Shelvin-Hixon team of Bend.

This team has been defeating the regular Bend team, and the Jefferson County team for some time, and the honors are about even with the Prineville team, but with good support by a loyal aggregation of Prineville fans will go down to defeat here.

The honors are about even for first place in the league standing and this game may be the deciding factor in the race for the pennant.

Last Sunday Prineville defeated Bend at Bend 6-4 and Shelvin-Hixon defeated Jefferson County at Madras 11-3.

Do not forget that the game will be called at 12:30

The Military "Six" at Chautauqua

THE Military Girls, fascinating feminine contingent of six rollicking bundles of pretty, peppy, popping surprises, are coming to Chautauqua. The girls hit the Ellison-White Assemblies twice on the third

day, leaving a wide trail of happy smiles and singing hearts. The Military Girls are a first class orchestra of six pieces, a sextet of sweet singers, a prize drum corps and a master military drill and novelty entertainment com-

pany—all rolled into a six part package of brimming effervescence. On one of the largest of the Eastern Chautauquas last summer the Military Girls were voted first place over all attractions.
