**A Remarkable
Invention**

It is no longer necessary for the motorist to get stuck. This little device, if carried in his tool-box, multiplies his power by 73, and makes him independent of road conditions. If his auto sticks in the mud, skids into a ditch or overturns, he can right it in 10 minutes by simply driving the three stakes in the ground, attaching

Pull-U-Out

to them and to the auto and giving the ratchet crank a few easy turns. The stakes will hold, even in very soft ground—and out comes the auto. No trouble, no expense, not even soiled clothes! This wonderful little device lifts a ton, of dead weight, or pulls 50 tons on wheels; yet its shipping weight is only 23 lbs., and it fits easily into a space 4x6x14 inches.

OUR SECOND CHAUTAUQUA

We have been told by the Ellison-White people that their experience has been that the second year is the difficult one for their Chautauquas and that failure is not unknown in the second year towns.

While the people of Prineville and vicinity have been busy raising their Liberty Loan and Red Cross allotments and very little effort was exerted in the ticket sale campaign this year beyond the work of an exceptionally good ticket sale committee, more than the required amount of tickets was sold before the end of last week.

Prineville and its surrounding country goes about its Chautauqua as about any other part of the community work, as a matter of course, and the result is the same in all the matters, success.

ME UND GOTT!

When a hoary headed prophet, more than sixteen hundred years ago, wrote on tablets of stone that about the year 2000 there would be a ruler in Europe who would claim allegiance with the divine, and take up arms against all the Christian nations of the earth at one time, and by them would ultimately be conquered and his nation divided into twenty-two parts, there can be no doubt but the prophet was inspired and wrote a great truth.

The fact that there are twenty-two states in the empire of Germany and that he claims an alliance with the divine is interesting in this connection at least, and that the war will be won by the allied nations is just as positive.

We can also see that as prophets go, this old gentleman was a wonder, and as he has been correct in what has taken place, we will give him the advantage of the doubt, and await the fulfillment of the remaining parts of his forecast.

STARS AND STRIPES IN FRANCE

There has always been a feeling of comradeship between the United States and France, and true Americans have a just feeling of pride when we read in the dispatches what the newspapers have known was about to occur, that the stars and stripes are now floating over a sizable and growing army of our own men in France, working with and fighting for the same liberty as are those who honor the tri-color and the union jack of Great Britain.

The cause of liberty and freedom of the weak as well as the strong whether they be individuals or nations has been the only real excuse for war since the beginning of time, and these nations are fighting for that which they know is right, under the three flags, and assisted by a number of other allies whom they honor and respect.

There can be no doubt that the allies will win, and when victory does come, the stars and stripes will be flying among the flags of the victors.

WHY NOT?

There are four big days left of the Chautauqua, and each number is a good one.

You owe it to yourself to attend every program, and after all, why not?

The coming session of the Willamette valley chautauqua, which opens July 10 at Gladstone park, will mark the passing of one of Oregon's famous landmarks. The old auditorium, erected 24 years ago, is to be abandoned, and the big programmes are to be held in a new \$6000 edifice.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excitable, if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions. It possesses in concentrated form the elements to invigorate the blood, strengthen the tissues, nourish the nervous build strength.

Scott's is strengthening thousands—and will help you. Nonalcoholic. Scott & Bowne, Bloomfield, N. J.

the Pacific Coast is certain. The "Johnson smile" alone starts the diaphragm to shaking and the risibles to bubbling. Into the wrinkle of every laugh Johnson lays a thought. The famous humorist is said upon authority to possess the richest store of point illuminating anecdotes in Chautauqua or Lyceum.
