STOCKMEN ORGANIZED

The value of organization has been very forcibly demonstrated to the members of the state stockmen's association.

The prosecution of stock rustlers by individual men seemed impossible in two or three instances, during the past year, and in every case, when the association stepped into the game, the power of local organized bands who were making a business of changing brands and like work, was broken, and the offenders have been punished.

The brand laws have been amended also, in a manner that permits far greater protection than ever before.

It seems that an industry that means so much to the state would have a power that will be felt in every case where organized effort is desired.

The growth of the organization from 47 members to over 700, with others being added every day, shows the strength of the movement, and means that price fixing by buyers will not always prevail as it has in the past.

We believe that the business of this organization is in the hands of officials whose ability cannot be questioned, and no doubt the future of the industry in this state will be greatly benefitted by the organization.

THE FAIR

We should all strive to make the most of every opportunity that is offered us, individually or as a community.

The Oregon Inter-State Fair is the biggest opportunity we have had for showing the people of the state and other states our hospitality.

Its growth has been possible by a spirit of cooperation that has meant much hard work and a single purpose for years.

Just now, however, it is well to consider the other phase of the function.

With the fair comes its good and its bad influences.

The stock show, the association together of the good people of the country, and a moderate amount of amusement features is as it should be and can but have a wholesome effect on the people attending the fair each year.

There is a following of people who attend these fairs that add nothing to the good influences, and take from the wealth, and moral resources of the community.

While there is no way of regulating the attendance at the fair, the management should look into this feature of the matter, and see that no unusual encouragement be given this element.

CONFEREES AGREE ON WAR TAX BILL

Measure as Returned From Conference is Designed to Raise \$2,700,000,000.

Washington. — Final agreement on the \$2,700,000,000 war tax bill was reached late Saturday by the senate and house conferees and the report presented to the house Monday.

As reported, the bill is an increase of \$300,000,000 over the senate's measure, and \$900,000,000 over the house bill. Adoption is assured.

These increases were obtained through restoration of the 3-cent letter postage provisions, increase in second-class postage rates, higher rates on tobacco and restoration of taxes on jewelry and inheritances.

The conference report provides that the graduate tax of from 20 to 60 per cent on excess profits of corporations, partnerships and individuals shall be levied on a basis of invested capital compared with invested capital of the three pre-war years of 1911, 1912 and 1913.

The income tax section virtually was agreed, except for rearrangement of surtaxes on incomes between \$15,000 and \$40,000. The graduated surtaxes of from 1 to 50 per cent on incomes from \$5000 to those of \$1,000,000 and over were approved.

The senate increase of from 2 to 4 per cent of the income tax on corporations, joint stock companies and insurance companies was approved, together with the new normal individual tax of 2 per cent on incomes of unmarried persons in excess of \$1000 and of married persons of more than \$2000.

SENATE IS ASKED TO EXPEL LA FOLLETTE

Washington. — A communication from the governor of Minnesota and the state public safety commission requesting the expulsion from the senate of Senator La Follette, of Wisconsin, was presented in the senate by Senator Kellogg, of Minnesota, and referred by Vice-President Marshall to the senate privileges and elections committee.

Four other communications, one from the Washburn Loyalty League of Washburn, Wis., and three from individuals, demanding the impeachment of Senator La Follette were received by Vice-President Marshall and presented to the senate in the usual routine way.

Characterizing La Follette's speech in St. Paul on September 20 before the Nonpartisan League as "disloyal and seditious," the resolution declares the utterances already have served to create treasonable sentiment in Minnesota and petitions the senate to begin proceedings to expel La Follette as "a teacher of disloyalty and sedition, giving aid and comfort to our enemies and hindering the government in the conduct of the war."

SECOND LOAN IS OFFERED

Liberty Bond Subscriptions Are Expected From 10,000,000 Individuals.

Washington. — The second Liberty Loan campaign opened Monday. For four weeks the entire nation will be a recruiting ground for money with which to carry on the war.

To obtain \$2,000,000,000 in subscriptions, the minimum set by treasury officials for the issue, a gigantic machine of many parts was set in motion with the opening of the campaign. Fifty per cent greater than the first Liberty Loan, the present offering is the largest the American people ever have been called upon to absorb.

Five billion dollars and 10,000,000 subscribers—that is the goal which officials hope to reach during the next four weeks. The services of virtually every industry of the nation have been enlisted. Hundreds of thousands of individuals, firms and corporations will unite in giving all or a part of their time in carrying the work forward.

Liberty Bond Interest Tax Free.

Washington. — Secretary McAdoo, explaining the provision of the bond bill governing exemption of liberty loan bonds of the second issue from surtax, announced that regardless of the amount of bonds purchased by a single individual or corporation, interest on the first \$5000 worth would be exempted from all taxation.
