#### No Wastes With Crescent Baking Powder

It's hard—very hard—to avoid an occasional failure with single acting baking powder. And failures are wastes. Crescent Baking Powder is double acting. So it assures successful baking always. Wastes are eliminated. Initial cost of the powder, because of modern methods of manufacture, is low—25c for a full pound.

#### HAVE YOU WEAK LUNGS?

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles?

Such troubles should have immediate treatment with the strengthening powers of Scott's Emulsion to guard against consumption which so easily follows.

Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat.

Scott's is prescribed by the best specialists. You can get it at any drug store.

**A Remarkable Invention**

It is no longer necessary for the motorist to get stuck. This little device, if carried in his tool-box, multiplies his power by 73, and makes him independent of road conditions. If his auto sticks in the mud, skids into a ditch or overturns, he can right it in 10 minutes by simply driving the three stakes in the ground, attaching

**Pull-U-Out**

to them and to the auto and giving the ratchet crank a few easy turns. The stakes will hold, even in very soft ground—and out comes the auto. No trouble, no expense, not even soiled clothes! This wonderful little device lifts a ton, of dead weight, or pulls 50 tons on wheels; yet its shipping weight is only 28 lbs., and it fits easily into a space 4x6x14 inches.

**Smith Form-a-Truck**

**\$350**

**One Smith Form-a-Truck will replace 4 Horses. 4 Horses Cost You \$541 a year to keep. Smith Form-a-Truck costs \$140 a year**

**EVERYWHERE** farmers are replacing slow, costly horses with Smith Form-a-Trucks. You are adopting modern machinery on your farm. Why not adopt modern hauling methods?

**Does Work of 4 Horses**

One Smith Form-a-Truck does twice the work of 4 horses. And at half the cost. Yet Smith Form-a-Truck costs not one penny more than a good team and harness—only \$350

Smith Form-a-Truck on the farm will do any work horses can do—will go any place horses can go.

**Save This**

Government figures say it cost \$441 a year to feed and stable four horses. Veterinary—medicines—extra men—bedding—all cost extra. Smith Form-a-Truck costs you only \$140 a year.

Government figures also show four horses eat the crop of 20 acres. Get a Smith Form-a-Truck and save 20 acres.

**Sell 4 of Your Horses**

Use the horses for plowing, seeding and harvesting. Don't delay farm work by using horses for hauling. Your Smith Form-a-Truck will carry your manure—hay—fertilizer and everything else.

**Costs Nothing While Idle**

Horses devour profits in feed whether they work or not.

**8c per Ton Mile**

6000 to 8,000 miles per set of tires—12 to 18 miles per gallon of gasoline—12 to 15 miles per hour under full load—repair expense practically nothing.

**Now Made for 6 Cars**

Smith Form-a-Truck attachment combined with a Ford, Maxwell, Buick, Dodge Brothers, Chevrolet or Overland chassis makes a powerful, economical, fully guaranteed one-ton truck.

**8-in-1 Convertible Farm Body**

Pull lever and get any one of eight combinations of farm bodies—stock rack body—hay rack—basket rack—hog rack—grain—flat rack—high flare board—flat rack, scoop board down. Change from one type to another in an instant. And without a single tool.

Come in—let us show you more reasons why you should have Smith Form-a-Truck on your farm.
