HAVE YOU WEAK LUNGS?

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to chronic troubles?

Such troubles should have immediate treatment with the strengthening powers of Scott's Emulsion to guard against consumption which so easily follows.

Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat.

Scott's is prescribed by the best specialists. You can get it at any drug store.

OIL BURNER GOOD

The representatives of the Hades Oil Burner Company, of Tillamook, who are here this week with a demonstration of their apparatus, are advancing some conclusive arguments in favor of their burner over the use of wood or coal. Due to enormous production, there is no danger of a shortage of coal oil, and with the completion of the railroad and the erection of storage tanks here, it will be a matter of extra economy to use kerosene for household purposes.

The "Hades" is a simple, safe contrivance for use in cook and heating stoves, and replaces wood and coal, at less expense of operation.

The public is invited in to see actual cooking and baking done during this demonstration. The company is also looking for a good, live agent to handle the business for them in this territory. 4711p

To The Citizens of Prineville
